ORIGINAL PARTS GROUP
INCORPORATED

Welcome To Original Parts Group

We've Expanded (Again) Into A New 2-Acre Facility To Better Serve You!

Largest Inventory Anywhere

The first home of the Original Parts Group was located in Anaheim, California and was approximately 1200 square feet. That was over 19 years ago and since then we have moved six times, always going to larger and larger facilities to expand our product line and improve our customer service. Our newest facility is located on over 2 acres (90,000 square feet), making it the largest operation in the United States devoted exclusively to GM A-body parts and accessories. There is over 50,000 square feet under roof, with a further 4,000 square feet under construction. We are located on Bolsa Ave., a main thoroughfare in Huntington Beach, California, directly across the street from the southern California headquarters facility of the Boeing Corporation. With the operational capabilities we have in this enormous new building, we are able to pull, pack, and fill orders for shipping with unparalleled accuracy and speed. We would like to thank you, our loyal customers, for this explosive growth and support through the years. Be assured that we will continue to uphold Original Parts Group's company mission: To offer the finest reproduction and aftermarket parts and accessories for GM A-bodies at the very best prices anywhere. So, we would like to say…. ***Thank you very much for shopping at Original Parts Group.***

VOLUME DISCOUNTS! SAVE $$$

ARE YOU PLANNING A MAJOR RESTORATION?

We have the largest selection and the best prices... Why not go one step further and save an additional 5 or 10% on selected items? You can get it all here and take advantage of the best service and selection available anywhere!

▶ If your order is over $1000.00 and you pre-pay with a MONEY ORDER or CASHIER'S CHECK, you will receive a 10% DISCOUNT PLUS FREE FREIGHT. Order must exceed $1000.00 after discount is applied.

▶ If your order is over $1000.00 and you pre-pay with a CREDIT CARD you will receive a 5% DISCOUNT PLUS FREE FREIGHT. Order must exceed $1000.00 after discount is applied.

▶ If your order is over $500.00 and you pre-pay with a MONEY ORDER or CASHIER'S Check, you will receive a 5% DISCOUNT. Order must exceed $500.00 after discount is applied.

IMPORTANT DISCOUNT QUALIFICATIONS:
To qualify for discount you must absolutely order all parts at one time (no exceptions). Sorry, personal checks do not qualify for discount (certified funds only). C.O.D. orders are not eligible for discounts either.
Special Note:
Volume Discount pricing cannot be used in conjunction with any other special promotions, sales, or discounts! TRUCK FREIGHT AND OVERSIZED FedEx GROUND ITEMS NOT FREIGHT FREE.

General Information

Credit Cards

You may place your order using VISA, MASTERCARD, AMERICAN EXPRESS, or DISCOVER. When placing your credit card order, be sure to include your name as it appears on the card, the entire card number, the date of expiration, and the security code located on the back of VISA, MasterCard, Discover and the front of American Express. IMPORTANT: We must be able to verify the shipping address as the credit card holder's. Minimum credit card purchase is $20.00.

Money Orders & Cashier's Check

Money orders, cashier's check and certified checks are accepted. On pre-paid mail orders, this is the fastest method of insuring that your order is processed as quickly as possible, usually within 24 hours.

Personal Checks

To use a personal check or business check on pre-paid orders, the name, address, and check number must be pre-printed on the check. Only first party checks will be accepted. All orders paid by personal check are held 20 business days pending check clearance. If you are mailing your order and need the parts in a hurry, we recommend sending a money order, cashier's check, or paying by any of the major credit cards that we accept.

Prices

The prices in this catalog were in effect at the time of printing, and supersede all prices in any previous OPG publication. OPG reserves the right to change prices without notice. Availability of all parts and accessories in this catalog subject to change without notice. OPG reserves the right to discontinue products, services, and accessories without notice.

Back Orders

Many items in our giant inventory move quickly, and rarely are we out of stock on any items for any length of time. Over 90% of all items that are out of stock at the time you place your original order are in within 5 days. We maintain a sophisticated back order tracking system in our computer that automatically ships any items due to you when they become available. Normally, back orders take as little as 5 days to receive, but can take as much as 30 days. For an estimated time of arrival, call our customer service department at 1-800-243-8355.

Sales Tax Information

Orders outside California are exempt from California State Sales Tax at the time of this printing. California residents are required to add sales tax. Due to the periodic unforeseen changes in the California Sales Tax and Federal Interstate Tax System, rates are subject to change. The current California State Sales Tax at the time of this printing is 7-3/4 %.

*See our Ordering and Shipping Information page in the back of this catalog for shipping information, merchandise return policy, and important additional Original Parts Group policies.

Your #1 Source!

Icon References

Reproductions Manufactured in-house by Original Parts Group. Your satisfaction 100% Guaranteed!

We have added hundreds of new products for 2003. From interior products to quality steel reproductions and everything in between! Throughout the catalog there is something new for everyone!

There are hundreds of products throughout this catalog that are either special purchases from the manufacturer, overstocked in our warehouse, or loss leaders. Whatever the reason, our sale merchandise is still the best you can get at rock bottom pricing!

Our made in the USA icon speaks for itself... American-manufactured products, of course!

1970 Monte Carlo Cloth Seat Upholstery

NEW!

$679.95

MADE IN THE USA

For the 1970 Monte Carlos with cloth bucket seats, we have a beautiful reproduction upholstery set that features the correct prima cloth with pre-sewn Madrid grain vinyls with the channeled sponge underpad. These features give this upholstery set an exact factory look with the correct seams and patterns, so you can't tell the difference from the originals.

If you have a 1970 Monte Carlo with a cloth bench seat, we have the factory duplicate bench seat upholstery. There were two styles available, plain prima cloth and riano pattern cloth inserts with the channeled foam underpad, both having Madrid grain vinyl panels. These are very authentic upholstery sets that can't be distinguished from the originals. Both bench and bucket seat upholstery kits include new vinyl-covered seat buttons for front and rear. These kits are ready to install when you get them, so don't forget to get your OPGI hog rings and plier set for an easy installation.

Gold Front Bench

Colors available:
Buckets- Black only
Bench- Black, dk. blue, dk. green, gold, md. blue, and sandalwood.

1971-72 Monte Carlo Cloth Seat Upholstery

$679.95 NEW! MADE IN THE USA

For the 1971 and 1972 Monte Carlos with cloth bucket seats, we have a beautiful reproduction upholstery set that features the correct Rapallo cloth inserts with pre-sewn Madrid grain vinyls with the channeled sponge underpad. These features give this upholstery set an exact factory look with the correct seams and patterns, so you can't tell the difference from the originals.

If you have a 1971 or 1972 Monte Carlo with a cloth bench seat, we have the factory duplicate bench seat upholstery. They come with Rapallo cloth inserts with Madrid grain vinyl panels and a channeled foam underpad. These upholstery kits give the fit and finish of a "showroom fresh" interior look.

These are very authentic upholstery sets that can't be distinguished from the originals. Both bench and bucket seat upholstery kits include new vinyl-covered seat buttons for front and rear. These kits are ready to install when you get them, so don't forget your OPGI hog rings and plier set for an easy installation.

Colors available: Black, dk. blue, jade green, and sandalwood.

Custom Molded Bucket & Bench Seat Foam

A first rate reproduction

A necessary replacement for torn, worn-out original foam. Exact contours are incorporated into these finely crafted seat foam kits.

Authentically OPGI Reproduced

STARTING AT **$59.95**

MADE IN THE USA

We now offer both bench seat foam and bucket seat foam. If your existing seats have lost some of their original shape, new seat upholstery will not make up for old, shoddy foam. Recapture the factory fresh look and feel with this accurate reproduction seat foam set.

SF00020	70-72	One bucket	each	**59.95**
SF0021	70-72	Two buckets	pair	**99.95**
SF00023	70-72	Complete bench w/spring	each	**199.95**
SF00130	70-72	Complete bench w/o spring	each	**199.95**
CH24643	70-72	Rear seat (top & bottom) Hardtop	pair	**199.95**

NOTE: Some 1970-72 cars had solid foam while others had springs on the back. Please check your seats before ordering. NOTE 2: Kits not available for further discount.

Glide Engineering 1970-72 Universal Seat Frames & Upholstery

Comfort with strength and beauty

Available with vinyl or leather coverings.

STARTING AT **$49.95**

Glide Engineering manufactures these all-steel, powdercoated seat frames with "no-sag" springs, a 7" folding armrest for comfort, and they come ready to upholster. The seatback reclines into one of 18 positions and they tilt forward. The frames come complete with sliders and brackets to bolt to the factory floorpan holes. Other configurations available include upholstery kits that come with a 32-ounce pre-padded vinyl covering, or a kit having Italian leather-covered seating surfaces with vinyl sides. Both upholstery kits are available in black only. Also available is a contoured foam upper and lower seat cushion kit manufactured exclusively for this seat frame, giving you that bucket seat feel on a bench seat. Don't forget the optional covered headrests too.

CH25698	Frame	each	**459.95**
CH25699	Contoured foam	each	**135.95**
CH25701	Headrest	pair	**49.95**
CH25702	Vinyl upholstery (black)	set	**295.95**
CH25703	Leather upholstery (black)	set	**578.95**

NOTE: These seats are DOUBLE OVERSIZED and require an additional freight charge of $25.90.
NOTE 2: All foam is OVERSIZED and requires an additional freight charge of $14.95.

Procar "Lowback" Custom Bucket Seats

A custom alternative to factory bucket seats.

These are quality crafted lowback bucket seats made from the finest heavy-grade automotive vinyl materials on welded steel frames. The Procar seats have more upper side bolster than the factory buckets to keep you in place when doing hard cornering and they feature a racheting recliner so you can adjust the seat to the most comfortable driving position for you. Procar bucket seat mounting brackets are required for installation and are available for vehicles originally equipped with either factory bucket or bench seats.

PROCAR by Seat

STARTING AT **$399.95**

CH22474 Shown

PROCAR seats are a great alternative to hunting down original seats for your project vehicle. Mounting brackets required for seat installation. Available in black, gray, and white vinyl. Fully functioning ratchet recliner.

CH22474	70-77	Black	pair	**399.95**
CH22475	70-77	Gray	pair	**399.95**
CH22476	70-77	White	pair	**399.95**
CH2214	70-72	Brackets w/OE bench	set	**139.95**
CH2215	70-72	Brackets w/OE buckets	set	**139.95**
CH2216	73-77	Brackets w/OE bench	set	**139.95**
CH2217	73-77	Brackets w/OE buckets	set	**139.95**

NOTE: These seats are DOUBLE OVERSIZED and require an additional freight charge of $25.90. NOTE 2: Each set of brackets will mount both bucket seats.

Procar Custom Bucket Seats

Change to Procar performance seating for better seating comfort and feel.

The Procar highback version seats have more lower and upper cushion side bolsters support than factory buckets. This in turn keeps you in place when doing hard cornering and they provide a more comfortable, secure seating feel. Like all the Procar seats, the highback version features a racheting recliner so you can adjust the seat to the best driving position for you. Procar bucket seat mounting brackets are required for installation and are available for vehicles originally equipped with either factory bucket or bench seats.

PROCAR by Seat

STARTING AT **$549.95**

CH22477 Shown

PROCAR seats offer great looks & comfort with a classic vinyl appearance. Available in black, gray, and white vinyl. Mounting brackets required for seat installation. Fully functioning ratchet recliner.

CH22477	70-77	Black	pair	**549.95**
CH22478	70-77	White	pair	**549.95**

Original Molded Carpet

The finest OEM molded carpet for your classic Monte Carlo

An outstanding value for "The Best" carpet you can get. 80/20 rayon-nylon loop carpet with thick, pressure-molded jute backing identical to the original. Authentic driver side plastic heel pad is machine-bonded to carpet assuring lasting durability. Get proven results with this easy-to-install, OEM-quality carpet at an unbeatable price. We stock over 1,000 sets of carpet continually, assuring you that we have it when you need it.

$99.99 SALE MADE IN THE USA

This plush carpet consists of 80/20 rayon/nylon blend. We stock only factory-authorized, "GM Restoration"-grade replacement carpet (it's the best quality). These premium sets are heat-pressed and molded directly to a tooled floorpan die insuring an exact, simple-to-install, "pop-in" fit. The appearance and quality of our molded carpet is guaranteed to be the finest available anywhere.

Many of our competitors stock a lesser grade carpet that is cheaper for them to buy - but suffers in quality. Insist on the best! Our complete set (front and rear) includes an original-style plastic molded dimmer switch grommet and heavy-grade formed jute backing.

Our factory prepares each set for OPGI so that the jute is machine-bonded to simplify installation, unlike others on the market which are simply included, but not attached. If you want the best - this is it!

Please specify color when ordering:
70: Black, dk. blue, dk. green, gold, lt. saddle, med. blue, and red.
71-72: Black, dk. green, dk. saddle, lt. saddle, med. blue, red, and sandalwood.
73-77: Black, brown, dk. blue, dk. green, med. blue, red, and saddle.

Dynamat High-Performance Sound Proofing

The Best On The Market!

STARTING AT

$19.95

Dynamat actually absorbs the dynamic motion or vibration from metal, fiberglass, plastic or wood. It is flexible enough to adapt to any surface contour and is self-adhesive. Dynamat reduces the volume and duration of drivetrain suspension impacts and controls transferred resonance. Dynamat has double the capability of normal under carpet, door or dash sound deadener and also is available with a heat shield backing.

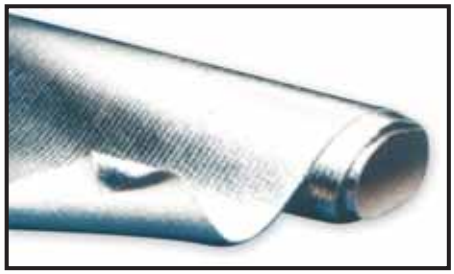

Great sound deadeners for the following applications:
Door panels, dash panel, cowl area, under carpet, rear panels, and kick panels.

80/20 Carpet Matched Floor Mats

An effective way to keep your carpet in showroom condition, these mats have no logo on them.

STARTING AT
$45.95

These are the same high quality as our "name" embroidered floor mats, but without the logo. The reverse side is a heavy-duty, "nipple" backed design to withstand slippage. Excellent value - Premium mat. All popular colors are available - specify when ordering.

1970 Monte Carlo Door Panels

Authentic Reproduction 1970 Front and Rear Door Panels

First class craftsmanship.

MP01000

STARTING AT

$139.95

For those that demand the finest in reproduction door panels, look no further. Here at OPGI we have the exact 1970 door panels with the correct chrome horizontal Mylar strips and the vertical dielectrically sealed seams running the width of the door panel, for that OEM-new look. They're available in all the factory colors for the front and rear.

NOTE: These are just the door panels and you will have to reuse your original top stainless trim, window felts, and door lock knob ferrule.

Colors available: Black, dark blue, gold, medium dark green, saddle, and sandalwood

MP01300	70	Rears	pair	**139.95**

NOTE: This item is OVERSIZED and requires an additional freight charge of $14.95 each.

1970 Monte Carlo Assembled Door Panels

Fully Assembled Reproduction 1970 Door Panel

Top of the line quality

STARTING AT

$239.95

Here at OPGI we are proud to offer the finest reproduction 1970 Monte Carlo door panels available anywhere. They come with the correct chrome horizontal Mylar strips and the verticle dielectrically sealed seams running the width of the door panel, for that "fresh from the factory" look. They're available in all the factory colors for front and rear, and come complete with the door lock ferrules, window fuzzies, and metal top rail on front door panels, with plastic top rails for the rear.

NOTE: These are complete door panels.

Colors available: Black, dark green, dark saddle, jade green, and sandalwood

1971-72 Monte Carlo Door Panels

Complete panel includes original-style pleats, buttons, door panel carpet and map pocket.

STARTING AT
$159.00

Original Parts Group door panels are guaranteed to be the best on the market. Our door panels are beautifully reproduced in original, rich looking Madrid grain vinyl and include all original-style pleats, buttons, carpeted bottoms and map pockets. It is recommended that you order our correctly reproduced inner door panel watershields. They are die-cut from the original "wax-like" coating paper designed to keep out the moisture that causes mildew and deteriorates door panels over time. ***Colors available: Black, dk. green, saddle, and sandalwood.***

NOTE: This item is OVERSIZED and requires an additional freight charge of $14.95 each.

1971-72 Monte Carlo Assembled Door Panels

STARTING AT
$239.95

At OPGI we are proud to offer these ultra high-quality reproduction 1971-72 Monte Carlo door panels. They have the exact factory duplicate Elk grain vinyl featuring vertically stitched pleats with 14 vinyl-covered buttons installed, along with the carpeted lower panel with a map pocket. This gives the door panels that "just made, fresh from the factory" look. They're available in all the factory colors for front and rear, and come complete with the door lock ferrules, window fuzzies, and strong metal top rail on front door panels, with plastic top rails for the rear.
Note: These are complete door panels.

Front Armrest Pads

MADE IN THE USA

$19.95

Authentically OPGI Reproduced

Nothing compares to the urethane-molded technique in the manufacture of smaller interior components. The ultimate for the restorer is to get that "original" look without sacrificing the quality of today's technology. Original Parts Group manufactures these urethane molded armrest pads. They are authentic in every detail, yet are superior in quality. The grain, texture and colors are exact. Your satisfaction is guaranteed with these made in USA armrest pads.

1970-72 Dash Pads

Original-style padded dash

These 1970-72 dash pads are urethane molded and include the factory-type clips. Available with both mono and stereo speaker holes. They are the closest pads to the factory originals on the market. One of the features that sets our pads apart from others is the rigid steel inner structure we now use . This allows for a much better and easier fit as well as lasting much longer than pads offered by others. Another advantage to our dash pads is the availability of all the factory colors.

STARTING AT **$279.95** SALE

These complete dash pads are solid urethane throughout and include forward attachment clips. All pads feature the authentic grain and texture. They are manufactured by Original Parts Group exclusively and are guaranteed to be the best dash pads available. These dash pads offer the originality of yesterday with the modern, more reliable quality of today.

Reproduction Inner Dash Panel Insulation

Inner dash panel insulation

Insulates upper panel (behind dash) from heat and engine noise. A necessary replacement when restoring or replacing the dash pad.

$14.95

Using these top-quality underdash insulation pads will help to reduce the amount of noise and heat entering the passengers' compartment around the dash. It also absorbs the metallic vibrations coming from the surrounding dashboard metal and thereby helps improve the clarity of the radio speakers. The pads are made from a heavy-duty fabric and horse hair beldn with a bonded rubber backing that has the factory correct shapes and holes die-stamped for an easy installation. Replace your original disintegrated and dried out underdash insulation pad with this top-quality replacement pad from OPGI.

R53299B 70-72 (Repro)..... each **14.95**

Firewall Insulation Pads

This jute-backed, stamped, heat-resistant pad comes complete with a stamped rubber backing, identical to the factory originals in fit and function.

SALE

$29.95

Pad runs length of firewall in interior behind dash. Will help eliminate much of the engine noise caused by dried out, shoddy existing insulation. The new pad features a heavy-duty jute insulation with a stamped rubber underside for a snug fit. Guaranteed by Original Parts Group to be the best the market has to offer. Includes correct grommets for mounting.

Barry Grant Fuel Pressure Gauges

CH25090 CH25089

$27.95

BARRY GRANT

These high-quality fuel pressure gauges have a dampened needle movement so you get an accurate pressure reading. They have a white with black numeral gauge face that's 1.5"-diameter. These gauges are not changed by fluctuations in ambient air temperature either. The 15 psi gauge should be used to measure carb inlet pressure, while the 30 psi gauge should be used to measure fuel pump outlet pressure.

Auto Meter Traditional Chrome Series Speedometers

American Made

3-3/8" diameter

STARTING AT

$71.95

All mechanical Speedometer's come with a trip odometer.

CH25721	3-3/8" mechanical (120 MPH) (Auto Meter # 2492)	each	**71.95**
CH25722	3-3/8" mechanical (160 MPH) (Auto Meter # 2494)	each	**73.95**

Auto Meter Pro-Comp Liquid Filled Gauges

2-5/8" liquid filled gauges have a longer life and a steady pointer

STARTING AT

$49.95

Designed for racing applications with extreme vibration or violent pounding. Each gauge mechanism is encased in dampening fluid for protection and to steady the pointer. For the fuel pressure gauge, the braided stainless steel lines and mounting cup must be mounted outside the car. The fuel pressure gauge with isolator allows for mounting of the gauge inside the vehicle without danger of fuel entering the driving compartment. Includes 4-ft. of braided stainless steel line connecting the isolator to the gauge.

C210310	oil pressure (0-100 psi) w/6- ft tubing and tubing (AM # 5422)....	each	**56.95**
C210311	water temperature (120-240) w/6-ft tubing (AM # 5423)	each	**80.95**
C210312	fuel pressure (0-15 psi) (Auto Meter #5411).....	each	**54.95**
C210313	fuel pressure w/isolator (0-15 psi) (Auto Meter # 5413).....	each	**126.95**
C210314	voltmeter (8-18) (Auto Meter # 5492).....	each	**49.95**

Auto Meter Pro-Comp Series

In-dash mounting

Air core meter movement

STARTING AT

$78.95

The Pro-Comp series gauges feature a rugged air core meter movement for accurate, fast action response. The mechanical speedometer includes a trip odometer. The electronic speedometers feature a green LCD odometer which also features a trip odometer. All models retain the mileage even if it is recalibrated.

C210315	5" tach (10,000 RPM) (Auto Meter # 5160).....	each	**128.95**

Auto Meter Sport Comp Tachometers

STARTING AT

$89.95

Auto Meter's Sport-Comp tachometers with the classic "tough" appearance have become the standard competition instrument in motorsports. Available in 8,000 or 10,000 RPM tachs, they are versatile enough to work in almost any racing environment. Available in 2-5/8", 3-3/4" and 5" monster tach size. The 5" tach is available with or without the shift light and offers the choice of the shift light on the control or on the exterior. The models with shift lights include the "Dial-In-Exactness" feature which actually utilizes the tach's red pointer to indicate the chosen RPM.

C210339	3-3/4" (10,000 RPM) (Auto Meter # 3700).....	**114.95**

Auto Meter "Lunar Series" Gauges

STARTING AT **$72.95**

Auto Meter's dynamic line of "Lunar Series" competition instruments feature bright white dial faces, black numbering, and silver bezels. At night, the 10,000 RPM Shift-Lite tach and gauges throw off a futuristic green glow, adding an incredible feel to your driving experience! This amazing series is available in mechanical, electric, and full sweep electric versions. Because the lighting is wired through your car's OEM switch, intensity is controlled the same way your stock dash lighting would be. Gives your cockpit an awesome space-age glow!

B&M Super Duty Race Shifter Cables

$39.95

These Super Duty 5-ft. race shifter cables are the highest quality available. They have rotary swaged ends with an eyelet on one end with a threaded stud on the other with a double jam nuts and internal locking washers for mounting. They're pre-lubed, have a 0.375" O.D. red "long lay" outer jacket for greater cable protection, and have less than 0.015" backlash per foot, which means you'll get almost instantaneous gear engagement when shifting. These Super Duty shifter cables have up to 50% less backlash than some competitior's cable and the 5-ft. length is what comes standard with all B&M race shifters. And they'll work on all B&M shifters except the Unimatic.

CH25898 (B&M # 80833)..... each **39.95**

B&M Performance Shifter Cables

$34.95

These Performance 5-ft. street shifter cables are high-quality and are made to fit all B&M shifters (except race shifters, the Unimatic, and the console QuickSilver shifter) manufactured from 1981 to the present. They have swaged ends with an eyelet on one end with a threaded stud on the other with double jam nuts and internal locking washers for mounting. They're pre-lubed, have a 0.250" O.D. "long lay" outer jacket for cable protection, and are accurately clearanced for proper backlash, meaning you get positive gear engagement when shifting. The Performance shifter cables come in the 5-ft. length and are what comes standard with all B&M street shifters.

CH25899 (B&M # 80605)..... each **34.95**

B&M Unimatic Shifter Cable

$29.95

These Unimatic 5-ft. shifter cables are high-quality and are made to fit all B&M Unimatic shifters. They have swaged-on ends with a threaded stud on each with double jam nuts and internal locking washers for mounting. They're pre-lubed, have a 0.250" O.D. "long lay" outer jacket for proper backlash, meaning you get positive gear engagement when shifting. The 5-ft. cable comes standard with all B&M Unimatic shifters.

CH25901 (B&M # 80735)..... each **29.95**

Hurst Pistol Grip Quarter Stick

NEW!!

$219.95

This ultimate racing shifter features a pistol grip handle that is CNC-machined from billet aluminum for exceptional strength, and is designed for a firm, comfortable grip to provide a positive feel when shifting. This shifter has award-winning features including controlled detent activation, one-hand operated spring loaded reverse Loc/Out mechanism and neutral safety switch. The handle incorporates a precision snap action switch that is ideal for operating a Hurst Roll/Control, nitrous system or trans brake.

CH23954	Forward valve body TH350/400 **(Hurst # 316-2006)**.....	each	**219.95**
CH23955	Reverse valve body TH350/400 **(Hurst # 316-2001)**.....	each	**219.95**

Hurst Competition/Plus 4-Speed Shifters

$259.95

The most popular Hurst shifter by far, the Competition/Plus shifter has all the features you would expect from the industry standard for over 30 years. Heat-treated components, chrome-plated stick, mounting hardware and easy to follow instructions are expected, but what makes this kit so special is its compatibility with factory consoles and floorpan holes. These kits are designed per application, allowing them to fit factory 4-speed cars with or without a console. Shift boots with small and large base are available for those not utilizing a factory console.

C21009 - Consists of Hurst parts 3917930 & 3737919
C21010 - Consists of Hurst parts 3918014 & 3737834

C21009	70-72	Saginaw shifter.....	KIT	**259.95**
C21010	70-72	Muncie shifter.....	KIT	**259.95**

NOTE: Installation kits are included with all shifters.

Hurst Street Super Shifter

For Muncie or Saginaw transmission

$269.95

The Hurst Street Super Shifter is a "street-duty" version of the famous Super Shifter. It features heat-treated components for extra strength and reliability, but without the cumbersome reverse lockout. Two different sized shifter boots are available separately to fit a variety of applications. Available for both Muncie and Saginaw transmissions.

C21011 - Consists of Hurst parts 3917535 & 3738616
C21012 - Consists of Hurst parts 3917535 & 3738618

C21011	Muncie shifter.....	KIT	**269.95**
C21012	Saginaw shifter.....	KIT	**269.95**

NOTE: Application is generic. Will not fit factory consoles and floorpans may require modifications. NOTE 2: Installation kits are included with shifters.

Hurst Super Shifter

Popular drag racing shifter

$289.95

The Hurst Super Shifter is one of the most legendary 4-speed shifters ever produced. As a popular drag racing shifter, it features a positive reverse lockout to satisfy saftey requirements while the heat treated arms and rods provide flex-free shifts down the track. Comes with hardware and instructions for easy installation. The shift boot listed is designed specifically for the Super Shifter and fits most applications.

C21014 - Consists of Hurst parts 4910001 & 3730007

C21014	70-72	Muncie shifter.....	KIT	**289.95**

NOTE: Will not work with factory consoles. Floorpan may require modifications. NOTE 2: Installation kits included with shifter.

