Complete Carpet Restoration Kit!

Carpet:

Entirely original in appearance, color and fit, our premium "Raylon" blend is superior to standard rayon and nylon and features a two-year, no-fade guarantee. Our heat-pressed molded carpet offers a pop-in fit every time and, unlike other manufacturers that sell one carpet set for manual/auto, at OPGI we stock floor-specific 4-speed and automatic versions making your install hassle-free! Why buy "cut-to-fit" like the others on the market when ours are guaranteed and have been sold to thousands of satisfied GM A-Body owners over the years. These premium carpet sets will save you valuable installation time and money. All original colors are available and most always in stock. Browse our website or simply order by phone and we will be happy to assist you.

Under Carpet Sound Proofing:

Our authentic "heavy-duty" tarp-like weather-proofing sound deadener is a must when installing your carpet set. OPGI makes it easy with these custom pre die-cut sections, identical to the GM factory deadener when originally produced. Protecting your new carpet kit has never been easier!

Aluminum "Body by Fisher" Sill Plates:

These are the highest quality on the market! Each center badge is "riveted" onto the sill plate like the factory originals. Our flawless reproductions are exactly as GM produced them in the '60s and '70s.

This money-saving kit includes:

- (1) Premium 80/20 Raylon molded carpet
- (1) Under carpet sound-proof set

- (2) Ribbed sill/step plates with "Body by Fisher" emblem
- (8) Sill plate screws (1964-72 only)

Mirrors, 1964-72 Outside

Now on sale! Each OPG mirror is precisely manufactured the right way in case-hardened steel zinc with premium triple-chromed and polished plating. These are the most superior reproduction in the market. Each features a beefed-up ball joint to diminish mirror "droop" commonly found in cheaper competitor versions elsewhere. Our mirror bases are also more authentic than most others on the market. Details such as the correct-tooled base beads and mirror ball joint bullets set these far apart from the competition. Why pay more and get less? These are the best!

You've heard about clay bars—professional detailers, body men and your car buddies all talk about how they work. Now use the clay bar everybody wants. Created to remove the particulate debris and contaminants that washing and polishing can't, Mothers exclusive "Clay Bar System" will remove embedded grains of metal, tree sap, airborne environmental deposits and paint overspray. Better yet, our clay bar isn't hazardous to your paint—it's just firm enough to pick up the bad stuff, without being too aggressive. Use Mothers Clay Bar to get rid of paint fouling grime and pave the way for complete waxing.

G. Mothers Leather Cleaner

The ultimate leather cleaner. High-traffic leather interiors, convertibles with leather and essentially every other leather should be bathed regularly — it's a natural skin and needs care. Chemists created Mothers Leather Cleaner, a pH-balanced formula that safely lifts impregnated dirt, grime and stains from your precious leather interior. Meanwhile, when you use the "Leather Cleaner" you're preparing that material for Mothers "Leather Conditioner", which will ensure a long, supple life.

CH23856 8-oz..... 9.95

H. Mothers Leather Conditioner

Leather conditioner will preserve your smooth leather. You've cleaned it, rubbed out coffee stains, food spills and the dirt on the side bolsters. You don't want to leave that freshly cleaned skin open to new indiscretion. Seal it with Mothers "Leather Conditioner". Leather Conditioner is formulated with lanolin and neat's foot oil to preserve the natural oils lost with age. It leaves a protective barrier that helps seal out the detrimental effects of the sun, time and daily abuse.

This is a true polish—you can buff out hairline scratches, smudges, flaws and little nicks, as well as clean away yellowing and stains from your plastic convertible window. Mothers Plastic Polish doesn't stop there—it protects your plastics from the sun, smog, water stains and airborne contaminants with a tough layer of polymers. For those tough jobs, try it with our "PowerBall" or "PowerBall" Mini.

CH23862 8-oz..... 8.95

J. Back To Black

As your ride's exterior ages, rubber, plastic and vinyl exterior hardware of all colors will dry, crack, flake and deteriorate. This oxidation can be stopped and reversed with Mothers "Back-to-Black", our favorite auto-care concoction. This trim treatment is great for all sorts of exterior hardware in all colors—bumpers, molding, louvers, window trim, vents, seals, skirts, door handles, wiper arms—anything that's plastic, rubber or vinyl. Radiator Fan Shrouds

These shrouds are manufactured by OPG and surpass not only the originals in quality and fit, but also competitor shrouds that are advertised as "identical to factory". Why? Because our shrouds feature heavier duty rib-reinforcements and the shroud walls are slightly beveled up to provide increased sturdiness and longevity. Visually, they are near identical to the originals and are guaranteed to bolt right up to your existing radiator support with ease. We have sold thousands to satisfied vehicle owners over the years. Now at a specially discounted price for this catalog only! Guaranteed best or your money back!
