

Welcome To Original Parts Group

We've Expanded (Again) Into A New 2-Acre Facility To Better Serve You!

Largest Inventory Anywhere

The first home of the Original Parts Group was located in Anaheim, California and was approximately 1200 square feet. That was over 19 years ago and since then we have moved six times, always going to larger and larger facilities to expand our product line and improve our customer service. Our newest facility is located on over 2 acres (90,000 square feet), making it the largest operation in the United States devoted exclusively to GM A-body parts and accessories. There is over 50,000 square feet under roof, with a further 4,000 square feet under construction. We are located on Bolsa Ave., a main thoroughfare in Huntington Beach, California, directly across the street from the southern California headquarters facility of the Boeing Corporation. With the operational capabilities we have in this enormous new building, we are able to pull, pack, and fill orders for shipping with unparalleled accuracy and speed. We would like to thank you, our loyal customers, for this explosive growth and support through the years. Be assured that we will continue to uphold Original Parts Group's company mission: To offer the finest reproduction and aftermarket parts and accessories for GM A-bodies at the very best prices anywhere. So, we would like to say.... *Thank you very much for shopping at Original Parts Group.*