Hurst Roll Control Kit

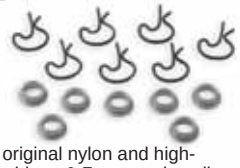

$112.95

Although the Hurst Roll Control was designed for drag racing purposes, it has found its way onto many street/strip applications as well. Aside from its use for burnouts and launching, it can also be used as a "hill holder". When using the clutch and brake simultaneously, simply depress the actuating switch or button to engage the unit. The switches below or shift handles with built-in buttons are specifically designed to handle the job.

C210236	Roll Control Kit **(Hurst # 1745000)**	KIT	**112.95**
C210237	Roll Control switch/handle **(Hurst # 2483875)**	each	**21.95**

KAS72WS	70-72	2 speakers - under dash	pair	**79.95**

High Power "Custom Autosound " Amplifier

$139.95

These "Custom Autosound" mini-amps provide just the right amount of power to make your speakers sparkle with clarity. The 4-channel amp has built in high pass filter (front speakers) to block unwanted low bass frequencies to smaller dash speakers.

BOSS001	100 X 2		each	**139.95**

Amplifier Wiring Kit

$29.95

Recommended for fast, easy installation of car amplifiers. Kit includes 20' of 10-ga. power wire, 3' of 10-ga. ground wire, 17' RCA cable, 17' of am turn on wire, 6' of split wire loom, in-line fuse holders, rings, terminals, wire ties and fuses.

AMP0001	70-77		KIT	**29.95**

Speakers For Rear Seat Shelf

Better sound quality

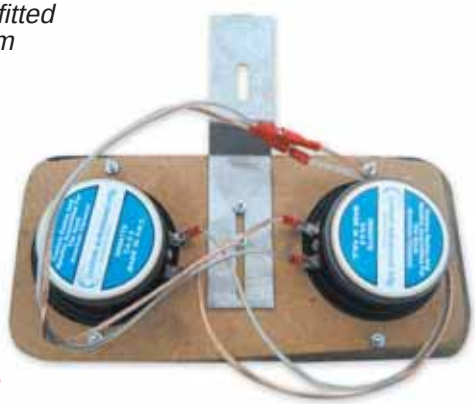

STARTING AT
$69.95

Our new 6"x 9" rear stereo speakers are the perfect upgrade solution for better sound quality. Choose from our standard Triaxial, Pioneer upgrade or Pioneer super upgrade.

CSPUV69	70-77		pair	**69.95**
PIOSSP6	70-77	Pioneer 150 watts	pair	**99.95**

Dual Speakers For Under Dash

Specially retrofitted speaker system

STARTING AT
$39.95

These speakers were designed to retrofit where originally there was one "mono" speaker. They are mounted on a special "dual" speaker frame sized similar to the original "mono" speaker. A custom bracket is then added to the frame to allow the stereo speakers to fit in exactly. An ingenious was to enhance the sounds without tearing into the dash or door panels.

CASA772	70-72	Ctr spkr type - stereo speakers dual dash	each	**39.95**
CAS72WS	70-72	2 speakers	pair	**39.95**
KASA772	70-72	Ctr speaker type (Kenwood) - dual dash	each	**79.95**

KM00383 77 (AC-Delco)..... KIT **179.95**

Custom Autosound "No Noise" Filter

$19.95

If after installing a new stereo system you experience unwanted motor whine or engine noise, check all the grounds on the radio amp, antenna, etc... If you still have noise, this filter will clear it up.

CH25768 ..... each **19.95**

Hide-Away Antenna

$39.95

For the best AM/FM reception nothing works better than a 31" vertically mounted antenna mast. Recognizing that application is impossible on some vehicles our improved amplified antenna is the next best thing. Mounts on the inside top of the windshield (or rear package tray) for best performance.

CH24789 ..... each **39.95**

NOTE: Radio signals cannot penetrate metal, do not attempt to hide unit under dash.

Delta Tech H-4 Headlamps

STARTING AT
$44.95

Convert your standard low power headlamps over to the ultra-bright halogen or Xenon headlamps used in all the high-end European luxury cars. The Delta Tech conversions replace 1970 using four 5-3/4" round lamps, or 1971-77 vehicles using two 7" round lamps. Besides the powerful bulbs, the other reason these conversions provide so much light, is the use of a lead crystal lens and a specially four-coated finish parabolic reflector. The Delta Tech headlamp conversions are an easy bolt-in for more light and improved safety. Delta Tech also offers a DRL, or Daytime Running Lamps, conversion, for increased safety on 7" round headlamps, for your classic. It's an easy adaption and requires only minor modifications.

06411K	70-72		~~99.80~~	59.95

1970-77 Inside Window Handle

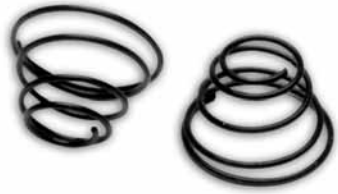

STARTING AT **$22.95**

Most parts suppliers sell an identical looking aftermarket handle because it's less costly for them to stock. Those handles look identical, but perform marginally. They do not fit the stud correctly. The handles that we sell are genuine GM only, so you can be sure that they are the correct ones.

PZ00574	70-77	W/black knob	each	**29.95**
KIT252	70-77	Black	pair	**44.95**

1970-72 Reproduction Quarter-Panels

Professionally stamped reproduction

MADE IN THE USA

$199.95

Die-stamped from premium steel sheets, these quarter-panels extend from the beltline down to the bottom of the quarter. They are the perfect replacement panel for rust and collision repairs on your pride and joy. They do not extend to the trunk area and don't have the doorjamb pillar or the sail panel sheetmetal, but otherwise they have complete coverage with all the correct creases, bends, and curves of the originals. They are a top-quality reproduction for your "showroom" restoration or repair.

Molded Plastic Front Inner Fenderwells

SALE

$169.95

Authentically OPGI Reproduced

Although these inner fenderwells are designed for Chevelles, they are the closest replacement part currently available. They have the same basic design as the Monte Carlo but will require extensive modifications to fit properly into a 1970 through 1972 Monte Carlo. Typical modifications include additional holes required as well as elongating others. The steel inner fenderwells are coated with electro deposit primer and are sold each. The plastic inner fenderwells are made of a high-density plastic and sold in pairs only. Manufactured by OPGI in the USA!

Passenger Side (RH) - FRONT SEAT SECTION

Driver Side (LH) - REAR SEAT SECTION

Passenger Side (RH) - REAR SEAT SECTION

SALE

STARTING AT **$214.95**

MADE IN THE USA

Original Parts Group offers these custom die-stamped floorpans and firewall sections. They are produced to match the factory originals in fit and contour. These specially detailed reproductions are indistinguishable from the originals, setting the standard for the entire restoration parts industry. LH/RH front pans are approximately 29" x 33". LH/RH rear pans are approximately 20-1/2" x 28-1/2". Firewall sections are approximately 24" long x 17" high for 1970-72 applications. An 1-1/8" overlap is provided for joining front and rear pans together. Your complete satisfaction is guaranteed. We stock and sell the very best stamped US steel. These are the best steel panels you can get at even better prices.

1970-72 Urethane Body Bushings

$71.95

One of the most cost-effective methods of improving the handling and feel of your vehicle, is by installing a set of these state-of-the-art urethane body bushings. These body bushing sets provide the necessary rigidity, yet ample resilience to keep everything quiet. These bushings replace old worn and cracked rubber bushings between the body and frame. These are perfect for competition or serious street use.

POLY223	70-72	.....	KIT	**71.95**

CAUTION: Installing these bushings will cause your vehicle to ride extremely stiff

Front End Rebuild Kits

At OPG, we offer top-of-the-line Moog brand kits, all manufactured with pride in the USA. With over 30 years experience in the Winston Cup Racing series, Moog has proven itself as an industry leader when it comes to suspension components and kits. Moog kits offer an innovative "gusher bearing" technology (providing a unique bearing lubrication system), case-hardened steel components, with a yellow zinc dichromate coating. All of this adds up to world-class quality. Moog kits also feature "Problem Solver" suspension bushings. The main function of the suspension bushing is to dampen unwanted noise and vibration from tires and the road surface. Moog's bushings have been specifically designed with a uniquely formulated elastomer that provides superior damping and suspension control over your original equipment bushings.
There are many reasons to upgrade to Moog, including better vibration and noise control, increased control over suspension movement (allowing for improved handling and extended tire life), and increased service life. And Moog components exceed all OEM design specifications and quality, ensuring you a premium upgrade when it comes to your suspension rebuild kit. MOOG: USED BY WORLD CLASS RACERS FOR OVER 30 YEARS IN THE WINSTON CUP SERIES.

Polyurethane Front End Rebuild Kits

Made in the USA
Affordable price

STARTING AT
$319.95

MADE IN THE USA

This kit contains the same parts as the standard front end rebuild kit except it contains polyurethane front bushings.

POLY60	70	Round bushings	KIT	**319.95**
POLY70	70	Oval bushings	KIT	**319.95**
POLY80	71-72	Round bushings	KIT	**369.95**
POLY90	71-72	Oval bushings	KIT	**369.95**

Front End Rebuild Kits

When you're in the market for a complete front end rebuild kit that meets or exceeds your car's original quality standards, OPG has got the answer for you. Our standard front end suspension rebuild kit is complete in all aspects, and best of all it's manufactured and assembled right here in the USA. Be aware that many companies claim "made in the USA" suspension components, but in reality, you'll find many of the kits are only assembled here, and manufactured overseas. Also, keep in mind that with an OPG kit, you'll get all the high-quality parts you need for your front end rebuild. Many of our competitors advertise low price "deals", that at first glance are very enticing. Unfortunately, you'll usually end up finding that your great "deal" didn't include all the components you're going to need. OPG front end rebuild kits are designed to give you the level of quality that meets or exceeds original GM specifications, all at a very affordable price.

1970-77 Baer Tracker Adjustable Tie Rod Ends

Get Baer Trackers for bumpsteer elimination & optimum handling.

NEW!

$149.95

BAER BRAKE SYSTEMS

Baer Trackers adjustable tie rod ends keeps toe-in/ toe-out settings constant and cancels bumpsteer for both stock height and lowered vehicles. Baer Trackers will eliminate that sudden and dangerous darting, known as bumpsteer, that your car does while you're in a turn after you've hit a bump or pothole. The Baer Trackers keep the tie rod ends parallel with the suspension as it goes through its travel, even when you hit a road irregularity in a turn. They're easy to install & a variety of adjustment spacers come with the kit so your local alignment shop can easily adjust out bumpsteer.

PP22010	73-77	Rear.....	each	**12.95**

B&B Aluminum Lower Rear Control Arm Bushings

$39.95

Traction can be improved in cars with rear control arms by simply replacing OEM rubber bushings with solid aluminum bushings. This will increase and equalize tire loading, reduce control arm binding, and reduce wheel hop. Bushings measure 1.75"-diameter and 2.4" in length.

CH24372	4 bushings	.....	set	**39.95**

1970-72 Front Upper Inner Control Arm Bushings

$15.95

This is the exact GM upper inner bushing with the rubber protruding from the bottom. This is not a reproduction piece, it's from the OEM manufacturer!

CH24944	70-72	.....	each	**15.95**

Urethane Ball Joint Boots

$6.95

Get longer life out of your ball joints and boots by upgrading to our urethane ball joint boots. These boots have a much longer life than rubber. Grease and oil tend to dry out and rot rubber whereas the durable polyurethane doesn't absorb the oil and grease thus preventing the cracking and rotting.

POLY227	70-72	.....	set	**6.95**

Upper Ball Joint

$26.95

These are high quality, super durable replacements.

10195	70-72	.....	each	**26.95**

Lower Ball Joint

$28.95

Exact replacements in fit and finish for factory parts.

10197	70-72	.....	each	**28.95**

Edelbrock Adjustable Upper Rear Control Arms

$206.95

Made from high-strength steel and fully TIG-welded, these heavy-duty adjustable rear control arms allow easy rear suspension adjustments for optimum traction and handling. They can be adjusted without removing the arms from your A-body. Spherical ball end allows rear suspension to move more freely without the bushing bind of stock upper rear control arms. Great for drag racing or slaloming.

CH24788 70-72 (Edel. # 5248)..... pair **206.95**

Global West A-Body Rear Lower Tubular Control Arms

STARTING AT

$194.95

Adding the stronger and stiffer Global West tubular lower rear control arm to your A-body has two advantages. Advantage #1 is better traction for hard launches, and #2 is improved handling due to less flex in the control arm and bushings. We offer three different versions of these superbly manufactured and powder coated control arms. The most economical rear lower control arm has polyurethane bushings in each end and is good for the drag strip. Because there isn't much suspension movement at the drag strip, this double polyurethane bushing control arm doesn't cause much suspension bind. If used on the street, the lateral and fore-and-aft forces can cause the suspension to bind and give it an unbalanced, ratcheting movement. And the polyurethane will eventually wear-out and work-harden, causing a loose, non-responsive rear suspension. Our #2 Global West tubular lower control arm, by using a spherical bearing on the frame and and a poly bushing on the rear axle end, eliminates bind in the suspension and work well on the street and track. The down side is that the poly bushing will work-harden and wear-out, and cause a loss of tightness in the rear suspension. The top-of-the-line is the Global West tubular lower rear control arm with a spherical bearing on the frame end and a Del-A-Lum bushing (for a description of Del-A-Lum bushings, see the Gen 2 NRS control arms section) on the rear axle end. This control arm eliminates any lateral or fore-and-aft movement with no bushing deflection and therefore no bind in the rear suspension. And they greatly improve the traction and handling in any street or race application. Global West doesn't offer a reinforced or tbular rear upper control arm with any type of performance bushing, because it will put the A-body rear suspension in a bind. The stock, rubber-bushed, non-reinforced upper rear control arms work great with the tubular lowers.

CH25026	70-72	Spherical bearing/Del-A-Lum.....	pair	**324.95**
CH25027	70-72	Double poly.....	pair	**194.95**
CH25028	70-72	Spherical bearing/poly.....	pair	**279.95**

Global West Negative Roll System Front Upper Control Arms

Top of the line Del-a-lum Bushings

STARTING AT

$576.95

For the ultimate in handling, the front tires have to maintain a full footprint with the road throughout the suspension's travel. With the stock A-body suspension, this never happens when you're cornering hard. Installing the Global West Generation Two Negative Roll System (Gen 2 NRS) allows the front tires to stay flat on the road at all times, dramatically increasing cornering power. The Gen 2 NRS upper arms are made of powder-coated, high-strength steel and you can get them fully assembled with offset shafts, heavy-duty ball joints, Del-A-Lum or polyurethane bushings and a polyurethane bump stop. One of the keys to the Gen 2 NRS's greatly improved handling is the use of the Global West Del-A-Lum bushings. The Gen 2 NRS arms using polyurethane are a good, cost-effective alternative, but they eventually work-harden and wear-out. Del-A-Lum bushings don't have any drag in them with their 6-bearing surfaces and greasable design, and they have side-to-side thrust control that stock rubber or polyurethane bushings can't and don't have. Because of their unique properties, Del-A-Lum bushings don't work-harden and break down. And they'll last 120,000 miles or more in street or track use. Corner to the max with Global West Gen 2 NRS from z!

CH25021	70-72	Upper (Del-A-Lum).....	pair	**599.95**

High-Performance Rear Axle Control System

Complete with all hardware, ready to install

$589.95

HOTCHKIS PERFORMANCE

The combination of fabricated upper and lower trailing arms and tubular trailing arm mount braces work together to positively locate and control the rear axle. The upper and lower trailing arms are fabricated from .120"-wall rectangular steel tubing and are fitted with tough fluted polyurethane bushings and zerk fittings.Trailing arm mount braces connect the upper and lower trailing arm mounts, triangulating them with the chassis. This incredible system shipped to you complete with all hardware ready to install.

HP01803	70-72		set	**589.95**

Hotchkis Total Vehicle System Handling Package

NEW!!

STARTING AT

$1359.95

Want slot car cornering for your A-body? Then you need to get the Hotchkis Total Vehicle System (TVS) tuned handling package. Because it has all the components for high G-force handling that have been tested and tuned to work together, you don't have to mix and match parts from different manufacturers. The TVS handling package includes the following:

-Heavy-duty tie rod adjusting sleeves
-1" lowered coil spring set (front and rear)
-1-3/8" lightweight hollow front sway bar with greasable bushings and heavy-duty brackets
-1" solid rear sway bar
-Boxed lower trailing arms with greasable poly-graphite bushings and grade 10.9 hardware
-Adjustable upper trailing arms with greasable poly-graphite bushings
-Adjustable trailing arm mount braces and grade 10.9 hardware

Edelbrock Anti-Hop Bars

$155.95

Edelbrock

Designed to increase traction and reduce wheelhop on GM A-body vehicles by decreasing the amount of rearend pinion angle deflection and changing the rearend upper control arm mounting points. These bars offer much better chassis reaction and will allow the use of a larger tire or slick to take advantage of the increased traction the anti-hop bars provide.

CH22064 70-72 (Edel. # 5213)..... pair **155.95**

No-Hop Traction Bars

$118.95

These bolt-on traction bars are installed between the rearend housing and the upper control arms so the center of gravity is pushed towards the rear of the car when accelerating. This will push down on the rear wheels to eliminate wheelhop and give maximum traction.

2001609 70-72 ..... set **118.95**

1970-72 Adjustable Traction Bars

Keep your tires on the ground

$169.95

Made to distribute the weight of your vehicle evenly on the rear tires, for the utmost downforce at the wheels. These traction bars are adjustable, to compensate for any road condition.

97GTO19 70-72 ..... pair **169.95**

Upper & Lower Hotchkis Control Arms

MADE IN THE USA

STARTING AT

$264.95

HOTCHKIS PERFORMANCE

Want better suspension performance? Try installing Hotchkis upper and lower rear control arms. Launches will be quicker and smoother and cornering and stability will be dramatically improved. Made from .120"-wall steel tubing and fitted with polyurethane/graphite bushings, which improves handling and traction. The adjustable control arms allow you to adjust the pinion angle on your car, allowing better bite from the rearend when drag racing. On Pro-Touring cars, these control arms help to reduce too much positive pinion angle, which causes U-joint vibrations, due to a lowered stance.

Edelbrock Upper Trailing Arms

NEW!! Edelbrock

$205.95

Manufactured from rectangular cold rolled steel tubing with a 0.120" wall thickness for maximum strength. These arms have greasable, fluted polyurethane bushings which are superior to the stock rubber bushings because they allow easier suspension articulation and maintain the correct suspension geometry.

CH24795 70-72 ..... pair **205.95**

Edelbrock Lower Trailing Arms

$203.95 NEW!! Edelbrock

These lower trailing arms are manufactured from rectangular, cold-rolled steel tubing with a 0.120" wall thickness for maximum strength and correct suspension geometry. Arms have greasable, fluted polyurethane bushings which are superior to the compliant, stock rubber bushings.

CH24794 70-72 ..... pair **203.95**

Edelbrock Tubular Trailing Arm Braces

$99.95 NEW!! Edelbrock

Trailing arm mount braces work with upper and lower trailing arms to accurately locate the rear suspension for major improvements in cornering, steering response and traction with less wheel-hop and more power to the ground. They also prevent the factory rear upper trailing arm mount frame crossmember from tearing out under high power and traction conditions.

CH24792 70-72 ..... set **99.95**

Trailing Arm Mount Braces

MADE IN THE USA

$131.95 HOTCHKIS PERFORMANCE

Using these Hotchkis control arm mount braces will strengthen the upper and lower control arm mount points on the chassis. They prevent the upper control arm mount frame crossmember from tearing under repeated hard launches and it triangulates this portion of the frame for more strength. Made of high-quality, TIG-welded steel, then powder-coated, they are the perfect addition to the Hotchkis control arms.

C990066 70-72 ..... pair **131.95**

Control Arm Hardware Kit

$19.95

This complete kit includes all necessary hardware to properly mount your Hotchkis performance control arms.

C99067 70-77 ..... KIT **19.95**

Control Arm Bumpers

SALE

STARTING AT $4.95

Correct compression molded rubber bumpers! In stock for immediate shipment. The kit offered for 1964-72 includes 2 upper bumpers & 2 lower bumpers.

PZ00909	70-72	upper	each	**8.95**
PZ00911	70-72	lower	each	**8.95**

Powertrax No-Slip Traction System

POWERTRAX

$414.95

The No-Slip Traction System is the next generation in performance locking differentials. It is far superior to the limited-slip style or other brand lockers, even an improvement over their own original design. The No-Slip System offers the same high-quality features as the Performance Locker, but added design improvements yielding a smoother, quieter operation than other designs. For maximum traction, easy installation and reliability, choose the No-Slip Traction System for your car.

G200224	8.875 - 30 spline	each	**414.95**
G200225	8.5 - 28 spline	each	**414.95**
G200226	8.2 - 28 spline	each	**414.95**

*NOTE: **G200226** 8.2 ring gear is non C-clip style, others are traditional C-clip style.*

Eaton Posi Limited Slip Differential

$349.95

Turn your "peg-leg" into a limited slip rearend with Eaton's Posi Limited Slip Differential unit. Complete with a new carrier filled with heavy-duty carbon fiber clutches, stout posi clutch springs and high-strength 1017 spider gears. Each unit comes with a 1-year unlimited warranty.

CH21567 - Fits 12-bolt with 3.08-3.73 gears, 3-series carrier
CH21568 - Fits 12-bolt with 3.90 & up gears, 4-series carrier
CH21566 - Fits 10-bolt with 8.5" ring gear, all gear sets
CH21570 - Fits 10-bolt with 8.2" ring gear, all gear sets

TA Performance Rearend Cover/Girdle

$169.95

This cover prevents breakage of the cast iron carrier bearing caps when they're subjected to a sudden loading, like a drag race launch. By slightly pre-loading the carrier bearing caps, the cover/girdle holds the cap in place so there's no movement and therefore no breakage. Made of 356 T6 aluminum, weighing only 7lbs, the TA cover/girdle is easy to install and comes with all the necessary instructions, bolts, washers, & cover gasket.

C220170	12-bolt Chevy/Canadian Buick	each	**169.95**
C220173	10-bolt Chevy 8.2 & 8.5	each	**169.95**
C220172	Girdle stud kits	set	**24.95**

NOTE: Stud kits are used to help prevent stock cast iron bearing caps from moving and causing carrier bearing failure.

8.2 10-Bolt Finned Aluminum Rearend Cover

NEW!!

$99.95

These aluminum, finned rearend covers help reduces fluid temperature and adds to rearend component life. The kit includes a gasket, mounting bolts and drain plug.

CH25222		each	**99.95**

Chromed Differential Covers

10- or 12-bolt

CH22217	12-bolt	each	**19.95**

Prothane Polyurethane Rear Axle Bump Stop

TOO NEW FOR PHOTO!

$9.95

Because these bump stops are made from polyurethane, they resist deterioration and are very durable, unlike the rubber originals. They are positioned right above the pinion of the rear axle to limit pinion movement and to prevent the rear end from hitting the floor. They are cone-shaped just like the originals and are 1-5/8" in diameter and 1-9/16" high.

CH25942	1-9/16" x 1-5/8" (coned shaped)	pair	**9.95**

Rearend Gear Oil & Additive

STARTING AT

$8.95

Most GM vehicles use 2 quarts of oil and one 32-ounce bottle of additive.

CH22220	Additive - 4-oz	each	**9.95**
CH22221	85/140 gear oil - 1-qt	each	**8.95**
CH25704	80/90 gear oil - 1-qt	each	**8.95**

High-Performance Anti-Sway Bar Blowout!

$79.95

Authentically OPGI Reproduced

Due to continual large volume purchases, OPG is able to offer this great price on all high-performance anti-sway bars. They are recognized throughout the high performance industry to be the best anywhere. Also save time and money with our front and rear anti-sway bar kits.

Front kits include:
anti-sway bar, end link bushing kit, and anti-sway bar bushings.
Rear kit includes:
anti-sway bar and boxed lower rear control arm conversion.

Edelbrock Performer IAS Shocks

$69.95

Edelbrock

MADE IN THE USA

Edelbrock's Performer IAS (Inertia Active System) shocks deliver excellent handling and a comfortable ride. IAS eliminates the compromise in other designs for a shock that is compliant on rough roads and firm on smooth roads. Advantages of Edelbrock IAS shocks are more responsive polyurethane shock end bushings; extreme accurate, leak-free construction; increased seal life and durability, and a superior ride.

KYB Gas-A-Just Shocks

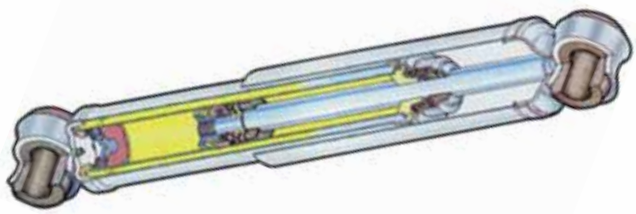

$44.95 KYB

When building a car, why not go for the best. Shocks are an important aspect of the suspension, that is commonly overlooked. Don't go out and buy just any auto parts store shock, when you can get the best at a reasonable price. KYB Gas-A-Just shocks are America's best-selling monotube gas shock. The monotube design is paired with high pressure N2 gas to keep your tires glued to any road surface. This system eliminates the common problem of fading performance, associated with two tube construction, that allows the air and fluid to mix.
KYB Gas-A-Just shocks include a protective outer shell to keep dirt out, self sealing packing to reduce oil leakage, rubber cushions to protect inside on extreme extension strokes, seamless cylinder to reduce splitting, hard chromed piston rod to reduce friction, rebound/ compression valve to give quick dual-direction response, sintered iron piston for strength, all weather fluid, floating dividing piston to separate gas and fluid, and a tube guard to prevent damage from stones and debris. Gas-A-Just shocks are ideal for use with both radial and bias-ply tires. ***GREAT VALUE!***

C980101	70-77	front	each	**44.95**
C980102	70-77	rear	each	**44.95**

KYB GR-2 Gas Shocks

STARTING AT
$27.95 KYB

Looking for a smooth ride? Look no further! The KYB GR-2 shock is the answer to the smooth ride question.
The GR-2 shock features low pressure gas to make your ride more comfortable, while while giving you precision handling at the same time. Features include a protective outer shell to keep the dirt out, multi-lip seal to reduce oil leakage, check valve to control flow of fluid and gas, sintered iron rod guide for longevity, chromed piston rod to reduce friction, seamless cylinder to reduce splitting, wear resistant piston ring to reduce friction and leakage, all weather fluid, 3-stage compression valve to assure fast recovery, and a seamless eye ring to reduce possibility of breakage.
GR-2 shocks are the economical way to step up from hydraulic shocks to gas shocks, so you can improve ride and control of any vehicle. ***GREAT VALUE!***

1970-72 Power Disc Brake Conversion Kits

- *Includes line modification kit*
- *Complete instructions*
- *Professionally manufactured for OPG*

STARTING AT
$849.95

This is the best way to convert your drum brake or early 4-piston caliper vehicle to later style, easier-to-find, single-piston style calipers and vented rotors. Each kit includes everything you need to completely convert your existing brakes to power discs. The entire spindle assembly is delivered to you setup, bearings packed and ready to be torqued to specs. Also included will be a line modification kit and instructions to guide the installation. Kits with 2" drop spindles are also available. **Deluxe kits** feature cross-drilled rotors and braided stainless steel front hoses.

Each kit includes the following: New rotors, spindles, backing plates, re-manufactured calipers, caliper brackets, OEM-quality pads, OEM-quality pads, dual reservoir master cylinder, cadmium plated booster, proportioning valve, bearings/seals, brake hoses/necessary lines, hardware, detailed instructions, line modification kit

M1790DX	70-72	stock kit	KIT	**849.95**
CH20417	70-72	w/2" drop spindles	KIT	**969.95**
CH21234	70-72	deluxe kit	KIT	**949.95**

NOTE: This product is DOUBLE OVERSIZED and requires an additional freight charge of $25.90

Front Disc Brake Kits

$549.95

Is it finally time to start hauling down that musclecar without a lot of fuss? OPG is proud to offer this easy-to-assemble front disc brake kit, that's also easy on your wallet. The disc brake conversion is probably one of the best modifications you can make to your Monte Carlo. You'll experience vastly improved braking, longer component life span, and a lot less effort required when you step on the brake pedal. Our stock spindle kit is ideal for those who wish to retain their car's stock original ride height. This kit will work with your factory ball joints and tie rod ends, therefore minimizing the modifications needed for installation. This kit will work well with most 14" and 15" wheels. Our dropspindle kit will lower your car 2" from it's factory original ride height. This isdone without affecting the car's suspension geometry or travel; perfect for that great lowered look!

Stock kit includes:
Spindles, rotors, calipers, caliper brackets, dust shields, bearings, seals, dust caps, spindle nuts, and brake hoses. NOTE: On certain vehicles, steering arms may need to be drilled out from 7/16" to 1/2" in diameter.
Drop kit includes:
2" drop spindles, rotors, calipers, bearings, seals, dust caps, spindle nuts, and brake hoses.

CH24820	70-72	drop spindles	KIT	**549.95**
CH24821	70-72	stock spindles	KIT	**549.95**

NOTE: This product is DOUBLE OVERSIZED and requires an additional freight charge of $25.90

1970-72 Rear Disc Brake Conversion Kits

STARTING AT
$719.95

Calipers have built-in E-brake. Will work with C-clip eliminators. Some modifications may be necessary.

Standard Kit Includes:
Rotors, loaded calipers, brackets, axle lines, e-brake cables, hardware, and 4-wheel disc prop valve.

Deluxe Kit Includes:
All features of the standard kit and cross-drilled rotors, braided stainless steel hoses, axle lines and rear E-brake cables.

Slotted Kit Includes:
All features of the standard kit and gas-slotted, cross-drilled rotors, braided stainless steel hoses, axle lines and rear E-brake cables.

Baer "Serious Street" Front Brake Package

Incredible stopping power for your A-Body

NOTE: Make sure you follow the manufacturer's directions when installing this product.

$995.95

NEW!!

Leave it to Baer to come up with a super-duty front disc brake package customized specifically for your Chevrolet! Now disc brakes designed for any stock or aftermarket 15" wheel. This system is a direct bolt-on installation for either drum or disc brake spindles. It includes the following:

1.) EradiSpeed 11"-diameter rotors that are directionally vented, reverse slotted, cross-drilled and zinc-coated.
2.) Hubs that are pre-assembled with Timken bearings and are pre-packed with Redline synthetic grease, ready to uncap and slide into place.
3.) Pressure-cast aluminum high-performance 2-piston pad guided calipers.
4.) Metallic high-performance pads.
5.) Intermediate brackets, CNC-machined from solid 6061-T6 aluminum.
6.) Braided stainless steel Teflon-lined brake hoses and fittings.
7.) Safety enhancing 2-port master cylinder of the appropriate fluid volume.

CH24875	70-72		KIT	**995.95**
CH25859	70-77	Adjustable Proportioning Valve	each	**54.95**

NOTE: This product is DOUBLE OVERSIZED and requires an additional freight charge of $25.90

Baer "Serious Street" Rear Disc Brake Kit

E-Z to install, state-of-the-art system - Fantastic quality

NEW!!

NOTE: Make sure you follow the manufacturer's directions when installing this product.

$849.95

Baer has created this special SERIOUS STREET Baer Claw rear disc brake package specifically for Chevrolet A-body cars equipped with 15" wheels. The package is designed to work in conjunction with Baer's front disc brake set-ups. Easy to install , this rear system is literally state-of-the-art, with everything you'll need to achieve consistent, controlled stops. The kit includes the following:

1.) EradiSpeed 11"-diameter rotors that are directionally vented, reverse slotted, cross-drilled and zinc-coated.
2.) Aluminum PBR single-piston pad guided calipers with integral park mechanism.
3.) Vehicle specific park brake cables.
4.) Steel intermediate brackets.
5.) Braided stainless steel Teflon-lined brake hoses, fittings, and hardware.

1970-72 Drilled Brake Rotors

$159.95

Disperse brake pad gases and heat with these rotors drilled with 72 cooling holes.

CH20122	70-72		pair	**159.95**

Baer Eradi-Speed High-Performance Rotors

NOTE: Make sure you follow the manufacturer's directions when installing this product.

EradiSpeed Rotors

SALE

BAER BRAKE SYSTEMS

EradiSpeed + Rotors

STARTING AT

$109.95

EradiSpeed Rotors -
Accelerating fast is a good thing. Stopping fast is an even better thing, and that's what these high-performance Baer replacement rotors are all about. Directional vanes inside the rotor bring more cooling air into the rotor for greater heat dissapation, equaling shorter stopping distances. Additional high-performance features include thicker friction surfaces for better heat absorbtion; a proprietary high friction, high silicone content iron; special machining to ensure parallel rotor surfaces; fully machined outside surfaces and rotors speed balanced, unlike most replacement rotors. For improved braking, install Baer high performance replacement rotors.

EradiSpeed + Rotors -
These rotors are 8 pounds lighter than a stock rotor & will fit with factory Rally wheels. They feature anodized black billet aluminum, CNC-machined centers, NAS (National Aerospace Specification) stainless steel hardware, cross-drilled and slotted rotors with a zinc-washed iron rotor surface. The rotors have more material to absorb more heat and help reduce rotor warping under severe braking conditions. Vanes inside the iron rotor are curved to give you a stronger rotor while delivering more cooling air for more consistent stops with little or no fade.

CH25270	70-72	EradiSpeed rotors		left	**109.95**
CH25271	70-72	EradiSpeed rotors		right	**109.95**
CH25269	70-72	EradiSpeed rotors	pair	~~219.90~~	**199.95**
C210235	70-72	EradiSpeed +		pair	**399.95**

NOTE: Will work with factory disc brake parts.

Reproduction Front Disc Brake Backing Plates

$59.95

These are identical match-ups to the original in fit with all proper tooling hit marks. Cadmium plated to take the wear and tear. Now in stock for prompt delivery.

CHQW383 is for use with 2-pc. rotor with single-piston caliper.
C980009 is for use with 1-pc. rotor with single-piston caliper.

Russell Speed Bleeders

NEW!

RUSSELL

STARTING AT

$7.95

Brake bleeding is now a one person job. This revolutionary Russell Speed Bleeder replaces the original bleeder valve in your caliper/wheel cylinder with a spring loaded one-way ball and check valve design. This allows the old fluid and air out, then closes automatically between pumps preventing the old fluid and air from re-entering the brake line. Just position a container to collect the brake fluid, then remove your OEM bleeder screw and replace with the new Speed Bleeder screw. The Speed Bleeder Bag catches your old brake fluid for a no-spill operation. This is an EPA-approved, user friendly product that includes plastic tubing and a 7" x 7" plastic bag with a unique tube connection. It holds approximately 12 ounces.

CH24314		speed bleeder bag.	each	**7.95**
CH24755	70-74	disc frnt 3/8" - 24.....	pair	**12.95**
CH24756	70-74	drm frnt & rr 5/16"-24	pair	**12.95**

Chevrolet Bleeder Screw Wrench

$7.95

This bleeder screw wrench has two ends with two different sizes! 3/8" and 5/16" will work with all that have front ball joint suspension (also works on any rear suspension). Both ends have a special vent hole for fluid seepage. Designed with required length and angle for easy use.

CVT0276	.....	each	**7.95**

Parking Brake Release Handle

$4.95

Replace your broken or missing handle with this authentic handle made of the correct plastic. A great value!

Fuel Tank Assembly

AD0GM6B
pictured

$169.95

These fuel tanks are identical to the originals, including the sender opening. Each tank comes complete with a new filler neck. Your satisfaction guaranteed.

AD0GM5B	70	Monte Carlo 20 gallon (import) w/o EEC.....	each	**169.95**
AD0GM5C	70-72	Monte Carlo 20 gallon/3 vent (import) w/ EEc.....	each	**169.95**

NOTE: This item is OVERSIZED and requires an additional freight charge of $14.95 each.

Fuel Tank Mounting Strap Anti-Squeak Kit

$4.95

This is the tar-like material that prevents metal-to-metal wear between the straps and gas tank due to vibrations. The seals go between the steel straps and the gas tank. They also prohibit annoying squeaks usually heard after removing and reinstalling the tank for repair, or replacing the it with a new one. Each set includes both sides.

G54883	70-77	.....	KIT	**4.95**

Fuel Tank Strap Hardware

NEW!

$9.95

Includes bolts, nuts, and washers to attach you fuel tank straps.

Holley Street Mechanical Fuel Pump

NEW!!

CH25047

Holley

$59.95

Don't forget about the fuel pump when you're building a high-performance engine. These Holley mechanical fuel pumps flow a whopping 80 gallons-per-hour free-flow and have a preset 7.5 psi shut-off valve so no pressure regulator is needed. The lower body of the pump has 3/8 NPT fittings and it can be rotated so it will fit any chassis. The aluminum pump housing is ball-burnished for that polished look.

CH25047	SB (Holley # 12-834).....	each	**59.95**
CH25048	BB (Holley # 12-835).....	each	**59.95**

Holley Electric Fuel Pumps

CH20503

CH20502

STARTING AT

$99.95

Holley

The Holley electric fuel pumps provide constant fuel flow with no pulsation. Each have externally accessible pressure relief valves and are more tolerant of contaminated fuels. Each pump weighs approximately 3 pounds and includes mounting bracket. The "red" pump flows 97 GPH (free flow) and 67 GPH at 5 PSI. The "blue" pump flows 110 GPH (free flow) and 70 GPH at 9 PSI and includes fuel pump pressure regulator CH20503. These pumps are not designed or recommended for use on fuel injection systems. Use of safety shut-off switch CH20505 is strongly recommended.

CH20502	"red" pump (Holley # 12-801-1).....	each	**99.95**
CH20503	fuel pump regulator (Holley #12-803).....	each	**29.95**
CH20504	"blue" pump & regulator (Holley # 12-802-1).....	each	**109.95**
CH20505	safety shut-off switch (Holley #12810).....	each	**19.95**

Holley High-Performance Mechanical Fuel Pumps

Holley

CH20144

STARTING AT

$69.95

Holley's competition mechanical fuel pumps free flow 110 GPH at 6.5-8 psi. The polished housing can be rotated 360 degrees to fit any configuration. 3/8" NPT inlet/outlet ports.

CH20144	SB (Holley # 12-327-11).....	each	**69.95**
CH20145	BB (Holley # 12-454-11).....	each	**74.95**

Chrome-Plated Street Fuel Pumps

CH22414

$69.95

MR. GASKET CO.

Recommended for stock and street performance. For use on engines up to 400 hp. Features 8 psi shutoff pressure with fuel delivery up to 80 gallons per hour free-flow. New, not rebuilt with 1/4"-NPT inlet/outlet ports complete with 3/8"-I.D. fuel hose fittings.

CH22414	V8 265-400 & 409	each	**69.95**
CH22415	V8 396-454	each	**69.95**

Barry Grant Six-Valve Fuel Pump

Get maximum fuel volume for maximum power
Available for gasoline or alcohol

NEW!!

CH25125

$99.95

BARRY GRANT

Get up to 130 gallons per hour of fuel delivery with the BG six-valve fuel pump. Two versions are offered for small- and big-blocks; one having a 9 psi maximum pressure, good for gasoline, and the second one that has a 15 psi maximum rating, good for gasoline and alcohol. The 15 psi pump has to be used with a diphragm bypass (OPG #CH25119) when used with gasoline, and a throttle bypass for alcohol use.

CH25125	262-400 (9 psi) (BG # 170006)	each	**99.95**
CH25126	262-400 (15 psi) (BG # 170007)	each	**99.95**
CH25127	396-454 (9 psi) (BG # 170008)	each	**99.95**
CH25128	396-454 (15 psi) (BG # 170009)	each	**99.95**

Barry Grant Electric Fuel Pump

NEW!

CH25093

STARTING AT

$249.95

BARRY GRANT

The street electric pump will flow up to 220 gallons per hour continuously and it has a diaphragm bypass that mounts at the carburetor to return excess fuel to the tank, allowing the pump to run cooler for longer life. It only weighs 3.5 lbs. and draws only 8 amps at 13.6 volts. The race pump weighs 6 lbs., can handle 650 horsepower and has the capacity to flow up to 280 gallons per hour in short bursts, such as drag racing. This pump is factory set to 20 psi and has an internal bypass so the it won't cavitate and keep the motor cool. Both pumps require -10 AN inlet feed lines and are covered by Barry Grant's lifetime labor warranty. A "must use" with either of these pumps is the 30 amp relay and harness that provides continuous full voltage for optimum performance and flow.

CH25091	280 GPH (BG # 170002)	each	**299.95**
CH25093	220 GPH & bypass (BG # 170013)	each	**249.95**
CH25094	30 amp fuel pump relay/harness	each	**19.95**

Competition Fuel Pumps

MR. GASKET CO.

CH22417

$89.95

Recommended for competition only. For use on engines up to 650hp. Features 9 psi shutoff pressure with fuel delivery up to 130 gallons per hour free-flow. High-polish zinc-plated finish with large 1/2"-NPT inlet/outlet ports.

CH22416	V8 265-400 & 409	each	**89.95**

Edelbrock Victor Series Racing Fuel Pumps

NEW!

CH24003

$77.95

Edelbrock

Flow capacity for Edelbrock's 6-valve racing fuel pump is 130 gallons per hour as compared to conventional racing pumps at 114 per hour. A must for drag racing, circle track racing, street machines or any other application that demands a high-volume fuel delivery. High volume 1/2" NPT inlet and outlet orifices surpass the capacity of conventional models. Also, the finest quality materials are used along with 6-valve pump body and large alcohol-proof diaphragm. Beautifully detailed with aircraft-type Allen bolts. Produces 13 to 14 psi. For gasoline and alcohol. Use with Fuel Pressure Regulator #CH24004.

CH24002	SB (265-400) (Edel. # 1711).....	each	**77.95**
CH24003	BB (396-454) (Edel. # 1712).....	each	**77.95**

K&N Square-Bore Carb Stubstack

NEW!!

$44.95

Using the K&N Stubstack on your Edelbrock carb straightens out and increases the airflow, reduces turbulence and obstructions in the venturi and boosts the metering accuracy for a big performance improvement. Test have shown a 40 cfm increase in airflow on a 850 cfm carb, and this can translate into as much as an 10% gain in power using the Stubstack. And it can be used inside of your present air cleaner. Stubstacks work best with a 4" or 5" tall air cleaner elements.

CH25266 ..... each **44.95**

Stubstack High-Performance Air Horn

$44.95

The K&N Stubstackfor Holley carbs reduces turbulence, improves metering accuracy, straightens and speeds up air flow for improved power and performance.

CH20317 70-77 ..... each **44.95**

NOTE: Stubstack will only work on 4150/4160 Holley carburetors with or without chokehorn

Edelbrock Pro-Flo EFI Systems

CH20378

STARTING AT
$2047.95

Edelbrock

EDELBROCK PERFORMER PRO-FLO EFI SYSTEM FOR SMALL BLOCK CHEVY

This complete system includes intake manifold assembled with fuel rails, injectors, air valve with throttle sensor, idle air control and pcv port. Kit also includes fuel pump, fuel filter, fuel line, fuel clamps, fuel pressure regulator, oxygen sensor, calibration module, system computer,wiring harness, distributor conversion kit, and ignition amplifier. System is designed for non-emission small-block Chevrolets 1986 and earlier without center bolt heads. Designed to work with mild camshafts, 9.5:1 compression, and up to 350-400 HP. Features Edelbrock designed 2-barrel air inlet valve that flows 750 cfm and allows for more efficient runner layout that delivers more torque and better driveability.

System is complete and includes all necessary hardware and instructions.

CH20377 (Edel. # 3503)..... KIT **2047.95**

EDELBROCK PERFORMER RPM PRO-FLO EFI SYSTEM FOR SMALL BLOCK CHEVY

This System is designed for high-performance street or race small-block Chevrolets in the 450-500 HP range. Has same features as the Performer Pro-Flo as above, except his system uses a taller manifold allowing for more horsepower in the higher RPM range. Also features Edelbrock-designed 4-barrel air inlet valve that flows 1000 cfm.

System is complete and includes all necessary hardware and instructions.

CH20378 (Edel. # 3500)..... KIT **2204.95**

EDELBROCK PERFORMER RPM PRO-FLO EFI SYSTEM FOR BIG-BLOCK CHEVY

This system has same features as Performer RPM Pro-Flo small-block system as above. Designed for non-emission high-performance street or race big-blocks using oval port Edelbrock or factory Chevrolet cylinder heads. Can handle 600+HP and 7000 RPM.

System is complete and includes all necessary hardware and instructions.

CH20379 (Edel. # 3550)..... KIT **2410.95**

Edelbrock Thunder Series AVS Carburetors

NEW!!

STARTING AT

$329.95

Edelbrock

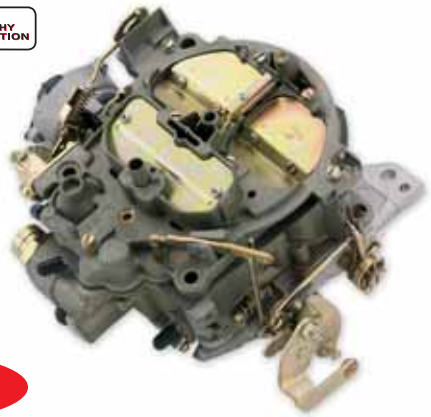

The new Edelbrock Thunder Series AVS (Air Valve Secondary) carbs are a leap ahead in carb performance. With the new Qwik-Tune adjustable secondary air valve you can fine tune the opening rate to match your engine's requirements. You can delay or speed up the opening with just an adjustment without having to change any parts. Another outstanding feature is the dual fuel inlet capability that helps prevents fuel starvation in corners and on hard launches. Check out the new dual feed fuel line that bolts right on to the Thunder carb. The front of the Thunder carbs have been CNC-machined and the throttle lever and adjustment hardware have black accents for a new, distinctive appearance. These powerful and dependable carbs are available in 650 and 800 cfm capacity.

CH25469	650 cfm (manual choke) (Edel. # 1805).....	each	**329.95**
CH25470	800 cfm (manual choke) (Edel. # 1812).....	each	**369.95**
CH25503	dual feed fuel line (Edel. # 8132).....	each	**59.95**

Streetmaster Rochester Quadrajet Carburetors

SMI SEAN MURPHY INDUCTION

C990114

STARTING AT

$349.95

STAGE I: Rochester carburetors are rebuilt to restore factory performance. They are completely disassembled, and cleaned. The casting plugs are sealed with epoxy to prevent leaks. All circuits are sized and calibrated and checked for proper jets, primary metering rods and secondary metering rods. They are then reassembled using the highest-quality components with a new float, choke pull off and bronze-bushed throttle shafts.
STAGE II: has all the features of Stage I plus fully recalibrated idle, off-idle, main, accelerator pump and high-speed circuits to match engine modifications such as intake, headers, ignition or cam changes. This carburetor features improved idle, instant throttle response and maximum torque and horsepower for street or strip.

C990114	70-77	stage I.....	each	**349.95**
C990115	70-77	stage II.....	each	**359.95**

Edelbrock Performer RPM Quadrajet Carburetor

$513.95

Edelbrock

This is a street legal carburetor that is also legal for IHRA Stock and Super Stock classes. Electric choke, 850 CFM carb for 500+ horsepower engines with large, spread-bore manifolds. Calibrated for use with the Performer Q-Jet manifold. Has a .149"-diameter needle and seat assembly to provide enough fuel flow to support high horsepower engines. One totally unique feature is an adjustable cruise air/fuel ratio for part throttle calibration.

CH23727	(Edel. # 1910).....	each	**513.95**

Edelbrock Q-Jet Series Carburetor

NEW!!

$505.95

Edelbrock

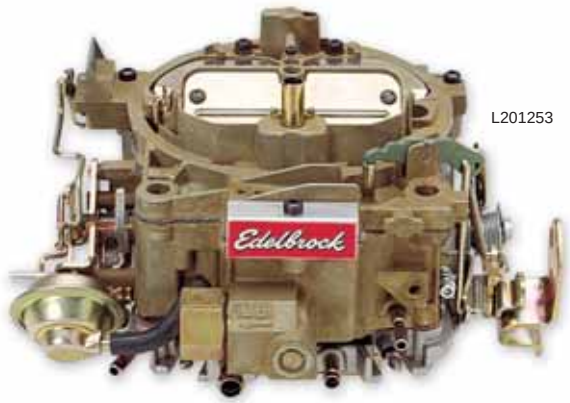

This 795 CFM carburetor was designed for 1975-85 305-454 vehicles with hot air style choke. 50-state legal, engineered and calibrated to stock specs. Has all required vacuum ports. Terrific design for drivability and optimum fuel economy.

CH23728	(Edel. # 1903).....	each	**505.95**

NOTE: Not compatible with stock egr or computer controlled vehicles.

Edelbrock 800 CFM Carburetors

Edelbrock

L201344

STARTING AT

$293.95

The Performer Series 800 CFM carb has a manual choke and a high capacity accelerator pump. It has the same superior features as the rest of the Performer Series line. Features include: bolt-on performance, no "failure-prone" power valves and a two-piece design with no gaskets below the fuel level for easy adjustments without removing the carb. Like the 800 CFM manual choke, the new electric choke carb is engineered for large displacement and street high-performance engines. Features include: 1.750"-diameter throttle bores, high-flow primary tubes and a high-capacity, positive displacement accelerator that delivers outstanding performance.

L201344	70-77	800 CFM w/manual choke (Edel. # 1412)....	each	**293.95**
L201345	70-77	800 CFM w/electric choke (Edel. # 1413)....	each	**314.95**

Edelbrock Choke Cap Kit

NEW!!

Edelbrock

$24.95

Includes choke cap, gaskets, 3 screws and 3 locking tabs.
CH23803 (Edel. # 1474)..... KIT **24.95**

Edelbrock Inverted Flare Fitting

NEW!!

Edelbrock

$11.95

Fitting has 5/8"-20 thread on the carb side and a 3/8" inverted flare on the inlet side for either a steel or aluminum hard line.
CH23804 (Edel. # 8090)..... each **11.95**

Edelbrock Banjo Fitting

NEW!!

Edelbrock

$10.95

Fitting can be rotated 360 degrees and allows you to aim your fuel inlet towards the front or rear of the carb for clearance under a drop base air cleaner.
CH23805 (Edel. # 8089)..... each **10.95**

Edelbrock EGR Adapter

NEW!!

Edelbrock

$44.95

This adapter will reposition the EGR valve to allow installation of 1400 series carbs without the use of spacers. Designed for use on 3706 and EDL-3706 manifolds. Comes with bolts and gaskets.
CH23806 (Edel. # 1476)..... KIT **44.95**

Edelbrock Step-Up Spring Assortment

NEW!!

$5.95

Edelbrock

Made for square-bore Performer carbs, and comes with 5 pair of step-up springs. Includes one pair of 3" HG (blue), 4" H (yellow), 5" HG (orange), 7" HG (pink) and 8" HG (plain). Change your fuel curve and the rate of fuel enrichment.
CH23808 (Edel. # 1464)..... set **5.95**

Edelbrock Accelerator Pump Nozzles

NEW!!

$23.95

Edelbrock

Includes .024", .033" and .043" nozzles and gaskets.
CH23810 (Edel. # 1475)..... set **23.95**

Edelbrock Quadrajet Adapter & Fuel Kit

$49.95

NEW!! Edelbrock

This kit includes all the necessary hardware to add an Edelbrock Performer Series carb to a stock Quadrajet manifold.

CH23811	(Edel. # 2697).....	KIT	**49.95**

Edelbrock Air/Fuel Ratio Monitor

$129.95

NEW!! Edelbrock

Kit consists of an oxygen sensor/bung, wiring harness, and calibrated electronic display. Display indicates air/fuel ratios from 12 to 15:1. Can be used as a tuning tool to guide fuel adjustment and jetting or improve ignition spark advance curves.

CH23733	(Edel. # 6593).....	each	**129.95**

NOTE: Some welding required. NOTE 2: When installed per the instructions, when the engine is running, the actual air/fuel ratio is displayed.

Edelbrock Four-Hole Square-Bore-To-Spread-Bore Adapter

NEW!!

$34.95

Edelbrock

This adapter allows you to mount an Edelbrock Performer or other square-bore carburetor to any manifold with a spread-bore style mounting flange.

CH24012 (Edel. # 2696)..... each **34.95**

Edelbrock Microswitch & Bracket

NEW!!

Edelbrock

STARTING AT

$25.95

CH24216

CH24217

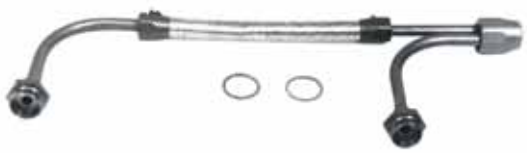

Designed especially for Edelbrock and Holley carbs, these kits inclued a snap-action microswitch, mounting hardware and a CNC-machined, red anodized billet aluminum bracket. Throttle activated switch (12-volt) used to provide 12-volts to anything you would like to be throttle activated such as nitrous systems or trans kickdown.

CH24216 Edelbrock Performer Series Carbs (Edel. # 72280).. KIT **25.95**

CH24217 Holley std flange carbs (Edel. # 72282)..... each **29.95**

Edelbrock Adjustable Dual-Feed Fuel Line Kit

$49.95

NEW!!

Edelbrock

Fits all Holley dual-feed carbs. The Braided Steel Dual-Feed Fuel Line Kit is made from aircraft quality buna-n-neoprene hose encased in a braided stainless steel sheath. Temp, gas, and oil resistant. Inlet from pump made for 3/8" NPT fitting. The fuel line is adjustable between the carburetor bowls from 7 1/2" to 11 1/2". Includes 1/8" pipe fitting and plug for fuel pressure gauge. Hose nipple not included.

CH24009 (Edel. # 8101)..... each **49.95**

Edelbrock Divorced-Style Choke Rod

NEW!!

Edelbrock

$8.95

CH24016

Automatic choke rod, divorced-style for use with Q-jet carbs. CH24016 is for use with manifold #7104 (OPGI #M980004); CH24015 is for use with manifold #7164 (OPGI #M980Q10)

CH24016 SB (Edel. # 9172)..... each **8.95**

CH24015 BB (Edel. # 9178)..... each **8.95**

Edelbrock Throttle Cable Adapter

NEW!!

$4.95

Edelbrock

Kit will help hook up your gas pedal to carb on 1978 and later vehicles. Includes a threaded stud, flat washer, lock washer and cotter pin.

Barry Grant Speed Demon Carburetors

NEW!!

STARTING AT

$399.95

CH25077

Because these carbs use the most advanced design and manufacturing processes, they are the most formidable street performance carburetors offered today. They're calibrated to work with camshafts having 220-240 degrees of duration at 0.050" valve lift and offer exceptional fuel metering capability. They work on 307-502 cubic-inch engines and are available in both mechanical and vacuum secondary versions. The vacuum secondary versions also come with an electric choke. Other outstanding features include:

-Billet baseplate
-Four-corner idle circuitry
-Power valve backfire protection
-Quick-change vacuum secondary spring cover
-"Quik Release" non-stick gasket
-Vacuum fittings
-Billet metering blocks
-Large capacity float bowls

BARRY GRANT

Barry Grant Road Demon 625 CFM Carburetor

NEW!!

$319.95

CH25081

This carb is ideal for a mildly modified engine having a small camshaft (220-240 degrees duration at 0.050" valve lift), stock heads, dual-plane intake manifold, and small-tube headers. The Road Demon 625 provides smooth operation with great off-idle throttle response and it comes with vacuum secondaries and an electric choke. Other outstanding features include:

-Power valve backfire protection
-Four-corner idle circuitry
-Billet metering blocks
-Vacuum fittings
-Large capcity fuel bowls
-Billet metering blocks
-Dual-feed fuel inlet -Most common tuning parts interchange from other manufacturers (jets, gaskets, etc...)

BARRY GRANT

CH25081	vacuum secondary, electric choke (BG# 428010VE)	each	**319.95**

Barry Grant Mighty Demon Carburetors

NEW!!

$499.95

CH25068

The Mighty Demon mechanical secondary carburetor is available in 650, 750, 825, and 850 cfm for a variety of high output and race engine applications. This carb has many standard features that you usually only get on a high-dollar, modified carb. It is calibrated to work with engines having a camshaft with up to 260 degrees duration at 0.050" valve lift, large volume heads, high compression, and single-plane intake manifolds.
Other outstanding features include

-Dual fuel inlets
-Replaceable air bleeds
-4-corner idle adjustment
-Billet baseplate
-Built-in power valve blowout protection
-Billet metering blocks with tuneable jets
-Patented concentric venturies
-Replaceable idle feed restrictors

Barry Grant Speed Demon 650 Crate Engine Carburetors

Proven more powerful than a 750 cfm carb on crate engines!

NEW!!

STARTING AT

$413.95

CH25074

This carb is calibrated to work with the 330 hp and ZZ4 small-block crate engines available from GM Performance Parts. In dyno tests, the 650 cfm Crate Engine Demon carb made more torque and horsepower than a 750 cfm carb. They're available with either mechanical or vacuum secondaries, and the vacuum secondary version comes with an electric choke.
Other outstanding features include:

-Billet baseplate
-Hi-flow choke tower housing
-Large capacity float bowls
-Quick-change vacuum secondary spring cover
-Power valve backfire protection
-Large glass float level sight windows
-"Quik-release" non-stick gaskets
-Four-corner idle circuitry

Barry Grant Jet Extensions

NEW!!

CH25084

STARTING AT

$16.95

BARRY GRANT

Jet extensions help keep the jets in the rear fuel bowl covered with gasoline so there is no fuel starvation on hard launches. You can purchase the jet extensions by themselves, or you can buy a jet extension kit that includes jet extensions and a clearanced nitrophyl float. This allows full travel of the float and no possible interference with the jet extensions, allowing proper operation of the needle and seat. Works great on a high-performance street or drag car.

CH25084	(BG # 120001).....	pair	**16.95**
CH25085	kit w/clearance float (BG # 120099).....	KIT	**29.95**

Barry Grant Carburetor Rebuild Kits

Includes detailed instructions and power valves

CH25103

NEW!!

STARTING AT

$25.95

BARRY GRANT

The standard rebuild kit has all the seals, gaskets, and o-rings for a complete overhaul of your Demon or Holley carb. The master rebuild kits include all the parts in the standard rebuild kit, plus all new screws and hardware to totally renew your four-barrel carb. All rebuild kits include red non-stick gaskets and are available for vacuum and mechanical secondary Demon and Holley carburetors.

Barry Grant Road Demon Jr. Carburetor

NEW!!

STARTING AT

$259.95

BARRY GRANT

Because the Road Demon Jr. carbs were designed to work on smaall or slightly modified engines using some of the most advanced manufacturing techniques available today, they're considered the perfect street carburetor with crisp throttle response, easy of tuning, and good performance and fuel economy. Available in all three sizes (525, 625, and 725 cfm) to fit almost any stock, or slightly modified engine from V6 all the way up to 500 cubic inches. Some of the outstanding features include:

- Vacuum secondaries
- Concentric venturii
- Float bowls with patented sight glasses to check fuel level
- Built-in power valve blowout protection
- Detailed tuning manual
- Common parts interchange with otu manufacturers; jets, power valves, gaskets, etc....
- Available in Manual or Electric chokes

Barry Grant Fuel Systems Pressure Regulators

STARTING AT

$104.95

BARRY GRANT

CH25120

The 2-port adjustable regulator (OPG #CH25121) works great on a single four-barrel carb with dual fuel inlets and is made to handle up to 650 hp. The 4-port adjustable regulator provides outstanding fuel pressure stabilization on a multiple carb application, such as a tunnel ram. Both regulators have excellent flow ratings and maintain constant pressure settings and respond rapidly to varying fuel supply demands on the street & track.

CH25120	4-port (BG # 170023)	each	**218.95**
CH25121	2-port (BG # 170025)	each	**104.95**

Barry Grant Diaphragm Bypass Fuel Log

CH25119

$219.95

BARRY GRANT

This high volume, bypassing gasoline fuel log, must be used when running a 15 psi fuel pump. which prevents gasoline from spilling into the engine through the carburetor due to high fuel pressure blowing the needle off the seat. This diaphragm bypass fuel log returns excess gasoline to the fuel tank when the preset pressure is reached. For gasoline applications only. To connect the fuel log to your carburetor, use two dual-feed fuel inlet fittings OPG #CH25675 for Demon carbs and OPG #CH25676 for Holley carbs.

CH25119	(BG # 170031)	each	**219.95**
CH25675	BG -8AN swivel inlet (BG # 140024)	each	**17.95**

CPT TH350-400 Performance Transmissions

STARTING AT
$799.95

NEW!!

Whether you have a stock engine or one that's built-to-the-hilt, you don't want to have an automatic trans that just slides into gear. You need one that shifts positively into each gear, especially at wide-open throttle. That's why we sell these performance automatic transmissions from California Performance Transmissions. With over five decades of performance automatic transmission rebuilding experience, CPT transmissions are designed for the rigors of the street and strip. They use heavy-duty clutches and bands along with a complete blue-printing that includes modifications for improved lubrication and increased thrust capacity. And the driver has their choice of either complete manual or automatic control of the transmission because of the CPT manual/automatic hi-tech valve body kit installed in each transmission. The TH350 uses the standard gear ratios of 2.52 first, 1.52 second and 1.00 third. The TH400 has a 2.48 first, 1.48 second and 1.00 third. These street/strip transmissions are exact bolt-in replacements for your stock transmission and have all the heavy-duty features described above.

CH25830	TH350 (6" ext. housing)	each	**799.95**
CH25831	TH350 (9" ext. housing)	each	**799.95**
CH25832	TH350 (12" ext. housing)	each	**799.95**
CH25833	TH400 (specify year/model)	each	**999.95**
G221202	TH350 kickdown cable	each	**39.95**
G221205	Shifter cable lever	each	**15.95**

California Performance Transmissions 200-4R Extreme-Duty Non-Lockup Transmission

STARTING AT
$1459.95

NEW!!

The 200-4R transmission, the ultimate 4-speed automatic, has been long overlooked as a great transmission for street rods. Built with the correct parts it can give you better mileage, lower cruise RPM, and up to 300% longer engine life. Other features are lower gear ratios in first (2:74) and (1:57) in second gear. The 200-4R is the same length as a TH350 or a Powerglide. It has the same drive yoke as the TH350 and Powerglide, which means you can utilze the stock driveshaft. The ultimate 4-speed automatic, can be beefed up to handle in excess of 800hp. The 200-4R can shift into overdrive at full throttle. The 200-4R has a multiple bolt pattern that will fit Buick, Oldsmobile, Cadillac, Pontiac and Chevrolet engines. There are also adapters available for other engines. The gear shift and cooler lines are the same as the TH350 and Powerglide and hookup easily. The only modification necessary is moving the crossmember back 6-1/2" from the TH350 or Powerglide position. The 200-4R also has a T.V. throttle cable and bracket that hooks to your carburetor or throttle body. This will give you control over your shift points.

CH23587	200-4R (400 plus HP, Extreme Duty)	each	**1459.95**
CH23588	T.V. cable 200-4R	each	**59.95**
CH23589	T.V. cable bracket (Holley carb)	each	**59.95**
CH23590	T.V. cable bracket (Edelbrock carb)	each	**59.95**
CH23591	T.V. cable bracket (Q-jet carb)	each	**59.95**
G221205	Shifter cable lever	each	**15.95**
G221188	200-4R (250-400 HP)	each	**1159.95**
G221189	200-4R (mild street performance)	each	**1349.95**

NOTE: This product requires TRUCK FREIGHT SHIPPING and must be pre-paid. Please phone for shipping charges to your area.

California Performance Transmissions Torque Converters

NEW!!

STARTING AT
$299.95

The revolutionary Street Converter (1500-1800 stall) that came from research and development of off-road competition. These converters offer a slightly higher stall speed that would allow greater torque bands at medium and high speeds. Increased lock-up at higher RPM ranges. An increase over stock converters in excess of 34 horsepower with the 11". In addition there's an increase in fuel mileage at cruise speed. The 10" converter is recommended for vehicles in excess of 450hp. Thus, named Heavy-Duty Super Torque Converter. You'll get 52 extra horsepower over stock converters with the HD Super Torque converter.

CH23592	12" TH350-400 (1500-1800)	each	**289.95**
CH23593	12" 200-4R (1500-1800)	each	**289.95**

B&M Transmission Cooler

$46.95

Increase transmission and torque convertor life by installing this cooler. Top quality construction with hose barb connections.

L201284	70-77	11" x 5-3/4" x 3/4"	each	**46.95**

Trans Coolers By Derale

Copper/aluminum construction

L201365

L201421

$49.95

Made of copper/aluminum, this piece is powdercoated black and includes instructions, hoses and mounting straps. Extra hoses are available, they are 11/32" Goodyear hose with braided cover. Looks good and prevents abrasion. Includes AN hose ends for a leak free connection.

L201365	70-77	10" x 12" x 3/4"	each	**49.95**
L201366	70-77	10" x 17" x 3/4"	each	**52.95**
L201421	70-77	6' hose	each	**39.95**
L201422	70-77	12' hose	each	**69.95**

700-R4 4th Gear Lockup Kit

$169.95

This kit allows use of the lockup torque converter feature in non-computer applications. This kit will properly operate the converter lockup clutch in conversions using the 700-R4 transmission. This kit features a vacuum switch to unlock the converter clutch under high engine load to increase torque multiplication.

C990135	each	**169.95**

B&M Transmission Deep Fluid Pans

STARTING AT
$44.95

The B&M deep fluid pans give you additional fluid capacity for more cooling, with no modification to your dipstick. Some models include fluid pick-up extension. All pans include drain plug.

Lucas Transmission Fix w/ ATF Conditioners

NEW!

$9.95

Stop your transmission from slipping! With its polymetric film, Lucas Transmission Fix renews worn bands to stop slipping. It cleans and lubricates sticking valves for proper shifting and controls heat & foaming. It's the perfect preventative maintenance product to stop initial wear in newer transmissions. Compatible with all transmission fluids.

CH25219	24 oz.....	each	**9.95**

B&M Performance Fluids

STARTING AT
$7.95

B&M Synthetic Stick Shift - Gives you maximum performance on your manual transmissions and differentials. Improves lubrication for street & strip. SAE 75 W90 fluid allows for quicker shifts.

B&M Trick Shift - Is for automatic transmissions. This is not an additive, can be mixed with other types of ATF but works best by itself. Increases the life of your transmission and helps with quicker shifts.

CH23677	Stick Shift (B&M # 80287).....	each	**9.95**
CH23678	Trick Shift (B&M # 80286).....	each	**7.95**

Hays Performance Clutch Kits

Light pressure and quick release

STARTING AT
$279.95

The Hays Performance clutch kits are an excellent upgrade from the stock unit and exceed the OEM specifications in every way. Light pedal pressure combined with a quick release makes this diaphragm clutch kit a great choice for the street. Performance throwout bearings and pilot bushings to compliment these clutch kits are highly recommended.

Centerforce Dual Friction Clutches

STARTING AT
$259.95

This heavy-duty clutch/disc set is designed for use with engines producing high horsepower and torque. The dual friction clutch disc withstands high heat and shock loadings due in part to the use of two different friction materials, one per disc side. The special weights on the pressure plate fingers helps to prevent them from going over center and the clutch sticking to the floor. The ultimate clutch for manual transmission-equipped vehicles!

Transmission Mounts

Reproduced to OEM specifications - Replaces worn or broken transmission mounts

$9.95

These are perfectly made reproduction with the same fit and function as the OEM mounts.

TM02378 70-72 all with MT..... each **9.95**
TM02295 70-72 all with AT..... each **9.95**
*NOTE: * all except 1970-72 w/AT.*

1970-72 Urethane Transmission Mount

Fits 1970-72 transmissions & is resistant to oil & grease ensuring a long life.

$25.95

Fits all transmissions with either 1- or 2-bolt style (transmission to crossmember) mounts. Fits either manual or auto transmissions.

POLY220 70-72 ..... each **25.95**

B&B Solid Steel Transmission Mount

Eliminates unwanted movement

$24.95

Just as solid motor mounts fight deflection at the front of the drivetrain, this solid transmission mount eliminates unwanted movement at the back. This is a universal trans mount that replaces OEM rubber mounts in 1959-1981 GM cars, and fits all popular 4-speed and automatic transmissions.

CH24967 70-72 ..... each **24.95**
NOTE: Cannot be used without using solid engine mounts. If used by itself, solid trans mount will BREAK transmission mount pad on transmission case.

Complete Clutch Linkage Kits

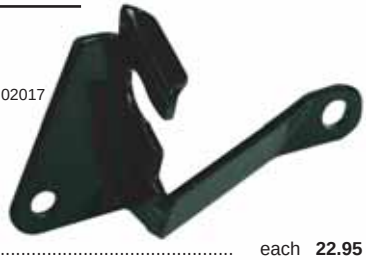

$329.95

Most components are original GM. Where the original could not be found, certain parts have been meticulously reproduced to exacting specifications. The "Z" bar and pedals are two of the items that haven't been available anywhere, until now.

1970-73 Delco Tar Top Battery

Original-style DC-12 Delco battery
When looking for originality and quality, look for Delco DC-12 tar top batteries. Used on Monte Carlos through the years, this is the restorers choice.

$179.95

Correct reproduction of the original "tar top (rubber)" 1970-73 Delco batteries. "We make em' like they used to..." These reproduction script batteries are double boxed with styrofoam inserts in a D.O.T. - approved packaging system to guard against shipping breakage. Shipped direct to you dry. Includes correct caps and the vintage "Delco Eye"!

NCB2DC1	64-65	DC12	each	**179.95**
NCB2R59	66-73	R59	each	**179.95**

NOTE: This OVERWEIGHT item requires an additional freight charge of $14.95.

1970-73 Delco Battery Cover

Original look

G990032

$45.95

Give your car an original look with the Delco battery cover. Every tag and decal has been authentically reproduced, the cover is an exact duplicate, it's easy to install and will fit over any 24-60 flat top battery with correct post location.

1970-77 Battery Mat Tray Saver

$3.95

This revolutionary item is placed under your vehicle's battery and slows the damaging effects of a typical slow acid leak that most batteries have. Helps save money in repairs and replacements from increasing the life of your new battery tray to expensive suspension repairs. Super absorbent polypropylene needle punch felt - a space age design! Two are recommended for the typical "A" body battery tray.

"Cool It" Battery Wrap

NEW!!

COOL IT Thermo Tec AUTOMOTIVE PRODUCTS

$24.95

Battery wrap is a combination of materials designed to provide the ultimate in protection from heat and vibration that destroys batteries. The black felt material has a proprietary treatment applied to the material that neutralizes acid. The adhesive-backed composite construction material is applied to the acid absorbing material to provide the ultimate battery heat shield. Adhesive-backed heat barrier protects parts and components from conductive and radiant heat. Heat barrier is made up of woven silica with a flexible aluminized finish. The highly reflective surface of the material is capable of withstanding radiant temperatures in excess of 2000 degrees F. ***Battery wrap is in a kit that includes an 8" x 12" acid absorbing/neutralizing felt and an 8" x 40" piece of aluminized thermal barrier material.***

Painless 12-Circuit & 18-Circuit Wiring Harnesses

Painless wiring is simply the highest quality wire you can buy! All Painless harnesses use thermal cross-linked (TXL) high temperature wire. TXL wire has twice the voltage rating of standard general purpose (GTP) wire and can withstand temperatures up to 275 degrees. It delivers performance on demand in high-performance applications. Plus, it will not kink and is abrasion resistant, making it much easier to route. Painless also utilizes OEM-style fuse blocks that feature easy-to-find modern blade fuses, clearly labeled circuits, and corrosion resistant construction. With Painless wiring, each wire is pre-printed with the application so you know right where it goes. With Painless, you're simply investing in the best!

NEW!!

STARTING AT **$281.95**

PAINLESS PERFORMANCE PRODUCTS

12-Circuit: All kits come with more than enough wire and terminals etc. to do the job. You cut and route to suit your needs.
S210120 GM keyed column w/signal (Painless # 10101)..... each **299.95**

18-Circuit: All kits come with more than enough wire and terminals.
S210201 GM keyed column ignition w/sig (Painless # 10201)..... each **329.95**

Painless 18-Circuit GM Musclecar Wiring Harness

Painless brand harnesses utilize a unique thermal cross-linked (TXL) high- temperature wire that sets the industry standard. The big plus here, is that TXL wire has twice the voltage rating of standard general purpose wire (GTP) and can withstand much higher temperatures (up to 275 degrees). Perfect for high-performance applications! Painless wiring will not kink, and it's abrasion resistant, so your routing will be a snap.

NEW!!

$423.95

PAINLESS PERFORMANCE PRODUCTS

Works with factory locations. Easy to install, factory original, quick connect terminals included for the in-dash printed circuit board. Pre-terminated plugs for the ignition & turn signal switches.
S220102 (Painless # 20102)..... each **432.95**

Painless Quick Disconnect Alternator Lead

NEW!!

$17.95

Makes engine swaps or alternator swaps easy. Can be used on even the highest output alternators. Comes with pre-wired pigtail and mating plug.

S240110 (Painless # 40110)..... each **17.95**

Painless Remote Starter Solenoid

NEW!!

$31.95

Allows you to position the starter solenoid any place you need to in order to make your installation correct. Comes with plenty of extra wire & connectors to do the job right.

16510	72	see note 2	each	424.95
15490	73	Lower half w/gauges w/fuse box	each	424.95
15495	73	Upper half w/gauges	each	134.95
20740	74	W/gauges	each	449.95

NOTE: 20740 has air conditioning wiring incorporated into harness.
NOTE:2 16510 All, round-gauge w/SS gauge & SBW lights

AIR CONDITIONING HARNESS

This harness provides wiring for air conditioning relays and compressor in the engine compartment. IMPORTANT: These harnesses are made to order and may require up to 8 weeks delivery time. Sorry, no C.O.D. orders accepted, this item must be pre-paid.

14965	70		each	~~120.00~~	109.95
15440	71		each	~~120.00~~	109.95
16465	72		each	~~120.00~~	109.95

AIR CONDITIONING POWER FEED WIRE

Applications:
10970: 1970-71 horn relay to AC fuse,
16405: 1972 horn relay to AC fuse, all

28545	70-71		each	14.95
16405	72		each	15.95

KICKDOWN HARNESS

17565	70-72	With Turbo 400 auto trans	each	~~39.95~~	21.95

NOTE: Harness #17565 is the switch to engine harness.

CONSOLE HARNESS

11915	70-72	Manual trans	each	~~35.00~~	19.95
11925	70-72	Automatic trans	each	~~59.00~~	39.95

1970-72 Braided Ground Straps

$18.00

These are high-quality reproductions of the straps that ground the engine to the frame and the frame to the body.

M1240TC 70-72 ..... set **18.00**

NOTE: These also come with the bolts that screw them in and a complete diagram highlighting the correct location of each strap.

Taylor 8MM Spiro Pro-Race Fit Wire Sets

NEW!!

$54.95

Taylor Spiro Pro 8mm spark plug wires have a high conductivity resistor conductor spiral wound with a stainless steel wire for more power through the wire and to the plug. They have 10 times less resistance than standard wires and this helps eliminate electronic interference to radios, ignitions & computer -controlled devices. Spiro Pro wires use two layers of 100% silicone on the outside with a temperature rating of 600-degrees without additional sleeving, the highest on the market. The spark plug boots are low profile and have double spring lock spark plug terminals.

Taylor Thunder Volt 50 Race Fit Spark Plug Wire Sets

NEW!!

$119.95

Taylor Cable has crafted the finest racing ignition wire available. It has the their lowest resistance wire, 50 ohms, +/- 20%, per foot. The 10.4mm wire has 102,000 volt dielectric strength and has continuous heat protection of up to 600-degrees Fahrenheit. The Thunder Volt 50 wire has three layers of 100% Zimplex silicone along with a ferrite spiral-wound coated core blended of an exclusive copper-nickel alloy and a heat-treated tightly wound fiberglass braid, so no sleeving is required. Taylor uses 100% silicone plug boots with a vibration-proof double spring locking spark plug terminal. Available in black with gold lettering only. Get the ultimate in spark plug wires, Taylor Thunder Volt 50.

Taylor "409" Pro-Race Wire Sets

NEW!!

$108.95

Taylor "409" Pro Race ignition wire sets provide continuous heat protection up to 600-degrees Fahrenheit and have 102,000 volt dielectric strength. Heat-treated, tightly woven fiberglass braid is applied over the spiro wound conductor, which is then wound with stainless steel wire for RFI (Radio Frequency Interference) suppression. This conductor/wire combination has 10 times less resistance than standard suppression wires. This enables electronic ignitions, on-board computers, and cell phones to function properly. For reliable street or track performance, you can count on Taylor "409" Pro Race spark plug wires.

NOTE: Cars built during February (of the model yr) or later are considered late style.

MSD 8.5MM Super Conductor Spark Plug Wire Set

MSD IGNITION

STARTING AT

$76.95

Set includes terminals for engines with early and late-type distributor caps. Straight & 90-degree boots & terminals factory installed on one end.

CH20101	90 degree/90 degree (red) (MSD# 31239)	set	**79.95**
C200201	90 degree/straight (red) (MSD# 31199)	set	**76.95**
CH24969	90 degree/straight (black) (MSD # 31233)	set	**89.95**
CH24970	90 degree/90 degree (black) (MSD # 31223)	set	**79.95**

GM Performance Spark Plug Wires

High-performance
Big-block or small-block

$124.95

These performance wires are made for rear mounted distributors. These are 8mm red cables with contrasting white logos and black boots. Double wall silicone construction, silicone boots and 600 ohms per foot resistance. Includes 10" coil lead and four wire separators.

CH20214	SB - Bow Tie	set	**124.95**
CH20215	BB - Bow Tie	set	**124.95**
CH20216	SB - GM Performance	set	**124.95**
CH20217	BB - GM Performance	set	**124.95**

1970-77 Pertronix Spark Plug Wires

$44.95

PERTRONIX Inc.

New from Pertronix are these 8mm, 90-degree & 90-degree/ straight spark plug wire sets. Made for all V8 engines.

L201261	70-77	black 90 degree (Pertronix # 808290)	set	**44.95**
L201262	70-77	blue 90 degree (Pertronix # 808390)	set	**44.95**

MSD Short HEI Boot Set

$12.95

A complete set of high temp. boots and locking dual crimp terminals for your custom wire set.

CH22389 (MSD # 8848)..... set **12.95**

Taylor Spiro-Pro/.409 Strip & Crimp Tool

NEW!!

$12.95

A must when stripping Spiro-Pro wires. Cuts just the right amount of wire insulation, without damaging the Spiro-Wound conductor. Crimps terminals with aid of bench vise. For 8mm/10.4mm sizes.

CH25587 (Taylor # 43395)..... each **12.95**

Taylor Spark Plug & Coil Wire Repair Kit

NEW!!

STARTING AT

$9.95

Taylor cable makes it easy to replace or repair one spark plug or coil wire at a time. Available for the extra large 10.4mm diameter wire and the 8mm wire, these repair kits are available in several colors. Spark plug wire kits have a 90-degree boot on one end and a 180-degree boot on the other and they HEI end and the wire is 36" long. These kits make repair a single wire very easy and cost-effective.

CH38300 available colors: Black, blue, or red.
CH38400 available colors: Black, blue, red, or yellow.

CH38300	"409" 10.4mm Spiro-Wound.....	KIT	**22.95**
CH38400	8mm Spiro-Pro 90/180.....	KIT	**13.95**
CH38800	coil wire (409).....	KIT	**13.95**
CH38900	coil wire (8mm).....	KIT	**9.95**

Taylor Pro Multiple Purpose Wire Tool

NEW!!

$13.95

Made of high carbon steel, cuts and strips automotive primary wire (10-22 gauge), crimps insulated and non-insulated solderless terminals. Crimps 7-8m spark plug wire ends.

CH25578 (Taylor # 43390)..... each **13.95**

Taylor Convoluted Tubing

NEW!!

$13.95

These packages come with multiple sizes per package (1-1/4", 1-3/8", 1-1/2" 1-3/4"). Each size is a 10 ft. roll. Made of flexible polyethylene tubing, they protect wires from abrasions and heat.

Colors available: Black, blue, purple, red, teal, white, or yellow.

CH38500 ..... set **13.95**

Taylor Spark Plug Boot Removal Tool

NEW!!

$11.95

Removes wires from plugs without damaging wire and plug boots. Prevent burns to fingers.

CH25577 (Taylor # 43392)..... each **11.95**

"Cool It" Thermo-Sleeve

NEW!!

STARTING AT

$13.95

Lamination of a high-temperature fabric to a highly reflective foil is the make-up of the thermo-sleeve, which provides protection from radiant heat for hoses and wires. Thermo-sleeve's ultra-lightweight construction provides more insulating than traditional bulky rubber-coated fiberglass. The aluminized sleeving reflects over 90 percent of radiant heat, and is fire-proof & oil-resistant.

CH25142	3' x 1/4" - 1/2"	each	**13.95**
CH25143	3" x 5/8" - 1"	each	**15.95**
CH25144	3' x 1-1/8" - 1-1/2"	each	**19.95**
CH25145	3' x 1-5/8" - 2"	each	**23.95**

CH25150	12' x 1-5/8" - 2"	each	**78.95**
CH25151	12' x 2-1/8" - 2-1/2"	each	**90.95**

MSD Boot Armor

NEW!!

$19.95

The ultimate heat protection for your spark plug boots! These stainless steel sleeves provide a heat shielding armor around the spark plug boot. The 321 stainless material features an embossed pattern for durable strength and is annealed for forming ease. This resilient material can handle over 2500 degrees making these the best protection you can achieve against exhaust heat. Includes Dual Crimp Spark Plug terminals, high heat boots and two Boot Reflectors.

CH24956	90-degree	pair	**19.95**
CH24957	135-degree	pair	**19.95**
CH24958	straight	pair	**19.95**

MSD Shrink Sleeve With Numbers

$12.95

This sleeving simply slides over the spark plug boot or other connection & will shrink tightly around it for a secure connection. The sleeves have the cylinder numbers on them so each wire is clearly marked to prevent any confusion.

CH24955		set	**12.95**

Taylor Clamp-Style Wire Separators

NEW!!

STARTING AT

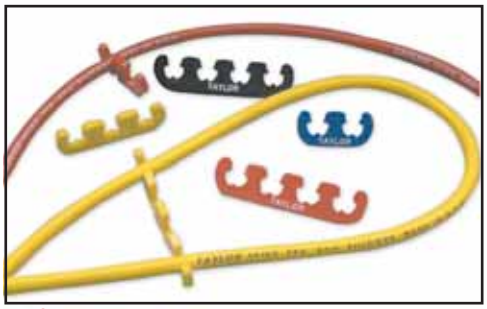

$17.95

Separates, organizes, and supports plug wires. Molded from non-conductive 6/6 nylon. Will not melt, mar, distort, crack, or fade. Available in black, blue, or red.

CH38100	7-8mm	set	**17.95**
CH38200	"409" 10.4mm	set	**21.95**

Taylor Clip-On Colored Wire Separators

STARTING AT

$8.95

NEW!!

Made of tough nylon that withstands 400 degrees. Each set contains 2 each of 2-, 3-, and 4-wire separators. ***CH38600 available colors: Black, blue, red, or yellow. CH38700 available colors: Black, blue, or red.***

CH38600	7-8mm	set	**8.95**
CH38700	"409" 10.4mm	set	**9.95**

Universal Spark Plug Wire Divider Set

$35.95

This universal spark plug wire divider kit features your choice of a color aluminum bracket with adjustable mounts to provide fit for a variety of applications.

C210304	brushed aluminum	pair	**35.95**

MSD Pro Crimping Tool

$54.95

Making plug wires on your own is easy with the MSD Pro Crimping Tool. This tool provides a "die" to strip either 8mm Heli-Core or 8.5mm Super Conductor Wire, then it can be used as a vise to provide a solid terminal crimp to the wire.

CH20326 ..... each **54.95**

Spark Plug Heat Shields

Helps prevent melting plug wires and fouling spark plugs.

STARTING AT

$34.95

These are the heat shields that cover the spark plug from the extreme heat of exhaust manifolds. Complete set.

DESPB12 70 Small-block..... **34.95**
TWM3130 70-71 Big-block (pictured)..... **54.00**

Spark Plug Wire Supports

Wire Supports

ORIGINAL GM

STARTING AT

$7.95

Mounting on the valve cover, these wire supports shield heat from the manifold. They're original GM pieces that fit all small-blocks. Now in stock.

87A0058 70 ..... each **19.95**
87A0061 70-74 ..... each **7.95**

Note: 87A0061 mounts on the right front or left rear of the valve cover.

GM HEI Distributor

ORIGINAL GM

$289.95

This complete distributor is the same one used in all GM crate engines with roller cams that are made of steel. Will not work on "tall" decks and has melonized cam drive gear.

CH23878 SB/BB..... each **289.95**

MSD Pro-Billet Chevrolet V-8 Distributors

STARTING AT

$229.95

This is the perfect upgrade for the outdated points distributors or outdated HEI's. Made for street driven cars, this system is built around a precision CNC-machined billet aluminum housing. This ignition system is made to smooth out the idle, improve starting and provide a much higher rpm range. The Ready-To-Run features MSD's adjustable mechanical advance so you can custom tailor an ignition curve to match engine needs. System is complete, ready to drop-in and go.

C990110 Use w/blaster 2 coil..... each **299.95**
C990112 Replacement cap..... each **20.95**
G200065 Hi-perf replacement rotor..... each **18.95**
CH20418 Use w/6AL box..... each **229.95**

MSD Ready-To-Run Pro-Billet Distributor Kit

MSD IGNITION

$334.95

This is the perfect upgrade for an outdated points or HEI distributors. Designed for street driven cars, this system is built around a billet aluminum housing that is CNC-machined to exact tolerances. An oversized steel shaft is guided by a sealed ball bearing and an extra-long sintered bushing for high RPM stability and endurance. Features an easy-to-adjust mechanical advance, along with a vacuum andvance to dial in performance. Distributor has a built-in module that provides a much more powerful spark than any stock HEI. Includes Blaster 2 coil, coil bracket, coil wire, standard distributor cap and a HEI-style distributor cap.

C990111	70-74	(MSD # 8474).....	KIT	**334.95**

MSD Pro-Billet GM HEI Distributor

MSD IGNITION

$369.95

MSD engineers created this ignition system to be capable of running above 9,000 RPM, which is 50% more current than stock units that lose spark energy at approximately 4,500 RPM. This unit also delivers a much more precise timing signal. Features include a magnetic pickup, billet reluctor, Tuftride-coated shaft that is guided by a sealed ball bearing and long sintered bushing, adjustable mechanical advance assembly, all which is enclosed in a billet aluminum housing that is CNC-machined. This is a complete set up, ready to drop in.

MSD Super HEI Kit

MSD IGNITION

STARTING AT

$259.95

Both Super HEI kits allow you to remove or bypass the low-powered HEI module and coil and replace them with the MSD 6A or 6AL ignition control and the Blaster 2 high output coil. The result is more power, increased RPM range, easier starting, plus better mileage & performance.

Kit includes: MSD ignition (6A or 6AL), Blaster 2 coil, coil wire, HEI dust cover & coil bracket. The 6AL has a Soft Touch Rev Control to protect your engine from over-rev damage.

CH22385		MSD 6A box (MSD # 8400).....	KIT	**259.95**
CH22386		MSD 6AL box (MSD # 8500).....	KIT	**299.95**

MSD Pro-Billet Chevrolet V-8 Distributors

MSD IGNITION

STARTING AT

$229.95

This is the perfect upgrade for outdated points or HEI distributors. This distributor is built around a billet aluminum housing that is CNC-machined to exact tolerances. An oversized steel shaft is guided by a sealed ball bearing and an extra-long sintered bushing for high RPM stability and endurance.

MSD Ultimate HEI Kit

$149.95

For use with non-computerized (4-pin module) HEI models only. Rebuild your GM HEI with MSD performance. Exceptional high-speed coil saturation for full power, high RPM operation. Matched coil & module produce the highest voltage and energy. Complete kit with a brass terminal cap, rotor, module, coil & dust cover.

CH22390 (MSD # 8501)..... KIT **149.95**

MSD Blaster 2 Points Coil Kit

STARTING AT $41.95

These coils put out 45,000 volts, 15,000 more than stock. They also have an oil-filled metal cannister and fit stock brackets. Comes with a ballast resistor.

CH22383 chrome (MSD # 8200)..... KIT **44.95**
CH22384 red (MSD # 8203)..... KIT **41.95**

MSD 6A/6AL Ignition Box

STARTING AT $179.95

Whether looking for more power or better fuel economy, the MSD 6 or 6AL will fill the need. This box will work on virtually any vehicle as long as it has a 12-18 volt electrical system. Get quicker ET's, easier starts, reduced plug fouling and better fuel economy. The 6AL system includes Soft Touch Rev Control to help protect your vehicle in case of missed shifts or driveline failure.

CH20096 MSD 6AL (MSD # 6420)..... each **239.95**
CH20496 MSD 6A (MSD # 6200)..... each **179.95**

MSD Digital-6 Plus Ignition Control

$323.95

MSD IGNITION

The fastest of all digital ignitions. The Digital-6 allows you to switch between two 100 RPM rotary switch increments. A single stage retard for nitrous and top-end performance. Start retard eases pressure on the starter, flywheel & engine. Adjustable magnetic pickup compensation produces accurate trigger signals. LED display warns of trigger signal problems or faulty charging system. Fully potted with polyurethane for vibration and water protection.

CH22391 (MSD # 6520)..... each **323.95**

MSD Blaster HVC II

$119.95

MSD IGNITION

New coil technology to be used with the MSD 6 series line for incredible voltage and high current. Efficient windings and material produce incredible voltage. Lightning quick rise time and lengthy spark duration. Windings are completely potted with a fracture resistant compound for vibration resistance.

CH25811 (MSD# 8253)..... each **119.95**

MSD Blaster Ignition Coils

MSD IGNITION

STARTING AT

$31.95

MSD Blaster Coils are an upgrade to your stock coil or if you want to complement the performance of your MSD Ignition. These coils do not include a ballast resistor. When using an MSD Ignition Control, the ignition is responsible for delivering the voltage to the coil so a ballast is not necessary. Ths Blaster 3 Coil features an extra tall tower to improve the coil wire attachment and spark isolation. Includes 90-degree terminal and boot.

CH20097 Blaster 2 (MSD # 8202)..... each **31.95**
CH20098 Blaster 3 (MSD # 8223)..... each **39.95**

MSD Blaster SS Coil

MSD IGNITION

$44.95

The efficient e-core windings are designed to produce high amounts of current without sacrificing the voltage output. In fact, when used with an MSD 6 series ignition, the Blaster SS produces 300 milliamp with a maximum voltage output of 40,000 volts.

CH25810 ..... each **44.95**

MSD GM High Energy HEI Module

MSD IGNITION

$74.95

MSD has created a high energy ignition module to replace the stock GM HEI ignitions with an internal coil. These modules are capable of delivering sparks up to 9,000 RPM, and hold a more precise and dwell control at high RPM. It also produces 50% higher coil drive current than the stock module, which saturates the coil faster and gives you more spark energy at top speeds.

MSD Digital Ignition Tester

$156.95

This valuable tool allows you to test your ignition while it's in the car. The tester produces a simulated trigger signal that fires the ignition as if the engine were running. A special load-producing clip-on spark plug is included to connect the coil wire. If the spark is unable to jump the gap of the tester, there is an ignition problem and you can trace it. The tester has an LCD display that will show simulated RPM, so you can test RPM limits, RPM activated switches, shift light operation and tachometer.

CH20327 70-77 (MSD# 8998)..... each **156.95**

MSD Distributor Clamps

STARTING AT

$24.95

MSD's billet Chevrolet distributor hold down clamp is strong enough to keep the timing locked in place whether using an MSD Billet or Pro-Mag distributor. CNC-machined from steel. Each clamp includes mounting stud, lock washer & nut.

CH22392 Rounded (MSD # 8010)..... each **36.95**

Your Satisfaction Guaranteed

MSD Self-Powered Timing Light

$179.95

When timing your engine nothing is easier to use than MSD's self-powered timing light. The light does not require 12 volts like other lights, it uses six AAA batteries, which means no wires hanging in your engine compartment.

CH20102 70-77 (MSD# 8212)..... each **179.95**

MSD Firewall Feed-Thru

$11.99

This handy piece will prevent voltage leaks in the passenger compartment mounted coil. Molded from Rynite and nylon, it will give you 1/2" of insulation to ensure the coil's spark reaches the distributor.

CH20100 70-77 (MSD# 8991)..... each **11.99**

Pertronix "Second Strike" Ignition Box

$284.95

Your factory inductive-type ignition is known for its long burn time, but not necessarily its high energy. Capacitive discharge (CD) ignitions are known for their high energy, but not long burn time. Pertronix has combined the two with its "Second Strike" ignition supplement that uses your stock ignition as the primary spark producer and follows it with a second spark, anywhere from 2-18 crank degrees later, from its "Second Strike" CD box. This assures you of complete burning of the air/fuel mixture in the combustion chamber. And it means you can get more power, better combustion efficiency and reduced plug fouling. The "Second Strike" also has a built-in rev limiter that randomly cuts out a spark from different cylinders to reduce plug fouling when you over rev your engine. This ignition supplement works with most OEM and aftermarket non-CD ignitions and is compatible with most modern tachs without an interface.

CH25765	.....	each	**284.95**

Pertronix "Ignitor" Electronic Ignition

STARTING AT

$73.95

Ignitor I - Get the performance of an electronic ignition system while retaining your stock distributor. Test results show twice the voltage to spark plugs, which increases horsepower, fuel economy and plug life. System fits entirely inside the distributor. Guaranteed for 30 months.
Ignitor II - Utilizes a powerful new microprocessor that controls the dwell period, for the best possible spark over the entire RPM range. The electronic module is a huge step up from your old point-type ignition. It offers you quicker starting, longer plug-life and increased horsepower. Best of all, you get all these advantages at a much lower price than those more expensive "box-type" ignition systems.

Pertronix Digital Rev Limiter

NEW!

Close-up Shown

$154.95

The Digital Rev Limiter digitally controls RPM limits by stealing random sparks just one RPM past the limiter setting. This reduces spark plug fouling common to other rev limiters. You can set the limits in 100 RPM increments using easy-to-adjust rotary switches and with the TTL interface, the Digital Rev Limiter is compatible with most modern tachs. Limiter will operate on 6-18 volts and has a 4-wire hookup for easy installation.

NOS "Cheater" Nitrous System

Pick-up 150-250 horsepower at the touch of a button - Easy-to-install and available for square- and spread-bore carbs

STARTING AT
$298.95
NEW!!

To give you an idea of how powerful the Cheater Nitrous System is, check this out: A '71 SS454 Chevelle went 13.30 @ 99.3 stock to an 11.60 @ 118.7 after installing a Cheater Nitrous System. That's bolt-on power you can feel. This single-stage system comes with a 10-lb. bottle, large nitrous and fuel solenoids, four stages of jets, 1/2"-thick spraybar plate, aircraft-quality supply lines, and all the electrical and hardware for a complete installation. You can also get a dual-stage system for cars that are traction-limited and can't handle all the horsepower at once. There's also a system for dual-quads.

CH25492	V8 Holley 4-bbl (NOS# 02001NOS).....	KIT	**464.95**
CH25493	V8 Quadrajet/Holley spread-bore (NOS# 02004NOS)..	KIT	**464.95**

CH25495	Cheater "Kit" (NOS# 0022NOS).....	KIT	**298.95**

NOTE: You must use a fuel pump capable of 5-10 psi flowing 0.1 gallon per hour per hp at 6 psi. Forged pistons are highly recommended. A racing ignition system with adjustable timing has to be used along with a single-plane intake manifold.

NOS Powershot & Super Powershot Nitrous System

The simplest nitrous systems available for V8s'

STARTING AT
$385.95
NEW!!

The Powershot nitrous system uses a thin ½"-thick plate inserted between the intake manifold and the carburetor to inject the nitrous and extra fuel into the engine for up to 125 non-adjustable horsepower. This simple-to-install system comes with a 10 lb. bottle, premium nitrous solenoids, aircraft-quality stainless steel hoses, injector plate, and all the other electrical and mounting hardware for a complete installation. An example of the incredible power and performance this system can provide is that of a '68 Chevelle with a 327. Before the Powershot system was installed the car ran 14.3 seconds at 98.1 mph; after the Powershot system was installed it ran a 12.5 seconds at 109.6 mph. That's almost two full seconds in elapsed time reduction and a pickup of over 10 mph in the quarter mile. The Super Powershot system is similar to the Powershot, except it has a Jetpack where you can change the jetting of the system to go from 100 hp to 125 hp to 150 hp. Instant horsepower at the press of a button!

NOS Big Shot Nitrous System

World's most powerful single-stage nitrous system

Get an additional 200-400 bolt-on horsepower

$529.95 NEW!!

The Big Shot Nitrous System is the most powerful single-stage plate nitrous system available and is designed for competition applications. This system comes complete with a 10 lb. bottle with mounting brackets, a varied supply of powerjets, electrical wiring and connectors, all hardware, nitrous supply lines, and a detailed installation and instruction book. A unique feature is the 1/2"-thick fogging plate with two spraybars that each have 88 holes for the ultimate in atomization of nitrous and fuel. Depending upon the powerjet combination, you can get anywhere from a 200-400 hp boost using the Big Shot Nitrous System. Because this system is designed for competition use, the engine this unit is used on has to have premium engine components, i.e., forged crank and pistons, 4-bolt main block, competition prepped heads,high-quality racing ignition, single-plane intake, etc...

CH25491 Holley 4-bbl (NOS # 02101NOS)..... KIT **529.95**

NOTE: This nitrous system requires a fuel pump capable of producing 5-10 psi flowing at least 0.1 gallons per hp at 6 psi. Only single-plane intake manifolds can be used with a high-quality race ignition w/timing control. Racing gasoline must be used.

NOS "Top Shot" Hidden Nitrous System

Pump your power up 150 hp with a hidden nitrous boost

Concealed under your air cleaner

STARTING AT **$479.95** NEW!!

You don't want anybody to know where your nitrous is? Hide it inside your air cleaner with the NOS Top Shot Hidden Nitrous System. This is the easiest nitrous system to install because all you do is slide the fuel/nitrous module down over your air cleaner stud, hookup the provided supply lines & connect the wiring, drop the air cleaner top on, tighten it, and you're done. This system comes with flare jets which are adjustable from 75-150 horsepower. The system comes with jetting for a 100-150 hp increase and is available with either a 5 or 10 lb. bottle.

NOS "Sneeky Pete" Nitrous Kit

Small package, Big power

Gain a tenth of a second without being obvious

$212.95 NEW!!

This is the ultimate "sneeky" nitrous system with its own 9v power source, only one line for the nitrous to the solenoid, no fuel line or solenoid, and a 10-oz., easy-to-conceal nitrous bottle. The only modification you have to do is to richen up your carburetor jetting over normal to compensate for the added nitrous. A tenth of a second could be the difference between winning and losing at the finish line.

CH24930 all (NOS # 05029NOS)..... KIT **212.95**

NOS "Sniper" Nitrous System

$369.95 NEW!!

This is the kit for the first time nitrous user. The Sniper NOS kit comes complete with all the hardware, valves, solenoids, plates, jets, lines, and hose fittings for an easy, simple-to-install system. It's designed for square-bore or spread-bore Q-jet carb applications. Testing by Chevy High Performance magazine on a 355 cid. small-block showed, when properly jetted, an increase of over 160 hp and more than 190 lbs/ft of torque using the NOS Sniper nitrous system.

CH24931 Holley 4-bbl square-bore (NOS# 07001NOS)..... KIT **369.95**
CH24932 Quadrajet 4-bbl square-bore (NOS# 07004NOS)..... KIT **369.95**

NOTE: Sniper Nitrous System requires a fuel pump capable of operating at 4.5-7.0 psi with a flow rate of 0.1 gallons per hp. Example: A 350 hp engine equires a fuel pump output of 35 gallons per hour at 6 psi when the Sniper Nitrous System is activated.

NOS Replacement Bottles

STARTING AT
$194.95 NEW!!

It is always advantageous to have spare nitrous bottles. Never run out of nitrous, you'll always have a full bottle to switch. All bottles are made from aluminum alloy, D.O.T approved, and come with bottle valves.

NOS Bottle Brackets

NEW!

STARTING AT

$74.95

Standard brackets are made from steel with black vinyl coating, or nylon. NOS brackets are designed to securely hold your nitrous bottle at the proper angle for maximum flow through the siphon tube.

CH25480	Billet aluminum for 7" diameter (NOS# 14130NOS).....	pair	**179.95**
CH25481	Standard for 1-1/8" diameter (NOS# 14104NOS).....	pair	**74.95**
CH25482	Quick release for 10 & 15 lb bottle (NOS# 14140NOS)..	pair	**109.95**
CH25483	Quick release for Carbon fiber bottle (NOS# 14177NOS)	pair	**116.95**

NOS Bottle Heater & Blanket

STARTING AT

$39.95

NEW!

BOTTLE HEATERS - NOS systems are calibrated for optimum performance with a bottle pressure of 900-950 psi. Heater kits are thermostatically controlled to keep the bottle near 85 degrees to provide correct pressure.
BOTTLE BLANKETS - Insulating the bottle helps maintain pressure by keeping heat in the bottle when it's cold, or heat out when it's hot outside. The blankets are made of a rugged, easily cleaned nylon outer shell with insulating. It's also an excellent "dress-up" accessory and perfect for covering scratched bottles.

CH25484	bottle heater (10 & 15 lb. bottle) (NOS# 14164NOS)	each	**114.95**
CH25485	blanket (10 lb. bottle) (NOS# 14165NOS).....	each	**39.95**
CH25486	blanket (15 lb. bottle) (NOS# 14167NOS).....	each	**49.95**

NOS Bottle Nut Wrench

$14.95

NEW!

Special wrench designed for quick removal of bottle nut adapters on NOS Hi-Flo (standard) & Super Hi-Flo valves without damage. Short handle design prevents over-torquing.

CH25487	(NOS # 16130NOS).....	each	**14.95**

NOS Progressive Nitrous Control System

Time based progressive nitrous control system - See ET improvements of 1/2-second or more

NEW!

$329.95

NOS' time based progressive nitrous controller starts nitrous flow at any preset level you want and then in a short period of time flows a full 100% of nitrous. A typical progression would be starting off with 25% of nitrous flow so you won't shock and spin the tires coming off the line and then over the next six seconds have the nitrous flow smoothly to 100% for max power and lower ETs. Using the NOS time based progressive nitrous control system, tests have shown ET reductions of 1/2-second or more. The controller is made of billet aluminum anodized black with unique adjustment knobs that lock into place so settings can't accidently be changed. The NOS Time Based Progressive Nitrous Control System is compatible with most single-stage nitrous systems.

CH25488	(NOS # 15835BNOS).....	each	**329.95**

NOS Octane Booster

Raise your octane and eliminate pinging

STARTING AT

$6.95

NEW!

Detonation is one of the worst enemies of your engine. If you're running unleaded gasoline in your musclecar engine, using one of the three different versions of NOS Octane Booster will raise your octane numbers by anywhere from 2-7 and will help eliminate knocking and pinging. In dyno tests, NOS Octane Booster was proven to build horsepower and eliminate detonation. Each 12-oz. bottle will treat up to 16 gallons.

CH25474	Street Formula (2-3 octane boost) (NOS# 12002NOS)	each	**6.95**
CH25475	Off-Road Formula (3-5 octane boost) (NOS# 12007NOS)	each	**8.95**

Edelbrock Performer Nitrous System

All Edelbrock Nitrous Systems are dyno-tested and calibrated to deliver accurate and safe horsepower gains with even distribution to each cylinder. Edelbrock's nitrous calibrations are determined through dyno-testing, not simple mathemtical formulas, which do not take into account real-world variables.

NEW!!

High Flow Bottle Valve Included w/ Performer & Performer RPM Systems
- Capable of Handling Up to 300 HP

Heavy-Gauge Steel Bottle Bracket
- Red Powder Coated
- Rubber Insulator Included to Protect the Nitrous Bottle

Heavy-Gauge Siphon Tube
- Heavier Gauge than Other Brands for Less Chance of Breakage

Precision-Machined Stainless Steel Nitrous & Fuel Solenoids
- Flow Matched to the Horsepower Range of Edelbrock Nitrous Systems
- Fully Repairable & Serviceable
- More Durable TEFLON® Plunger
- Precision-Machined Inlet & Outlet Ports for Positive Fitting Seals
- Grommeted Wire Exits on Coil Housings for Maximum Durability
- Powder-Coated Coil Shells for Great Looks & Durability

Pre-Terminated Wiring Harness
- The Hard Part is Already Done for You
- Longer Leads..... No Need to Splice Wires
- Covered Fuse Holder for Better Corrosion Resistance

Stronger Micro-Switch & Solenoid Brackets
- Black Oxide Coated for Superior Corrosion Resistance

Braided Steel Teflon Feed Lines
- Easier to Install than Hard Lines

High-Quality, Powder-Coated Aluminum Nitrous Plates
- Work on Both Dual- or Single-Plane Intakes
- Dual-Plane Manifolds Recommended for Applications Up to 175 Horsepower
- Single-Plane Manifolds Will Work for All Applications from 50-250 HP

$349.95

Edelbrock

Edelbrock Performer Nitrous Systems are for carbureted V8 applications with standard flange or spread-bore carburetors. Three ranges of adjustability provide power increases from 50 to 100 extra horsepower by changing fuel and nitrous jets. A thin spraybar plate fits between your carburetor and intake manifold, making these systems among the easiest to install. Performer Nitrous Systems include a 10-lb. capacity nitrous bottle (shipped empty), nitrous and fuel solenoids, spraybar plate, aircraft-quality steel braided hose, nitrous and gasoline filters, jet selection, aircraft-quality fittings, and all necessary switches, brackets, and hardware for a complete installation.

CH22130	standard flange carb (Edel. # 70001).....	KIT	**349.95**
CH22131	spread-bore carb (Edel. # 70002).....	KIT	**349.95**

NOTE: Some engine modifications may be necessary for horsepower levels above 150.

STARTING AT **$439.95**

Edelbrock Performer RPM Nitrous Systems are for carbureted 350 cubic-inch or larger V8 applications with standard flange, spread-bore or 4500 series carburetors. Several ranges of adjustability provide power increases in steps from 100 up to 250 (100 to 175 with #70051) additional horsepower by changing fuel and nitrous jets. A thin spray bar plate fits between your carb and manifold, making these systems among the easiest to install. Performer RPM Nitrous Systems include a 10 lb capacity nitrous bottle (shipped empty), nitrous and fuel solenoids, spraybar plate, aircraft-quality steel braided hose, nitrous and gasoline filters, jet selection, aircraft-quality fittings, and all necessary switches, brackets, and hardware for a complete installation.

CH24222	Standard flange carbs (100-150-175-200-250 HP) (Edel. # 70050).....	KIT	**443.95**
CH24223	Spread-bore carb (100-150-175 HP) (Edel. # 70051).....	KIT	**439.95**

NOTE: Some engine modifications may be necessary for horsepower levels above 150.

Edelbrock Nitrous Bottles

STARTING AT
$201.95

Edelbrock nitrous storage bottles are D.O.T.-approved aluminum or carbon fiber. In a variety of sizes to suit your needs. All aluminum bottles are powder-coated silver or polished and come with a CGA-approved valve with a built-in siphon tube. They also include a pre-installed pressure/temperature venting system in case your bottle is overfilled or if pressure increases beyond the maximum safety level. NOTE: All bottles are shipped empty.

CH24199	15 lb w/gauge (silver) (Edel. # 72317).....	each	**279.95**
CH24201	15 lb w/gauge (polished) (Edel. # 72417).....	each	**349.95**

Edelbrock Nitrous Plate Kits

STARTING AT
$79.95

Use Edelbrock Nitrous Plate Kits to upgrade existing nitrous systems. New nitrous plate kits include high-quality, powder-coated aluminum nitrous plates, stainless steel jet assortment and stainless steel lines from plate to solenoids. Available for square-bore, spread-bore and 4500 series carburetors, Edelbrock nitrous plates work with either dual or single-plane manifolds.

CH24218	standard flange square-bore carb (50-100 HP) (Edel. # 70011)	KIT	**79.95**
CH24219	spread-bore (q-jet) carb (50-100 HP) (Edel. # 70012).....	KIT	**84.95**

Edelbrock Nitrous/Fuel Taper Face Jets

$6.95

A full compliment of Edelbrock nitrous oxide and fuel taper face jets are available in virtually any size for your power and tuning requirements. To order individual jets, simply add the jet size desired to the number. For example: 73014 is a .014" jet.

73000	.....	each	**6.95**

Edelbrock Nitrous Tuner Jet Kits

STARTING AT
$229.95

Edelbrock stainless steel jets are available in tuner kits, packaged in reusable, heavy-duty plastic boxes. These new Tuner Kits include a variety of high-quality stainless steel jets to tune your nitrous system. Keep track of your jet changes on our tuning cards included in the kit.

CH24213	Master (328 jets, 8 ea. of 41 sizes .018" - .120") (Edel. # 73003)....	KIT	**617.95**
CH24214	Race (216 jets, 8 ea. of 27 sizes .28" - .120") (Edel. # 73004).....	KIT	**539.95**
CH24215	Street (80 jets, 4 ea. of 20 sizes .014" - .059") (Edel. # 73005).....	KIT	**229.95**

Holley "420 Megablower" & Accessories

NEW!!

Holley

STARTING AT
$2387.95

Chevrolet Small-Block V8:
This is the finishing piece for a maxed out small-block Chevrolet V8. Maxed out power and maxed out looks! Blowing 420 cubic inches of air displacement per rotor revolution, the Holley 420 Megablower can provide all the air and boost any small-block motor can use. The blower housing is designed to mount 2x4 carburetors; a separate plate is not required. NOTE: This blower setup will not work with a long water pump. Out of the box, the kit will clear one (1) V-belt. Additional kits are available to clear either (2) two or (3) three V-belts.
Chevrolet Big-Block V8:
800 horsepower on pump gas is no problem if you've got a big enough supercharger to handle the air delivery chores. Made from all new components, like every other Holley Brand Supercharger, the 420 Megablower with polished finish can be used for show and go. There's no need to be apologetic when you can back up good looks with pavement-shredding horsepower. So, it's obvious that a Holley 420 Megablower sitting on top of your big-block, you can have your cake and eat it too. NOTE: This blower setup will not work with a long water pump. Out of the box, the kit will clear one (1) V-belt. Additional kits are available to clear either (2) two or (3) three V-belts.

"SYSTEMAX" Engine Kit

NEW!!

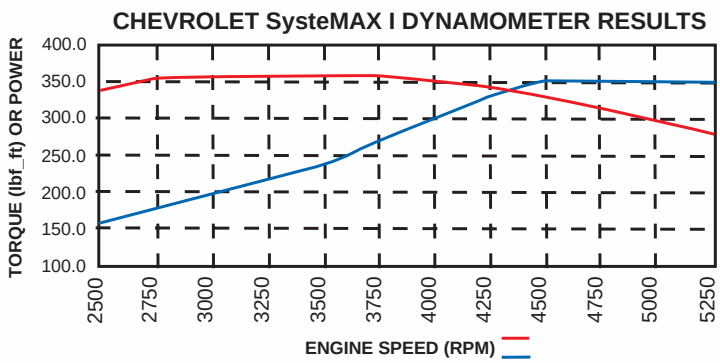

Holley

COMMENTS/RECOMMENDATIONS
A potent, but very drivable street package for a basic stock motor. Add Hooker or FlowTech headers and a 750 CFM vacuum secondary Holley carburetor to tie this package together.

VITAL STATISTICS
Engine production years: 1962-86
Horsepower: 350 @ 4500 RPM
Torque: 357 ft/ils. @ 3500 RPM

KIT CONTENTS
Lunati hydraulic camshaft and lifters
Holley dual plane aluminum intake manifold
Double roller timing chain and gears
Assembly lube

CAMSHAFT SPECIFICATIONS
Intake valve gross lift/duration: .457"/268°
Exhaust valve gross lift/duration: 457"/268°
Intake valve duration @ .050": 218°
Exhaust valve duration @ .050": 218°
Rocker arm ratio: 1.5
Intake valve lobe centerline: 105°
Lobe seoaration: 110°

The latest SysteMAX dynamometer tests document 350 HP @ 4500 RPM and torque of 357 ft/lbs. @ 3500 RPM

$332.95

SYSTEMAX RECOMMENDATIONS
It's recommended that a 4-bolt main short block be used, although a good 2-bolt main short block can also be used. Minimum cylinder head valve size requirement is 1.94" intake diameter and 1.50" exhaust diameter. Compression requirement is 9.8:1. Holley testing was conducted with a 750 CFM vacuum secondary carburetor. A good set of 1-5/8" tube headers used in conjunction with some high-flow/low back pressure mufflers won't hurt you either. If you're running an automatic transmission a 2,000-2,500 RPM stall converter will help lower drag strip times. New, top quality gaskets for your specific application are required separately and are not part of the package.

L220026 (Holley # 300-502)..... KIT **332.95**

"SYSTEMAX" Engine Kits II

NEW!!

Holley

COMMENTS/RECOMMENDATIONS
This is a maximum performance carbureted street kit that will really light your fire! A zero-decked block with 4-bolt mains and a forged steel crankshaft will get you started. Add Lunati Street Race rods; Lunati flat top pistons, for standard bore engines and for +.030" over engines (to achieve 10:1 compression ratio) and Lunati roller rocker arms, and you end up with a reliable combination of components that will perform. Top it all off with a set of Hooker or Flowtech headers and a 750 CFM Holley and you'll have what it takes. NOS nitrous, of course, is optional

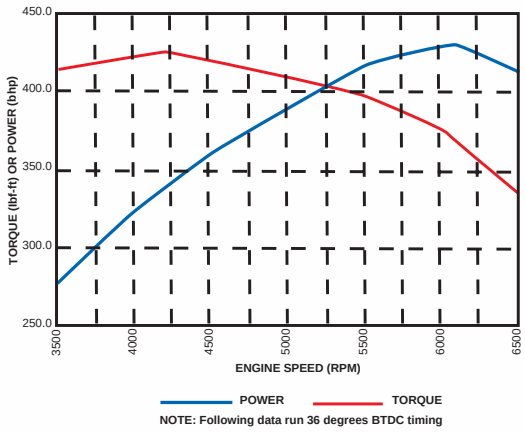

VITAL STATISTICS
Engine production years: 1968-86
Horsepower: 425 @ 6150 RPM
Torque: 425 ft/ils. @ 4250 RPM

KIT CONTENTS
Lunati hydraulic camshaft and lifters
Holley dual-plane aluminum intake manifold
Double roller timing chain and gears
Fully assembled Holley aluminum cylinder heads,
Hardened push rods,
ARP cylinder head bolts,
Assembly lube

CAMSHAFT SPECIFICATIONS
Intake valve gross lift/duration: .490"/290°
Exhaust valve gross lift/duration: 490"/297°
Intake valve duration @ .050": 235°
Exhaust valve duration @ .050": 240°
Rocker arm ratio: 1.5
Intake valve lobe centerline: 107°
Lobe separation: 112°

SYSTEMAX II RECOMMENDATIONS
Chevrolet 350 CID short block
4-bolt Mains
Zero-decked
10.0:1 Compression Ratio
Forged Steel Crankshaft
Lunati Rods,
Lunati Flat Top Pistons,
Lunati Rings, File Fit

CHEVROLET SysteMAX II DYNAMOMETER RESULTS

NOTE: Following data run 36 degrees BTDC timing

SysteMAX II dynamometer tests document 425 HP @ 6150 RPM and torque of 425 ft./lbs. @ 4250 RPM.

$1553.95

Holley testing was conducted with a 750 CFM mechanical secondary carburetor. A good set of 1-3/4" tube Hooker Super Comp headers. High-flow/low-back-pressure mufflers are definitely recommended. If you're running a beefed-up TH350 automatic transmission then a 3,000+ RPM stall converter will help lower drag strip times. If you're running a TH700R4 automatic transmission, a 2,500+RPM stall converter will perform best. For all-around great street/strip performance a rear axle ratio of around 3.55 should be used. A set of Lunati, roller rocker arms is also recommended. New, top quality gaskets for your specific applications are required separately and are not part of the package.

L220027 (Holley # 300-503-1)..... KIT **1553.95**

"SYSTEMAX" Engine Kit III

NEW!!

Holley

COMMENTS/RECOMMENDATIONS
A maximum performance package intended for the California market, and those states that follow California emission laws. In other words, it's "50-State Street Legal". The same high-quality parts as the kit, listed previously, except that the camshaft has been tamed down a little and the manifold has provision for EGR. You can bet, though, that it's no slouch on the street!

VITAL STATISTICS
Engine production years: 1968-86

KIT CONTENTS
Lunati hydraulic camshaft and lifters (50-State Street Legal E.O.# D-115-10)
Fully assembled Holley aluminum cylinder heads, (50-State Street Legal E.O.# D-115-8)
Holley dual-plane aluminum intake manifold w/ EGR,
Double roller timing chain and gears,
ARP cylinder head bolts,
Assembly lube

CAMSHAFT SPECIFICATIONS
Intake valve gross lift/duration: .454"/265°
Exhaust valve gross lift/duration: .480"/278°
Intake valve duration @ .050": 216°
Exhaust valve duration @ .050": 228°
Rocker arm ratio: 1.5
Intake valve lobe centerline: 107°
Lobe separation: 112°

If you're running a TH700R4 automatic transmission, a 2,500+RPM stall converter will perform best. For all-around great street/strip performance a rear axle ratio of around 3.55 should be used. A set of Lunati roller rocker arms is also recommend. New, top-quality gaskets for specific application are required separately and are not part of the package.

"SYSTEMAX" Engine Kits For Gen VI

NEW!!

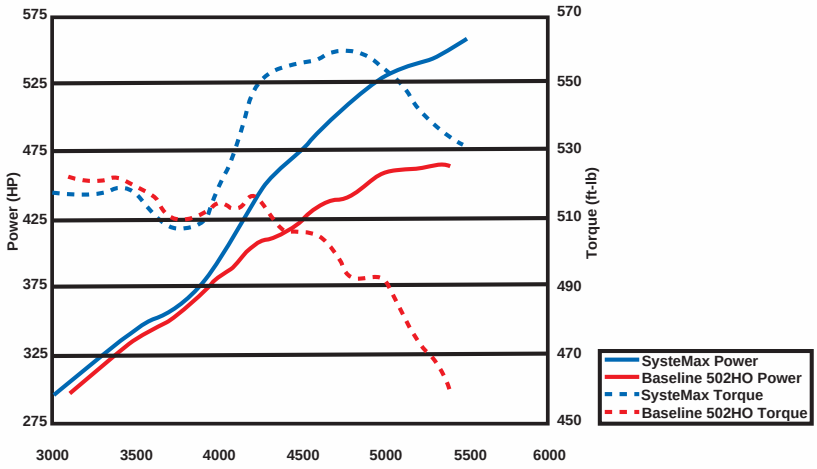

L220031
shown

Holley

KIT CONTENTS
Lunati hydraulic roller camshaft,
1.) SysteMAX multi-point EFI kit
2.) SysteMAX carbureted kit
Weiand dual-plane aluminum intake manifold,
Fully assembled Holley multi-point fuel injection system,
Timing set,
Hardened push rods,
Fully assembled Holley rectangular port aluminum cylinder heads,
ARP cylinder head bolts,
Assembly lube

CAMSHAFT SPECIFICATIONS
Intake valve gross lift/duration: .575"/293°
Exhaust valve gross lift/duration: .575"/303°
Intake valve duration @ .050": 234°
Exhaust valve duration @ .050": 244°
Rocker arm ratio: 1.5
Intake valve lobe centerline: 112°
Lobe separation: 114°

STARTING AT
$2799.95

NOTE: Testing was performed with a 502 H.O. engine.

COMMENTS/RECOMMENDATIONS
These Holley SysteMAX build-ups for the Chevrolet hydraulic roller big-block engines push horsepower and torque numbers over the edge. Following the sucessful "systems approach" that was established with earlier SysteMAX engine kits. Holley unleashes these two very potent street packages that are chock full of Holley's best performance goodies and are not meant for the faint of heart. Additional parts recommendation: Lunati roller rocker arms, Lunati push rod guide plates, Lunati roller rocker arm lock nuts, Lunati 7/16" rocker arm studs, Holley 850 CFM carburetor.

L220031 Carburated (Holley # 300-510)..... KIT **2799.95**

"SYSTEMAX" Engine Kits For Mark IV & Gen V

NEW!!

L220032
shown

STARTING AT
$2999.95

Holley

KIT CONTENTS
Lunati hydraulic flat tappet camshaft:
1.) SysteMAX multi-point EFI kit
2.) SysteMAX carbureted kit
Weiand dual-plane aluminum intake manifold,
Fully assembled Holley multi-point fuel injection system,
Friction free double-roller timing set,
Hardened push rods,
Fully assembled Holley rectangular port aluminum cylinder heads,
ARP cylinder head bolts,
Assembly lube

CAMSHAFT SPECIFICATIONS	L20032	L20033
Intake valve gross lift/duration:	.540"/274°	.540"/275°
Exhaust valve gross lift/duration:	.550"/284°	.550"/285°
Intake valve duration @ .050"	225°	225°
Exhaust valve duration @ .050"	235°	235°
Rocker arm ratio:	1.7	1.7
Intake valve lobe centerline:	112°	108°
Lobe separation:	114°	110°

COMMENTS/RECOMMENDATIONS
Chips off the old block. These SysteMAX kits are similar to Gen VI kits previously mentioned, but they're for the older Gen V and Mark IV blocks. Either is capable of putting out over 550 horsepower, so they're no slouches. These Holley SysteMAX kits will definitely give a new shot of adrenalin to the "older" Chevy big-blocks. Additional parts recommendations: Lunati roller rocker arms, Lunati push rod guide plates, Lunati roller rocker arm lock nuts, Lunati 7/16" rocker arm studs, Holley 850 CFM carburetor

350 Replacement Engine

$1849.95 SALE

This engine is a standard-duty long block. It features 350 cubic inches, 4-bolt main, 2-piece rear main seal,1.94 - 1.5 heads, 8.5:1 Comp, 220 hp. This comes as a complete engine. This engine is commonly referred to as the "TARGET" motor. **NOTE: does not include intake, exhaust, dampener, pulleys, etc...**

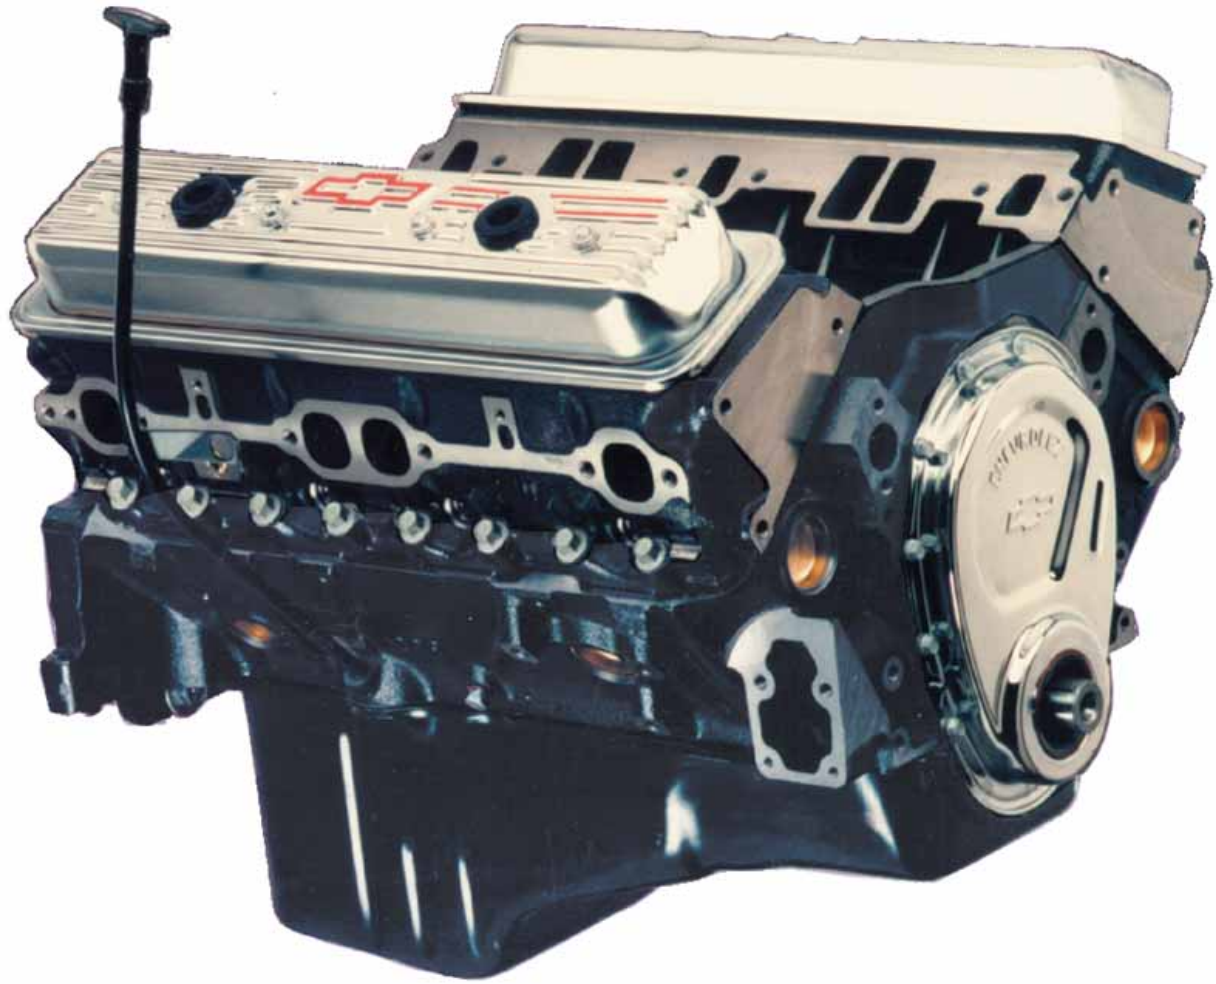

PZ50001 ..... ~~2756.00~~ 1849.95

NOTE: This product requires TRUCK FREIGHT SHIPPING and must be pre-paid. Please phone for shipping charges to your area.

5.7 Liter Performance Engine

High-performance 350

Fuel-efficient high performer

$2599.95

This special-performance 350ci/330hp engine has a modest 9:1 compression ratio. It is ideal for today's street machines, with performance of the 60's and fuel availability of the 90's in mind. This budget-minded performer includes a 4-bolt main block, 64cc heads, hydraulic camshaft and forged connecting rods. It is delivered as a long block (with valve covers) leaving you with your choice of intake, exhaust, ignition, carb, etc... Requires the use of Vortec Intake.

Note: Requires use of '86 or newer counter-weighted flywheel.

TECHNICAL INFORMATION: Engine ID code is CC. Requires acounterweighted flywheel or flexplate, 10105832, 14088646, 14088650,14088765, or 12554824. Requires torsional damper 6272221 (6.75") or 12555879 (8"). Oil dipstick located on right side. 600 cfm carburetor recommended. Chrome valve covers and timing cover included. Vortec design intake manifold, distributor, flywheel, torsional damper, water pump, and exhaust manifolds are not included. Distributor P/N 1104067 or melonized distributor gear P/N 10456413 must be used on all crate engines with steel camshafts.

"Fast Burn" 385 Complete Crate Engine

$4599.95

The new Fast Burn 385 uses the proven ZZ4 shortblock and adds it to the Fast Burn aluminum cylinder heads for 385 value-packed horsepower. With value in mind, the Fast Burn 385 uses stamped rocker arms and the same ZZ4 camshaft that powers thousands of hot rods. The "hot cam" off-highway camshaft kit has the major valvetrain components to convert production LT1 engine for showroom stock racing, or hop up your small-block Chevrolet V8 that was originally equipped with a roller tappet camshaft. The 1.6 roller rockers, lightweight valve spring caps, specially designed valve springs and hot camshaft offers a significant gain in horsepower at a reasonable price. Approximately 425 horsepower at 6000 RPM is achievable by adding the Hot cam kit.

TECHNICAL INFORMATION:

Horsepower: 385 @ 5600 RPM
Torque: 385 lbs/ft @ 4000 RPM
Max Recommended RPM: 5800
Compression Ratio: 9.6:1
Block: 10105123, four-bolt main, cast iron
Crankshaft: 12556307
Connecting Rods: 10108688, powdered metal rods
Pistons: 10105123, high silicon aluminum w/offset pins
Piston Rings: 12528817
Camshaft: 10185071, hydraulic roller, lift- .474"/510", degrees duration @ 0.050, 208 I/221 E
Intake Manifold: 12366573, aluminum dual-plane, no EGR. 12496820, aluminum dual-plane w/EGR and dual carb pad.
Cylinder Heads: 12454298, includes valves & spring
Intake valves: 12555331, 2.00"
Exhaust Valves: 12551313, 1.55"
Valve Springs: 12551483
Rocker Arms: 10089648, steel, 1.5 ratio
Valve Lash: zero
Spark Plugs: MR 43LTS gap @ .045
Fuel: 92 octane
Ignition Timing: 32 total @ 4000 RPM w/vacuum advance disconnected

Ram Jet 350 Complete Crate Engine

$5099.95

The all new Ram Jet 350 uses state-of-the-art components developed by GM to give you all the benefits of modern electronic engine management. The all-new 350-horsepower Ram Jet 350 from GM Perfromance Parts makes it easy to have electronic fuel injection on any vehicle originally equipped with a carburetor. This secret is the industry leading MEFI 3 controller. This new controller could fit in the palm of your hand and was originally developed by GM Powertrain for marine applications. MEFI 3 is ideally suited for use in street rods, street machines and sportsman racers.

Technical Information:

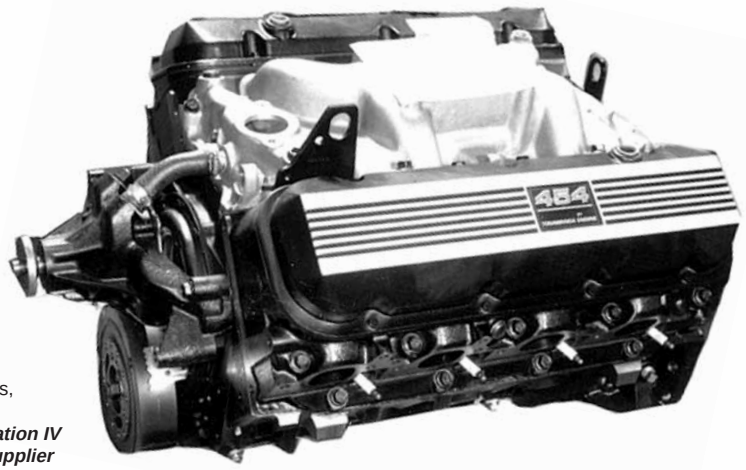

Horsepower: 350 @ 5200 RPM
Torque: 400 lbs/ft @ 3500 RPM
Max Recommended RPM: 5500
Compression Ratio: 9.4:1
Block: 2-bolt main, cast iron
Crankshaft: 10243068, cast steel
Connecting Rods: 10108688, powdered metal rods
Pistons: 12522850, high silicon aluminum with offset pins
Piston Rings: 125222848
Camshaft: 14097395, roller tappet design
Intake Manifold: 12489371
Distributor: 1104060
Cylinder Heads: 12558060, Vortec
Intake Valves: 10241743, 1.94"
Exhaust Valves: 12550909, 1.50"
Valve Springs: 10212811
Rocker Arms: 12367346, aluminum roller design
Valve lash: zero
Spark Plugs: MR 43LTS, gap @ .045", Rapidfire #7, gap @ .035" Fuel: 92 octane
Ignition Timing: 10 BTDC @ 700 RPM

502/502 Crate Engine

America's favorite big-block crate engine is now available fully assembled. All the same great parts used in the ZZ502 kit engines, but fully assembled for easier installation in your hot rod, street rod or sportman racer. Available in two versions, base and deluxe. The base engine is a fully assembled long block with valve covers and valvetrain.The deluxe is a complete engine from intake manifold to pan. (Carburetor and starter included but not installed because of crating.)

Technical Information:
Horsepower: 502 @ 5200 RPM
Torque: 567 ft. lbs. @ 4200 RPM
Max Recommended RPM: 5800
Compression Ratio: 9.6:1
Block: 10237292 cast iron - four bolt main caps
Crankshaft: 10183723 forged steel
Connecting Rods: 10198922 forged steel shot peened, 7/16 bolts
Pistons: 12533507 forged aluminum
Piston Rings: 12514293
Camshaft: 12366543 hydraulic roller, lift .527' I, .544" E., duration @ .050" 224" I, 234" E
Timing Chain: 3891519 single roller
Cylinder Heads: 12363390 aluminum oval port 100cc combustion chambers
Intake Valves: 12366987 2.25" stainless steel
Exhaust Valves: 12366988 1.88" stainless steel
valve springs: 12462970
Rocker Arms: 12368082 1.7:1 stamped steel
Intake Manifold: 12363407 aluminum Holley flange
Carburetor: 12366996 Holley flange
Distributor: 1101067 HEI
Starter: 9000852 gear reduction
Water Pump: 14058915 aluminum
Valve Lash: Zero
Spark Plugs: #4 Rapid Fire gap .035 R43XLS gap .035
Fuel: 92 octane

350 Steel Crankshaft

350 hp or LT1 Replacement
Genuine GM part

$699.95

This crank is used in the original '69 350 hp version of 350 cubic inch engines. Also used in the '70-'72 LT-1s' and '73-'82 L/82 350s'. A must for any high-performance street machine. Nitride-treated and fully machined. Fits '68 through '85 two-piece rear main seal blocks only.
LIST PRICE IF PURCHASED ELSEWHERE: 789.00

PZ50016 68-77 ..... each **699.95**

NOTE: This item is DOUBLE OVERSIZED & requires an additional freight charge of $25.90.

454 Steel Cranksaft

Original equipment crank
Used in LS-6 and LS-7 big-blocks

$679.95

Original equipment crank used in all LS-6 & LS-7 engines forged of 1053 steel alloy, cross-drilled & nitride-treated for durability.

PZ50019 ..... each **679.95**

NOTE: This item is DOUBLE OVERSIZED & requires an additional freight charge of $25.90.

SCAT Lightweight, Profiled & Knife-Edged Crankshafts

STARTING AT

$839.95

4340 steel, lightweight, profiled and knife-edged. The average small-block crankshaft weight is 50 lbs, the average big-block is 65 lbs. 100% machine ground, heat-treated, shot peened, inspeceted and micropolished at Scat. Nitride hardened & straightened. Straight shot oiling system. Counterweights for 5.7" and 6.0" rods. Lightening holes in all rod throws and large fillet radii on all journals.

Masterlube Electronic Pre-Lube Kit

STARTING AT
$314.95

NEW!!

Need instant oil pressure? Look no further than these awesome Pre-lubrication/ Accumulator System Kits from Masterlube. Instant oil pressure when you fire up the engine gives you increased component life for maximum durability. These "Electronic Valved" kits are easily actuated with the flip of a switch (all kits contain the necessary switches). They come with all major components needed for almost any engine-mounted application. But these kits can also be mounted in the trunk, fender panels, or interior by simply using a longer hose assembly. Best of all, Masterlube offers a lifetime warranty on all of their proprietary components. An unbeatable value!

ARP Assembly Lube & Sealer

NEW!!

STARTING AT
$1.95

ARP automotive racing products

It is very important to note that the friction coefficients of assembly lubricants vary dramatically, making it difficult to consistently produce the exact amount of stress within the fastener to clamp the components together. That's why ARP has introduced this superior-consistent assembly lube. We recommend this premium grade lubricant as well as ARP's Thread Sealer in order to precisely duplicate the recommended tightening specifications provided with all ARP fasteners. **ASSEMBLY LUBRICANT** - Premium grade moly base with rust and corrosion inhibitors. Effective lubrication range from -30 to 750F. Load range is 500,000 psi. Primary assembly lube for engine components, press fitting, gear trains and general machinery. **THREAD SEALER** - Teflon based with rust and corrosion inhibitors. Has an effective range from -30 to 550F. Sealant range is 10,000 psi. Delivers a flexible leak-proof seal in aluminum, steel, stainless steel, and plastic against coolants, water, gasoline, natural gas and LPG. Designed for use with bolts.

CH24089	assembly lube (.5 oz)	each	**1.95**
CH24090	assembly lube (1.69 oz)	each	**8.95**
CH24091	assembly lube (1/2 pint brush top can)	each	**19.95**
CH24092	thread sealer (1.69 oz)	each	**10.95**

Milodon Oil Pump Accessories

STARTING AT

$8.95

Milodon

CH2230: Oil pump stud SB/BB (Milodon # 17050)
CH22321: SB oil pump drive shaft (Milodon # 23050)
CH22322: BB oil pump drive shaft (Milodon # 23060)

Oil pump studs are a must for high-performance engines. Ground from 8740 chrome moly steel w/rolled & heat-treated threads, washer and a grade 8 nut. Torque to 50lbs w/oil. The oil pump driveshafts are also made from 8740 chrome moly steel and will resist flex and give accurate timing to the distributor.

2.02/1.6 Head For Small-Block

ORIGINAL GM

$429.95

Original equipment on popular 327/375 hp, 302/290 hp ('67-'69 Z28 Camaro) & 350/370 hp (LT-1). This large runner 64 CC head also has screw-in studs & guideplates. (Bare head.)

PZ50005 ..... each **429.95**

NOTE: This item is OVERSIZED and requires an additional freight charge of $14.95 each.

Open Chamber Big-Block Head

OEM Manufacturer

Genuine GM Part Discounted

ORIGINAL GM

$449.95

Original equipment on 1970-72 LS6 454. These heads have open chambers and "square" ports. Also used on '71 LS7 454. (These heads are bare, meaning no valves, springs, retainers, etc....).

PZ50007 ..... each **449.95**

NOTE: This item is OVERSIZED and requires an additional freight charge of $14.95 each.

Edelbrock Cylinder Heads

M980013

M980024

STARTING AT **$469.95**

Edelbrock

EDELBROCK PERFORMER RPM HEADS

The Performer RPM heads are designed for non-emissions 302-400 c.i.d engines. Available with straight plugs or angled plugs. The heads with 64cc combustion chambers improve performance and retain stock compression on 1970 and earlier engines.

M980013	70-77	angled plugs (70cc) (Edel. # 60719)...	each	**479.95**
M980014	70-77	straight plugs (70cc) (Edel. #60739)...	each	**479.95**

CH25663	70-77	angled plugs (64cc) (Edel. # 60999)...	each	**489.95**

EDELBROCK VICTOR JR. 23-DEGREE SMALL-BLOCK HEADS

The Victor Jr. 23-degree heads were designed for the racer looking for maximum power at an affordable price. Designed for competition and ultra street small-blocks. Out-of-the-box, these heads are capable of 530-580 horsepower. The heads contain high-flow 215cc intake runners with CNC port-matched intake port entries and .100" raised exhaust ports. Chambers have hardened, ductile iron valve seats and phospher bronze guides.

M980019 - Springs, retainers and keepers are for mechanical flat tappet cams.
M980020 - Springs, retainers and keepers are for mechanical roller cams.

M980016	70-77	bare (Edel. # 77639).....	each	**469.95**
M980018	70-77	w/2.08"/1.60" valves (Edel. # 77649).....	each	**549.95**
M980019	70-77	w/vlves,sprngs,retnrs,keepers, (Edel. # 77619)....	each	**629.95**
M980020	70-77	w/vlves,sprngs,retnrs,keepers, (Edel. # 77629)....	each	**629.95**

EDELBROCK PERFORMER RPM 454-O HEADS

These oval-port heads will support over 540 HP. This unique intake port design yields flow numbers normally associated with high-performance rectangular port heads, but with smaller runner size and velocity of an oval port. The semi-open chamber design maximizes combustion efficiency with streetable compression ratios. Stainless steel 2.19" intake and 1.88" exhaust valves have smaller than stock 11/32" valve stems to promote excellent flow and lighter valve weight. Heads include ARP rocker studs.

M980023	70-77	110cc (Edel. # 60459).....	each	**872.95**

EDELBROCK PERFORMER 454-O

The Performer 454-O heads have the same features as the Performer RPM heads but have an exhaust crossover passage for emission legal staus.

M980024	70-77	110cc (Edel. # 60479).....	each	**872.95**

EDELBROCK PERFORMER RPM 454-R HEADS

These rectangular port heads have specially designed intake and exhaust ports for increased flow and velocity over standard big-block heads. Features include 118cc open combustion chamber, 315cc long and 300cc short intake runners, designed for street/high-performance engines operating from 3500-7000 RPM. Includes stainless steel, 2.19" intake and 1.88" exhaust valves with smaller than stock 11/32" valve stems to promote excellent flow and lighter weight.

M980025	70-77	118cc (Edel. # 60559).....	each	**872.95**

EDELBROCK VICTOR BIG-BLOCK HEADS

These rectangular port heads have 800+ HP potential for high-RPM or large displacement big-blocks. .100" raised intake ports and .750" raised exhaust ports for greatly improved flow and greatly increased power. Intake valve spring pockets are raised .400". You must use intake valves that are .400" longer than stock. Heads come with standard valve cover bolt patterns and accept rectangular port intake manifolds.

M980026	70-77	bare (Edel. # 77609).....	each	**649.95**

NOTE: Heads have not been port-matched or bowl-bended and require professional cylinder head preparation.

EDELBROCK VICTOR CNC BIG-BLOCK HEADS

These heads are designed for maximum, race-ready performance, capable of 850+ horsepower. Included are stainless steel, one-piece 2.300" intake and 1.900" exhaust valves with 11/32" stems in Serdi-machined ductile iron valve seats. The CNC-machined combustion chambers are approximately 120cc and the standard location intake ports are approximately 370cc. The raised exhaust ports are fully CNC-machined throughout and require a minimum of 2.25" diameter headers.

M980027	70-77	with valves (Edel. # 77659).....	each	**1349.95**

EDELBROCK SBC PERFORMER CYLINDER HEADS

These heads utilize the same powerful design combustion chambers, valve sizes and ports as the Edelbrock Performer RPM aluminum heads, only the Performer head features an exhaust crossover passage, making it street-legal. They come complete with valves, springs, retainers and keepers for cams w/up to .575" lift.

CH24224		70cc complete heads (Edel. # 60759).....	each	**519.95**
CH24225		64cc complete heads (Edel. # 60909).....	each	**475.95**
CH24287		70cc complete heads (polished) (Edel. # 607519)..	each	**569.95**

EDELBROCK E-TEC ALUMINUM CYLINDER HEADS FOR SMALL-BLOCK CHEVYS

OPG is now offering the all new Edelbrock E-Tec aluminum cylinder heads. Engineered to significantly increase performance and efficiency. These new heads are made to fit 302, 327, 350 and 400 cid small-block Chevys with Vortec-style intake manifolds. Heads feature Edelbrock's new high-quench combustion chamber that promotes a more uniform atomization of the air/fuel mixture for more power. Both E-Tec heads come with one-piece stainless steel valves that are swirl polished for maximum flow, accept center bolt or standard valve covers and work with most stock exhaust manifolds.

E-TEC 170 heads feature 170cc Vortec-shaped intake and 65cc exhaust ports. They flow 20% more than the cast iron Vortec heads and produce power up to 6000 RPM. E-Tec 170 heads come with 1.94" intake and 1.55" exhaust valves. E-TEC 200 heads have 200cc retangular intake ports and 78cc exhaust ports. They outflow the factory fast-burn aluminum heads by 10% on the intake and 17% on the exhaust, making power up to 7000+ RPM. E-Tec 200 heads come with 2.02" intake and 1.60" exhaust valves.

L201342	70-77	E-Tec 170 64cc (Edel. # 60979).....	each	**519.95**
L201343	70-77	E-Tec 200 64cc (Edel. # 60989).....	each	**549.95**

EDELBROCK POLISHED ALUMINUM CYLINDER HEADS

All heads are Performer RPM. Choose from angled or straight spark plugs on small-block heads, oval or rectangular intake ports for big-block heads.

L201330	70-77	SB angled plugs 70cc (Edel. # 607119).	each	**569.95**
L201331	70-77	SB straight plugs 70cc (Edel. # 607319)	each	**569.95**
L201332	70-77	straight plugs 64cc (Edel. # 608919).....	each	**574.95**

AFR 180CC SB Chevy Street Heads

STARTING AT

$1289.95

NEW!!

These AirFlow Research heads are some of the most powerful heads on the market today for 327-400 small-block Chevrolets. With their high velocity 1800cc intake runners, 64cc exhaust port, and high swirl combustion chamber, these heads produce a broad band of power and torque for the ultimate in street performance. Available with 68 or 74cc chambers for use with a flat top or small dome piston for streetable compression ratios. They feature a 3/4"-thick deck surface for maximum gasket clamping power and are ideal for street nitrous systems. They come complete with 1.450"-diameter valve springs (0.550" maximum lift), retainers, keepers, 2.02/1.60 intake and exhaust valves, hardened ductile iron valve seats, screw-in studs and guideplates. Ideal for off-idle to 5500-6000 rpm street performance small-block engines. Both 68cc and 74cc heads are available with heat risers drilled for emissions legal applications.

AFR 195CC SB Chevy Street Heads

The AFR 195cc intake runner heads are designed to operate in the 2000-6500 rpm range and provide more airflow and power than comparable street heads available today. They come with your choice of either a 68 or 74cc combustion chamber in straight or angle plug configuration with a 3/4"-thick deck surface. The exhaust port is a high-flowing 64cc. Stainless steel 2.02/1.60-inch intake/exhaust valve combination is standard, along with screw-in studs and guideplates, 1.450"-diameter valve springs, 10-degree valve keepers, and 4140 chrome moly steel retainers. So they are compatible with today's unleaded fuel, the AFR heads come with hardened ductile iron interlocking valve seats. These heads are also available with a drilled heat riser for emissions legal status.

AFR 210CC SB Chevy Racing Heads

NEW!!

$1499.95

Looking for heads that make outstanding power in the 3000-7000 rpm range for a 350-420 cubic inch small-block Chevy hot street or bracket race engine? The AFR 210 head comes with 76cc combustion chambers and 80cc exhaust ports fully CNC-machined. The 210cc intake port is 70% CNC-machined and utilizes a 3/4"-thick deck surface for superior gasket retention. These heads come with your choice of valve springs for these cam types; solid street roller, solid race roller, and hydraulic roller. The 2.08/1.60 intake/exhaust valve combination comes standard with screw-in studs and guideplates, hardened ductile iron interlocking valve seats, and angle spark plugs. Get maximum performance with these AFR 210 heads.

CH25679	standard solid roller (AFR # 8000)	pair	**1499.95**

AFR Magnum BB Chevy Street Heads

STARTING AT

$1999.95

NEW!!

The AirFlow Research Magnum Big-Block Chevy Heads have some of the highest flowing rectangular ports on the market today. They come with 305cc "as-cast" rectangular intake ports or a fully CNC-machined intake port with a 315cc volume. The 315cc head also has fully CNC'd 121cc combustion chamber along with a fully machined exhaust port, while the "as-cast" head has a 119cc combustion chamber. Standard on both versions is a 3/4"-thick deck surface for maximum cylinder head gasket retention, along with 2.25/1.88 intake/exhaust one-piece stainless steel valve combination, chrome silicone 1.550"-diameter mechanical roller cam springs, and 10-degree chrome moly retainers and keepers. Get outstanding power with these AFR Magnum rectangular port big-block Chevy heads.

ARP Perma-Loc

STARTING AT

$68.95

NEW!!

ARP automotive Racing products

ARP Perma-Loc bolts are made not to loosen. Reason being, the adjuster body is heat-treated all the way through (not just case hardened), which eliminates "thread" movement. The threads are machined exactly perpindicular to the bottom of the adjuster, so it seats evenly and applies pressure on a full 360 degree circle. The screw is machined flush on the bottom (not pointed) to have optimum contact on the rocker arm stud.

Manley Pushrods

STARTING AT $89.95

These small-block pushrods are manufactured from 5/16" chrome moly and the big-block version is made from 3/8" chrome moly. They have meticulously formed ends with exact radii, excellent concentricity, closely controlled length, heat-treated with black oxide finish.

CH23569 - SB 265-400, stock length- 7.800"
CH23570 - SB 265-400, .100" longer than stock- 7.900"
CH23571 - BB, stock length intake- 8.280"
CH23572 - BB, stock length exhaust- 9.250"
CH23573 - BB, .400 longer than stock intake- 8.680"
CH23574 - BB, .400 longer than stock exhaust- 9.650"

NEW!

CH23569	(Manley # 25709-16)	set	**143.95**
CH23570	(Manley # 25712-16)	set	**143.95**
CH23571	(Manley # 25795-8)	set	**89.95**
CH23572	(Manley # 25796-8)	set	**89.95**
CH23573	(Manley # 25797-8)	set	**89.95**
CH23574	(Manley # 25798-8)	set	**89.95**

MANLEY BALL-END PUSHRODS

For all small-blocks using 5/16"-diameter, .030" wall, case-hardened, black oxide-coated, 1010 steel pushrods. These are excellent pushrods for mildly modified engines with open spring pressures under 300lbs.

CH23575	SB .100 shorter 7.694" (Manley # 25739-16)	set	**79.95**
CH23576	SB stock 7.794" (Manley # 25737-16)	set	**69.95**
CH23577	SB .100 longer 7.894" (Manley # 25777-16)	set	**79.95**
CH23578	SB .150 longer 7.944" (Manley # 25790-16)	set	**79.95**

Manley Guideplates

CH23545

STARTING AT $29.95

NEW!

The small-block raised-design guideplate controls pushrods at their highest point. They are heat-treated with a black oxide finish. The big-block version is meticulously formed from a complex stamping process. Heat-treated for increased durability with a black oxide finish.

CH23544	SB raised 5/16" (Manley # 42151-8)	set	**29.95**
CH23545	BB - steel 3/8" (Manley # 42164-8)	set	**39.95**
CH23546	BB - steel 7/16" (Manley # 42149-8)	set	**39.95**

Manley Valve Locks

Stamped or Machined

CH23530

NEW!

STARTING AT $6.95

The 7-degree stamped valve locks are ONLY recommended for mild performance engines. The machined version is made of high-quality alloy for mildly modified engines and are heat-treated.

CH23530	stamped SB/BB 11/32" (Manley # 13127-16)	set	**9.95**
CH23532	machined SB/BB 11/32" (Manley # 13091-16)	set	**41.95**
CH23533	machined BB only 3/8" (Manley # 13092-16)	set	**41.95**
C220258	stamped BB only 3/8" (Manley # 13294-16)	set	**6.95**

Manley Steel Rocker Arm Kit

CH23543

STARTING AT $41.95

A set is for one (1) head. Two (2) sets are required for both heads. Made of the highest-quality steel that's heat-treated and each rocker arm has a long slot to avoid stud interference when using a high-lift cam. Kits includes long slot rocker arms, rocker balls with special oil grooves and lock nuts.

CH23541	SB 1.5 3/8" (Manley # 43140)	set	**41.95**
CH23542	SB 1.6 3/8" (Manley # 43150)	set	**64.95**
CH23543	BB 1.7 7/16" (Manley # 43170)	set	**59.95**

Manley Teflon Oil Seals

NEW!

$28.95

Prevent oil from running down the valve guides by using these Teflon seals. Long lasting, but the top of the guides need to be machined.

CH23537	11/32" valves .500" (Manley # 24037-16)	set	**28.95**
CH23538	11/32" valves .530 (Manley # 24035-16)	set	**28.95**
CH23539	3/8" valves .500" (Manley # 24039-16)	set	**28.95**
CH23540	3/8" valves .530" (Manley # 24036-16)	set	**28.95**

Manley Precision-Crafted Valve Locks

CH23534

STARTING AT $44.95

NEW!

Made of the highest-quality alloy that's heat-treated and has a black oxide finish.

CH23534	.3415" standard SB or BB (Manley # 13194-16)	set	**44.95**
CH23535	.3415" .050" more SB or BB (Manley # 13198-16)	set	**49.95**
CH23536	.3715 standard BB only (Manley # 13195-16)	set	**49.95**

*These products accompanying this document are legal only for off-highway use (except in California or states that have adopted California emission standards), racing use or for use on pre-emission controlled motor vehicles/motor vehicle engines (pre-1966 domestic vehicles certified to California standards, pre-1968 domestic wehicles certified to federal standards & all 1968 foreign vehicles), per the manufacturer's application guide.

Competition Cams Roller Tip Rockers

STARTING AT
$179.95

Long slot roller tip rockers include new rotating balls and nuts. Rockers are cast body for long lasting durability.

L201229	SB 3/8" stud 1.52 ratio (Comp # 1412-16).....	set	**179.95**
L201230	SB 3/8" stud 1.6 ratio (Comp # 1416-16).....	set	**179.95**
L201231	SB 3/8" stud 1.52 self aligning (Comp # 1417-16)	set	**199.95**
L201232	SB 3/8" stud 1.6 self aligning (Comp # 1418-16)..	set	**199.95**
L201233	BB 7/16" stud 1.72 ratio (Comp # 1411-16).....	set	**179.95**

Competition Cams Lifters

STARTING AT
$85.95

Each package is a complete set of 16 lifters. Hydraulic flat tappet sets fit both small-blocks and big-blocks.

L201225 - For blocks originally equipped with hydraulic rollers.
L201226 - For blocks originally equipped with hydraulic flat tappets.

L201223	V8 high energy hydraulic (Comp # 812-16).....	set	**85.95**
L201224	V8 Magnum hydraulic (Comp # 858-16).....	set	**99.95**
L201225	SB high energy hyd. roller (oem) (Comp # 850-16)...	set	**239.95**
L201226	SB high energy hyd. roller (retro) (Comp # 853x-16)	set	**469.95**
L201227	BB high energy hyd. roller (Comp # 854x-16).....	set	**469.95**

Competition Cams Full Roller Rockers

STARTING AT
$309.95

Comp Cams Pro Magnum chrome moly roller rockers are fully rebuildable with a lifetime guarantee against breakage on the body.

L201234	SB 3/8" stud 1.52 full roller (Comp # 1301-16).....	set	**309.95**
L201235	SB 7/16" stud 1.52 full roller (Comp # 1304-16)....	set	**309.95**
L201236	SB 3/8" stud 1.6 full roller (Comp # 1302-16).....	set	**309.95**
L201237	SB 7/16" stud 1.6 full roller (Comp # 1305-16).....	set	**309.95**
L201238	BB 7/16" stud 1.7 full roller (Comp # 1320-16).....	set	**329.95**
L201239	BB 3/8" stud 1.52 self aligning (Comp # 1317-16)	set	**329.95**
L201240	SB 3/8" stud 1.6 self aligning (Comp # 118-16)....	set	**329.95**

Competition Cams Stud Girdle Kits

STARTING AT
$205.95

L201241	SB 3/8" (Comp # 4007).....	KIT	**205.95**
L201242	SB 7/16" (Comp # 4009).....	KIT	**205.95**
L201243	BB 7/16" (Comp # 4021).....	KIT	**289.95**

Competition Cams Fuel Pump Pushrods

$99.95

L201220	SB hydraulic flat tappets (Comp # 7373-16).....	set	**99.95**
L201221	SB oem roller (Comp # 7608-16).....	set	**99.95**
L201222	SB retro roller (Comp # 7609-16).....	set	**99.95**

Competition Cams Guideplates

STARTING AT

$23.95

L201246	SB 5/16" push rod (Comp # 4808-8).....	set	**23.95**
L201247	BB 3/8" push rod (Comp # 4806-8).....	set	**46.95**

Competition Cams Thrust Buttons

STARTING AT

$7.95

L201216	nylon - small block (Comp # 202).....	each	**7.95**
L201217	nylon - big block (Comp # 205).....	each	**7.95**
L201218	roller - small block (Comp # 200).....	each	**9.95**
L201219	roller - big block (Comp # 207).....	each	**10.95**

Competition Cams Hydraulic Roller Lifter Install Kit

Includes lifter retainer, guideplates and hardware

$81.95

This kit is made for installing hydraulic roller lifters in a post-1987 factory roller small-blocks. Includes lifter retainer and guideplates and hardware for camshaft and retainer.

L201228	(Comp # 081000).....	KIT	**81.95**

Competition Cams Lubricants

STARTING AT

$9.95

L201212	cam installation lube - 8oz (Comp # 153).....	each	**12.95**
L201213	cam break-in lube - 12oz (Comp # 159).....	each	**13.95**
L201214	engine assembly lube (Comp # 104).....	each	**9.95**
L201215	slip kote spring spray (Comp # 106).....	each	**9.95**

Factory GM Aluminum Big-Block Intake Manifold

SALE

ORIGINAL GM

$399.95

This is the original factory aluminum high-rise intake manifold used on 375 HP 396 and 425 HP 427 engines from 1965-1969. Perfect for a restoration or high-performance application. Features rectangular intake ports.

PZ50018 ..... each ~~423.50~~ 399.95

NOTE: use choke kit DECS39B.

Edelbrock Performer Manifold

M980001

STARTING AT

$119.95

Edelbrock

Designed for street 302-400 small-blocks. M980001 is a stock replacement/street legal part for 1966-72 302, 327 and 350 V8s with OEM or Edelbrock emissions-legal 4-bbl carburetors. M980002 is for 1973-85 305, 350 4-bbl carburetors.

M980001 Performer (non-EGR) (Edel. # 2101)..... each **119.95**
M980002 Performer (EGR) (Edel. # 3701)..... each **145.95**

Small-Block High-Rise Cast Iron Intake Manifold

SALE

ORIGINAL GM

$289.95

This high-rise, all CAST IRON intake with a Q-jet carb pad is a duplicate of the factory aluminum intake used on all the popular high-performance small-blocks. They include the 327/365 hp, 350/360 hp and the 302/290 hp. Other than the Q-jet carb pad, this is a duplicate of the small-block aluminum factory high-rise intake, only in cast iron.

PZ50015 ..... each ~~276.25~~ 289.95

NOTE: use choke kit DECS42B

Edelbrock Performer RPM Manifolds

M980003

STARTING AT

$149.95

Edelbrock

Designed for 262-400 small-blocks. Will make maximum horsepower with a broad torque curve. Manifold has provision to machine hole for early-model oil fill tube. Accepts late-model waterneck, ac, alternator and H.E.I. Has an RPM range of 1500-6500.

M980003 Performer RPM square-bore (Edel. # 7101)..... each **149.95**
M980004 Performer RPM spread-bore (Edel. # 7104)..... each **179.95**

Edelbrock Victor Jr. Small-Block Manifold

M980005

STARTING AT
$190.95

This manifold is designed for ultra high-performance street or drag racing applications. Made to provide maximum performance for standard port location iron and aluminum cylinder heads. M980005 is a standard heigth manifold. When carb spacers are not allowed, manifold M980006, which has a carb pad heigth one-inch (1") taller, should be used. M980007 is a port-matched manifold which has hand blended ports that match the Victor Jr. heads or any comp head using Fel-Pro intake gasket #1205.

M980005	Victor jr (Edel. # 2975).....	each	**190.95**
M980006	Victor jr. tall (Edel. # 2999).....	each	**216.95**
M980007	Victor jr. port matched (Edel. # 2900).....	each	**220.95**

Edelbrock Performer 2-O Manifold

M980008

STARTING AT
$175.95

Designed for big-blocks using general-duty oval-port cylinder heads. 1965-72 cars use M980008 as a stock replacement intake manifold on 396, 402, 427 and 454s with OEM 4-bbl carburetors. M980009 is a replacement/street legal part for EGR-ezzquipped 454s with OEM 4-bbl. carburetors.

M980009	EGR (Edel. # 3761).....	each	**199.95**
M980008	non-EGR (Edel. # 2161).....	each	**175.95**

NOTE: will not fit "tall block" V8s. Will fit 1970-77 oval port heads.

Edelbrock Victor Jr. 454-R & -O Manifolds

$218.95

Designed for competition 396-502 V8s. Made for 1965-74 engines, M980011 is for rectangular-port heads, M980012 is for oval-port heads. The Victor Jr. is designed to optimize the flow characteristics of the 850 cfm carb. These manifolds are made for better 60-foot times and max power from 3000-7500 RPM.

M980011	Victor jr. 454-R (Edel. # 2902).....	each	**218.95**
M980012	Victor jr. 454-O (Edel. # 2904).....	each	**218.95**

Edelbrock Performer RPM 2-0 Manifold

M980010

STARTING AT
$199.95

Designed for street 396-502 c.i.d engines with "big" '65-'74 oval-port cylinder heads. This is the latest technology in dual-plane high-rise design.

M980010	non-EGR square bore (Edel. # 7161).....	each	**199.95**
M980Q10	spread bore (Edel. # 7164).....	each	**206.95**

Edelbrock Performer RPM Air-Gap Manifold

C207561

STARTING AT

$199.95

Edelbrock

The new RPM Air-Gap manifold uses the same technology as the Victor series competition intake. The open air space below the plenum and runners separates them from hot engine oil, resulting in a cooler air/fuel mixture going to the head. This cooler charge creates more power and improved performance. The Air Gap manifold includes rear water outlets, two distributor clamp locations, and nitrous bosses. For square-bore carbs only.

C207501	70-77	small-block (Edel. # 7501).....	each	**199.95**
C207561	70-77	big-block oval port (Edel. # 7561).....	each	**229.95**
C207562	70-77	big-block rectangle port (Edel # 7562)...	each	**229.95**

Edelbrock Performer EPS Manifold

NEW!

CH23987

STARTING AT

$129.95

Edelbrock

Designed for 1986 and earlier 262-400 cid. small-block Chevys, the all new Performer EPS is optimized to deliver superior performance with square-bore carburetors. This manifold has an all-new runner design that's "tuned" for peak torque around 3500 RPM on a 350-inch engine and it's ideal for power from off-idle to 5500 RPM.

CH23987		(Edel. # 2701).....	each	**129.95**
CH23988		polished (Edel. # 27011).....	each	**219.95**

Edelbrock Polished Intake Manifolds

L201340	70-77	RPM Air Gap small-block (Edel. # 75011)	each	**314.95**

Edelbrock Performer Vortec Manifold

NEW!

CH23980

STARTING AT

$159.95

Edelbrock

Based on the EDL-2101, this is a single four-barrel, dual-plane intake designed for 262-400 engines with 1996 and later Vortec (L31) cast iron heads. Has provisions for external water bypass and can be used on either Vortec blocks or 1995 and earlier blocks. Accepts spread-bore and square-bore carbs.

CH23980		(Edel. # 2116).....	each	**159.95**
CH23981		polished (Edel. # 21161).....	each	**239.95**

Edelbrock RPM Air-Gap Vortec Manifold

NEW!!

CH23978

STARTING AT

$219.95

Edelbrock

Made for 262-400 engines with 1996 and later Vortec cylinder heads. This design combines the high-flow dual-plane with the isolated runners of the Victor-series manifolds. This manifold will help build a wider powerband by delivering a cooler, denser charge to allow for higher compression before detonation.

CH23978	(Edel. # 7516).....	each	**219.95**
CH23979	polished (Edel. # 75161).....	each	**329.95**

Edelbrock Street Tunnel Ram (3500-7500 RPM) Manifold

NEW!!

CH23969

STARTING AT

$269.95

Edelbrock

Designed for 302-327-350-400 small-block Chevy V8s operating below 7500 RPM where low-end torque is not a prime factor. Great for engines with slightly modified heads. Applicable to street machines, street rods, pro street and marine. Will not fit 1987 and later cast iron heads. Forward mounted linkage is made to be used with dual inline carburetors.

CH23969	complete (Edel. # 7110).....	each	**269.95**
CH23970	complete (polished) (Edel. # 71101).....	each	**469.95**
CH23963	throttle linkage (forward mnt. carb)(Edel. # 7097)...	each	**26.95**
CH23971	base only (Edel. # 7067).....	each	**237.95**
CH23972	top only (Edel. # 7032).....	each	**118.95**
CH23973	throttle linkage (sideways mnt. carb)(Edel. # 7071)	each	**101.95**

Edelbrock Small-Block Performer Manifold

NEW!!

L220068

STARTING AT

$159.95

Edelbrock

Made for 262-400 engines with 1987-95 cast iron cylinder heads with canted center bolt holes. This is a dual-plane low-rise with a 180-degree firing order and patented runner design. Provides torque over a wide RPM range. Improves throttle response over the stock manifold. Will accept latemodel waterneck, ac, alternator, HEI, exhaust heated choke and has a rear coolant crossover passage. Available with or without EGR provisions.

L220068	Non-EGR (Edel. # 2104).....	each	**159.95**

Edelbrock Street Tunnel RAM 2-0 Big-Block (3500-7500 RPM) Manifold

NEW!!

CH23962

$287.95

Edelbrock

Designed for use on 396-502 big-block Chevy V8s with large oval-port heads (1975 & earlier). Ideal for applications such as pro-street or marine where low-end torque is not a prime factor. Use with Performer RPM cam kit #7162 for maximum top-end power. Forward throttle linkage is to be used with dual-line carburetors.

CH23962	(Edel. # 7115).....	each	**287.95**
CH23963	throttle linkage (forward) (Edel. # 7097).....	each	**26.95**

Edelbrock Performer RPM 2-R Big-Block Manifold

NEW!!

CH23966

STARTING AT

$206.95

Edelbrock

Designed for 396-502 big-blocks with rectangle port heads. This manifold is a dual-plane, high-rise intake with a 180-degree firing order. Made to produce high top-end horsepower and retain throttle response. This manifold has larger plenums and runners to match free flowing exhaust, high-lift cams etc. Intended for performance engines running up to 6500 RPM.

CH23966	(Edel. # 7163).....	each	**206.95**
CH23967	polished (Edel. # 71631).....	each	**369.95**

NOTE: Will not fit under stock 1965-67 Chevelle hoods.

Edelbrock C-26 Dual-Quad (1500-6500 RPM) Manifold

NEW!!

CH23956

STARTING AT

$249.95

Edelbrock

The C-26 dual-quad manifold is made for 262-400 non-EGR engines. Made to have that vintage look but provide power. Low profile for hood clearance with AC bosses and front oil filler tube boss included.
Progressive throttle linkage will provide smooth throttle activation. Kit is made of aluminum & stainless steel with brass parts and spherical rod ends.
Dual-quad braided fuel line kit is made for any dual-quad application where the carbs are spaced 6-7/16" apart. The line has a 3/8" NPT inlet fitting and a 1/8" NPT fuel pressure tap.

CH23956	(Edel. # 5425).....	each	**249.95**
CH23957	polished (Edel. # 54251).....	each	**395.95**
CH23959	progressive throttle linkage (Edel. # 7094).....	KIT	**49.95**
CH23958	braided fuel line (Edel. # 8088).....	each	**49.95**

NOTE: Stock alternator brackets do not fit.

Edelbrock C-357 Three-Deuce (Idle-5500 RPM) Manifold

NEW!!

CH23968
(Does not include Carburetors or fuel lines)

$256.95

Edelbrock

This cast aluminum three-deuce manifold is made for 262-400 Chevys. Features include a balanced 180-degree firing order port runner arrangement and contains an exhaust gas heat riser. Recommended carb is the Rochester 2GC.

CH23968	(Edel. # 5419).....	each	**256.95**

NOTE: HEI will not fit.

Edelbrock C-66 Dual-Quad Big-Block Manifold

NEW!!

CH23960

STARTING AT

$299.95

Edelbrock

C-66-R is made to fit 396-502 non-EGR engines with rectangular-port heads.
C-66-O is made to fit 396-502 non-EGR engines with oval-port cylinder heads.
These cast aluminum manifolds have a low-profile design for hood clearance, balanced firing order port runner arrangement and a consistent part-throttle operation with horsepower and torque gains.
Dual-quad progressive throttle linkage will provide smooth progressive throttle activation. Kit is made of aluminum & stainless steel with brass parts and spherical rod ends.
Dual-quad braided fuel line kit is made for any dual-quad application where the carbs are spaced 6-7/16" apart and. The line has a 3/8" NPT inlet fitting and a 1/8" NPT fuel pressure tap.

CH23960	C-66-O (Edel. # 5420).....	each	**299.95**

Edelbrock Original Torker Manifold

Small-block

CH23974

STARTING AT **$282.95**

Edelbrock NEW!!

Designed for 1955-86 262-400 small-block Chevys, this Torker is identical to the original and has a boss for the oil filler tube, making it great for early Chevys with unvented valve covers. This single-plane manifold produces enough torque for street use with excellent top end power. 2500-6500 RPM.

CH23974	(Edel. # 5416).....	each	**282.95**
CH23975	polished (Edel. # 54161).....	each	**369.95**

Edelbrock Torker II 2-0 Big-Block Manifold

NEW!!

CH23964

STARTING AT **$208.95**

Edelbrock

Made for 396-502 big-blocks with large oval port heads. 2500-6500 RPM range This single-plane, square-bore flange, aluminum intake manifold is 1/2-inch taller than the Performer manifold. This helps those wanting a single-plane manifold for a vehicle with a low hood. Ideal for cars with high rear gear ratios.

CH23964	(Edel. # 5061).....	each	**208.95**
CH23965	polished (Edel. # 50611).....	each	**359.95**

Edelbrock Torker II Manifold

Small-block

CH23976

STARTING AT **$108.95**

Edelbrock NEW!!

Made for 262-400 engines, this single-plane, square-flange, aluminum manifold is a 1/2-inch taller than the Performer manifold. This is helpful for those wanting a single-plane manifold for a vehicle with a low hood. Great for vehicles with high rear gear ratios.

CH23976	(Edel. # 5001).....	each	**108.95**
CH23977	polished (Edel. # 50011).....	each	**209.95**

Edelbrock Performer Air-Gap Manifold

Small-block

CH23982

STARTING AT **$197.95**

Edelbrock NEW!!

Made for 262-400 engines. This cast aluminum manifold features the air gap design for ultimate street performance from idle to 5500 RPM. The design features an open air space that separates the runners from the hot engine oil resulting in a cooler, denser charge, which in return creates more power.

CH23982	(Edel. # 2601).....	each	**197.95**
L201337	polished (Edel. # 26011).....	each	**299.95**

Note: WP22551 includes two 3/4" nipples.

ARP Intake Manifold Bolts

STARTING AT
$12.99

ARP automotive racing products

With their reduced bolt head size, its a lot easier to tighten up your intake manifold when using ARP intake manifold bolts. Instead of a 9/16" bolt head size, these ARP bolts use a 3/8" size bolt head, which allows you to use a smaller wrench and get in those tight spots to snug up the bolts.

Big-Block Chevrolet Valve Covers

CH24817

CH24818

$109.95

You've always wanted a set of highly polished, finned aluminum valve covers for your big-block, but you can't find them because they've been out of production for years. Look no further because OPG now has them for all '65-'95 big-block Chevys. They have breather and oil fill holes along with a strong gasket lip, so you won't have gaskets sqeezing out and oil leaking. These classic valve covers come highly polished, or in a wrinkle-black finish.

CH24817	Polished	pair	**109.95**
CH24818	Black wrinkle	pair	**109.95**

502 Logo Chrome Valve Covers

Milodon Windage Trays

STARTING AT

$29.95

NEW!

These windage trays provides rapid oil return to the sump and protects against "splash-back", helping to increase power for street or strip. Windage trays can add 12-15 horsepower on engines making up to 400+hp. Windage tray install kits are required to properly mount the tray assembly.n Adjustable mounting position allows the tray to work at it's maximum potential by being as close as possible to the rotating assembly and to avoid any unnecessary interference with the oil pan. Install with the 7/16" nuts torqued to 65 ft/lbs. or 1/2" to 85 ft/lbs. using oil, and the 3/8" nuts torqued to 35 ft/lbs.

CH22316	70-77	SB windage tray (Milodon# 32100).....	each	**29.95**
CH22317	70-77	BB windage tray (Milodon# 32200).....	each	**29.95**
CH22318	70-77	SB install kit (Milodon# 81150).....	KIT	**44.95**
CH22319	70-77	BB install kit (Milodon# 81151).....	KIT	**44.95**

Milodon Screen Windage Trays

$89.95

NEW!

Everyone wants more power. One of the easiest ways to get it is to install the Milodon "Diamond Stripper" windage tray. Any windage tray is good, but with a factory, or solid-style tray, you get what's called "bounce back", as the slinging oil hits the solid tray and bounces back up into the rotating crank and rods, causing a loss of power. With the "Diamond Stripper", hundreds of tiny holes in the tray trap the oil and drop it down into the oil pan, with no "bounce back" and a gain in power. The results have been proven on the dyno and race track many times. On small-block engines the "Diamond Stripper" will fit left and right hand dipstick applications when the tray is adjusted properly.

CH25295		350 & 400 (Milodon# 32250).....	each	**89.95**
CH25296		BB Mark IV, V, & Gen VI (Milodon# 32260).....	each	**89.95**

NOTE: Must use Milodon adjustable windage tray studs #81150 (small-block) and #81151 (big-block) to prevent tray interference with stock oil pan baffle. "Diamond Stripper" can be used with any crank stroke or with steel or aluminum rods.

Magnetic Oil Pan Drain Plug

$5.95

The magnetic oil pan drain plug keeps metal particles from floating in your oil. Nylon washer included with drain plug.

C210295		.....	each	**5.95**

Milodon One-Piece Oil Pan Gasket

$36.95

Molded rubber that is re-usable. Thes all-in-one gaskets help provide a leak-free installation every time. No leaks in the corners as with conventional gaskets. Steel inserts around all the bolt holes allow secure bolt tightening without ever splitting the gasket.

CH25284		SB (left hand dipstick) (Milodon #41000).....	each	**36.95**
CH25286		BB Mark V & Gen VI (Milodon #41002).....	each	**36.95**

Milodon Stainless Steel Engine Oil Dipsticks

NEW!!

Milodon

$52.95

Milodon dipsticks feature fittings, stick and hose that are all stainless steel, so they will stay bright and rust-free, even with use in a daily driver. They use an O-ring seal on top and bottom to positively seal against water and dirt. They are made of braided stainless steel hose so they will flex around header tubes, frames, mounts etc... They provide a very efficient seal for race cars running an internal vacuum pump, dry sump or vac-u-pan system.

CH25276	SB (Milodon # 22000).....	each	**52.95**
CH25278	BB (See list of engines) & all Milodon pan	each	**52.95**
CH25279	BB Mark V & Gen VI (Milodon # 22015).....	each	**52.95**

NOTE: You may need to re-mark your new dipstick by draining all the oil from the pan, filling it with the recommended number of quarts and mark the new dipstick with that level.
NOTE: Part# CH25278 is for Mark IV, V and Gen VI engines.

Edelbrock Accu-Drive Gear Drives

Edelbrock

STARTING AT
$159.95

Replaces stock timing chain with a precision gear drive system. The gear drive can be easily installed. The Accu-Drive system transmits power from the crankshaft gear to a full floating main idler which drives the camshaft gear. Accu-Drive gear drives are not recommended for use above 7000 RPM or on computer controlled vehicles with knock sensors. Also, not applicable to stock Chevy hydraulic roller lifter cam-equipped engines.

Jet Air Filters

STARTING AT
$31.95

Stock paper air filters may look correct, but they definitely block airflow. Upgrading to a Power-Flo filter by JET is an easy step up, resulting in improved performance all around. JET's air filters can add up to a 25% increase in airflow due to their two-stage filtration system. This unique set-up traps larger particles of dirt in the outer layer and smaller particles in the inner layer, allowing unparalleled filtration and providing maxumum airflow to the engine. These filters are reusable and washable; and with periodic oiling, are guaranteed to last the lifetime of your vehicle.

99L0211 70-77 11-1/2" x 4"..... each **32.95**
99L0217 70-77 11-1/2" x 3"..... each **31.95**

NOTE: Each engine takes a specific air filter.

AC Delco Starters

$99.95

High-quality AC Delco remanufactured starters - get the reliability of a brand new component! Increased starter torque output, something impossible to get with a "no-name" replacement. Fits big-block or small-block 1964-90. These starters fit both TH350/TH400 and manual transmissions using a 168-tooth flywheel. OPG also has starters for Powerglide and manual transmissions using a 153-tooth flywheel.

T323236	153 T flwheeel all	each	**99.95**
T323255	168 T flywheel auto	each	**99.95**
T323254	168 T flywheel manual	each	**99.95**

Powermaster Starters

$149.95 POWERMASTER

Super-high quality starter. Rebuilt with precise tolerances for one of the most durable and powerful starters available.

L201290	70-77	168-tooth -Natural (PM # 3510)	each	**149.95**

High-Torque Mini-Starter

POWERMASTER

STARTING AT $149.95 NEW!

C200002

CH22129

This race-proven high-torque mini-starter is made for performance engines. This bolt-on replacement only weighs 11 lbs, and is 33% smaller than original starters to provide room for oil pan, header and ground clearance. The 3.73:1 gear reduction is set to give you 40% to 50% more starting torque. The low amp draw gives increased spark amperage for your ignition system. Made for all Chevrolet V-8 small-blocks or big-blocks.

C200002	70-72	1531168-tooth-Natural (PM # 9000)	each	**149.95**
CH22129	70-72	1531168-tooth-Chrome (PM # 19000)	each	**229.95**

Chevrolet 2.5-hp Mini-Starter

$169.95 NEW!

If you have a high-compression e[illegible]ust need to start your engine quickly, we have the starter for you. This high-performance, 2.5-hp starter fits both 153- and 168-tooth flywheels on s[illegible] big-blocks and weighs only 8-lbs. The energy for this starter comes from a mega-power permanent magnet armature assembly and drives a st[illegible] planetary arrangement, and doesn't need a gear reduction unit to spin the engine over.

$49.95

This complete solenoid includes mounting hardware and factory instructions.

87A0028 70-75 ..... each **49.95**

Starter Armature Heat Shield

$19.95

The posi-torque armature heat shield has all the features of the posi-start solenoid shield and will provide more torque to starter during hot starts and will increase the life of the armature.

For use on 6- or 8-cylinder engines.

PT00100 70-77 ..... each **19.95**

Starter/Solenoid Heat Shield

STARTING AT

$12.00

High-performance posi-start shield is made of 16-gauge aircraft aluminum (the best possible) and is insulated with a high-temp silica textile. It will provide a 65% thermal deflection up to 1500 degrees. This shield provides excellent protection from "hot start" problems, especially when using headers. We also offer a genuine GM replacement.

PS00100 70-77 hi-performance.. each **16.95**

D250053 70-77 original-style..... each **12.00**

Starter Heat Shield

$24.95

Radiant heat from the exhaust can easily produce enough heat to destroy the windings of the starter and solenoid. By wrapping your starter with Thermo-Tec, you can combat this problem. This universal kit is made of an aluminized material that provides protection by reflecting up to 90% of the radiant heat.

CH24996 7" x 22"..... each **24.95**

Thermo-Shield

$14.95

Thermo-Shield is made to provide a barrier against extreme conditions. Radiant and conductive heat in the under-hood can destroy hoses and wiring by melting them or drying and cracking. This adhesive backed material can be wrapped around hoses or wires, and reflects up to 2000 degrees.

CH24995 1-1/2" x 15' roll..... each **14.95**

Original Starter Bolts

$9.95

Featuring correct knurled body.

1970-77 Prothane Motor/Trans Mount Combo Kit

$89.95

NEW!

Manufactured from specially formulated polyurethanes, these tough engine transmission mount kits act like solid mounts without the vibration and noise. They reduce the amount of movement of the engine and drivetrain, thereby putting more power to the rear wheels. These are extremely durable mounts that are resistant to oil, chemicals and road contaminants that deteriorate stock rubber mounts. Get more power to the wheels with "poly" engine and transmission mounts.

Zoops Outboard Mount Correct-Align Bracket Kits

Adjustable forged billet alternator and AC brackets
Will correct pulley misalignment by up to 3/4"

NEW!!

STARTING AT
$149.95

These Zoops ultra high-quality 6061-T6 aluminum ball milled and show polished alternator and ac brackets will allow you to align your pulleys so your V-belts will run straight and true. The Correct-Align brackets have a fore and aft adjustability of up to 3/4" using a keyed slide and they're sturdy enough to eliminate component vibrations. They come complete with adjusting bars and fasteners for a no holes drilled, bolt-on installation. And the brackets are available seperately or in a kit.

Zoops Forged Billet V-Belt Pulleys

Superior-quality V-belt Pulleys

Billet aluminum forgings
for maximum strength

STARTING AT
$54.95

NEW!!

Cast aluminum pulleys are OK, and billet aluminum pulleys are good, but the ultimate is Zoops forged aluminum billet pulleys. The forged billet pulleys are 400% stronger than cast versions and are 50% stronger than billet ones. Zoops CNC machines each 6061-T6 aluminum pulley to exacting tolerances and a perfect balance and then heat-treated, which hardens and strengthens the pulley preventing fatigue cracking and warping.There are several pulley configurations for small- and big-blocks and they come with a machined or show polished finish. Comes complete with all mounting hardware.

FP - forged polished finish
FM - forged machined finish

Zoops Forged Billet Alternator Fan & Pulley

Precision CNC-machined

Highest quality

NEW!

$59.95

This alternator pulley and fan combiniation is CNC-machined from the same heat-treated, forged billet 6061-T6 aluminum as the V-belt pulleys. They have a show polished finish and come with a pulley cap for that "clean" look.

CH25203	70-77	.....	each	**59.95**

Zoops V-Belt Power Steering Pulleys

CNC-machined

High lustre, polished finish

STARTING AT

$56.95

NEW!

Zoops manufactures these single and double groove pulleys from billet 6061-T6aluminum. They fit both types of power steering pump pulley shafts, the one with an 1/8" keyway groove on the shaft and the one that presses on to the 3/4" shaft. When the machining is done, the pulleys are polished to a show-quality finish to add more sparkle to your engine compartment.

CH25213	70-77	single groove 1/8" key on shaft.....	each	**56.95**
CH25214	70-77	single groove .750" press fit.....	each	**56.95**

CH25216	70-77	double groove .750" press fit.....	each	**66.95**

Zoops Forged Billet Bow Tie V-Belt Pulleys

CNC-machined Bow Tie pulleys

Show polished for show quality

NEW!

$77.95

These are the same great pulleys as the standard Zoops forged billet V-belt pulleys. They're made from 6061-T6 aluminum and heat-treated to prevent fatigue and increase strength. Then Zoops CNC machines these GM-licensed pulleys with three Bow Ties in them. The close tolerance machining means no runout and they have a perfect balance. These pulleys are available for short and long small-block and short-only big-block water pumps and they come with a brilliant show polish. Comes complete with mounting hardware.

1970-72 "Desert Cooler" 4-Row Radiators

- *Larger tanks for more capacity*
- *Extra fins for improved cooling*
- *Bolts in to all A-bodies*
- *Accepts factory fan shrouds*
- *More cooling at half the price of aluminum radiators*

$239.95

These radiators are a direct bolt-in and offer better cooling than a standard 3-row because they have an extra cooling row, and they have slightly larger tanks to hold more coolant. Designed to allow a factory fan shroud to bolt right up. Excellent cooling at only half the price of an aluminum radiator!

STARTING AT

$1070.95

If you're running an ultra-high performance engine in your vehicle, we've got the cooling system you need. Be Cool's Super Street Series Power Cooling Module Assemblies can take the heat! Here's a system that can take engines rated up to 400 dyno-rated horsepower for 1964-67 and 700 dyno-rated horsepower for 1968-77 and provide cool, efficient circulation. Each module contains a Be Cool aluminum, dual 1" core, crossflow performance radiator with oval fluted tubes; dual 11", high-torque black electric puller fan set with a vented shroud; a complete set of aluminum fan mounting brackets with hardware; a diamond-cut, vented coolant recovery tank; a primary fan wiring harness with a 40-amp relay, and a billet radiator cap. A secondary wiring harness is also included to independently control the second fan. The electric fans in this module are designed to engage at 195-degrees and switch off when the coolant temperature reaches 175-degrees.

Radiator sizes: 1970-77 - 33" x 19"

G221373	70-77	(All) manual trans - natural	KIT	**1070.95**
G221374	70-77	same as above - polished	KIT	**1268.95**
G221375	70-77	(All) automatic trans - natural	KIT	**1158.95**
G221376	70-77	same as above - polished	KIT	**1352.95**

NOTE: On 1964-67 applications, upper and lower hose & transmission line modification are necessary to use crossflow upgrade. NOTE 2: NOTE: This item is OVERSIZED and requires an additonal freight charge of 14.95.

1970-77 Aluminum Radiators

AR60008

STARTING AT

$449.95

When you spend the money building a performance engine, the last thing you need is overheating. All of your cooling problems can be solved by installing one of our aluminum radiators. After replacing your stock radiator with this high-performance radiator, we will guarantee a minimum temperature drop of 20 degrees or your money back. Not only will you get a drop in temperature, but you'll get a radiator that is 40% lighter.

AR60008	70-77	SB/BB manual-satin	**499.95**
AR62008	70-77	SB/BB auto-satin	**589.95**
AR61008	70-77	SB/BB man-polished	**715.95**
AR63008	70-77	SB/BB auto-polished	**779.95**

NOTE: This item is OVERSIZED and requires an additonal freight charge of 14.95.

1970-72 Original Radiator Caps

PPR1784

$39.95

This cap is an exact reproduction of the original. (Not a replacement like the one that AC Delco sells now). It has been painstakingly reproduced to perfection.

PPR1784 Aluminum radiators..... each **39.95**
PPR1785 Copper radiators..... each **39.95**

Replacement Radiator Caps

Zoops Bow Tie Billet Radiator Cap

$17.95 NEW!!

Expertly machined from 6061-T6 aluminum, this radiator cap has the Chevrolet Bow Tie ball billed into the top for that custom-made look. After machining, these exquisite caps are polished to a high luster, adding sparkle to your engine compartment. Cap has a 17-lb. pressure rating and is officially licensed by GM.

CH25922 ..... each **17.95**

Stainless Steel 180° Thermostat

$12.95

Maintaining a consistent engine temperature allows your car to operate at peak power and efficiency, regardless of the driving conditions. Your car's factory thermostat basically just cycles open and shut; not exactly promoting cooling efficiency. The JET Low Temp Stat on the other hand offers consistant engine cooling and increased horsepower. Its advanced design reduces engine temperature and provides precise metering of water throughout the engine, The Jet Low Temp Thermostat is made from stainless steel and comes with a lifetime warranty.

99L0212 70-72 ..... each **12.95**

Mr. Gasket Hi-Flo Thermostats

$9.95 MR. GASKET CO.

These high-performance thermostats are designed to resist large variations in coolant pressures that occur at high rpms where coolant temperature and pressure fight for control of the thermostat, keeping it from opening at its designated temperature. The balanced HP thermostat features all brass and copper construction, and opens at the right temperature regardless of engine rpm.

CH25044 160-degrees..... each **9.95**
CH25045 180-degrees..... each **9.95**
CH25046 195-degrees..... each **9.95**

Flowmaster High-Performance Mufflers

$94.95

Gain 10 to 15 horsepower to the rear wheels by adding these high-performance mufflers. Manufactured in the USA using the highest-quality materials and the latest technology, the standard in high-performance exhaust. These extreme high-flow mufflers will give your vehicle that powerful musclecar sound that you are looking for.

42553HP	70-77	2-1/2" inlet/outlet (3 chamber)	each	**94.95**

Edelbrock High-Performance Mufflers

$108.95

Edelbrock RPM series mufflers feature an extremely durable 409 stainless steel case that resists rust and corrosion. The stainless steel inner core features durable ceramic packing that withstands temperatures of over 1800 degrees. The unique Tru-Flo design improves exhaust flow, giving your vehicle more torque, horsepower and a better sound.

CH20409	70-77	2-1/2" inlet/outlet (Edel. # 5544)	each	**108.95**

Hooker "Super Competition" Headers

STARTING AT **$359.95**

Horsepower is everybody's main objective, so go with the best header on the market to achieve that goal. Hooker Super Competition headers are made to perform on specific engines improving engine efficiency, maximizing horsepower, and in most cases improving mileage. Super Competition headers are made of the lightest material possible, with maximum strength and coated with high heat-resistant black paint or metallic ceramic thermal barrier coating, your choice!

C980160- 70-77 (265-400) Will not fit angle plug heads
1-5/8" x 31" with a 3" collector
Gasket: C980180 Reducer: C980183

C980162- 70-75 (265-400) Will fit angle plug heads, No AC
1-3/4" x 31" with a 3" collector
Gasket: C980180 Reducer: C980183

C980164- 70-74 (396-454) Will not work with Powerglide, Big-Block frame stands and motor mounts must be used to insure proper engine location and header fit.
1-3/4" x 30" with a 3" collector
Gasket: C980181 Reducer: C980183

C980170- 70-74 (396-454) Big-block frame stands and motor mounts must be used to insure proper engine location and header fit
1-7/8" x 35" with a 3-1/2" collector
Gasket: C980181 Reducer: C980184

C980172- 72-74 (396-454) Big-block frame stands and motor mounts must be used to insure proper engine location and header fit
2" x 35" with a 3-1/2" collector
Gasket: C980181 Reducer: C980184

C980175- 70-72 (396-454) One tube over each side of frame, No AC, Round exhaust port in head
2-1/8" x 36" with a 3-1/2" collector
Gasket: C980182 Reducer: C980184

Hooker "Competition" Headers

STARTING AT **$149.95**

Headers can be an expensive investment, so if you're looking for something a little more affordable, Hooker has made the Competition header to fit your needs as well as your pocketbook. Competition headers are made for the stock or mildly modified engine. Made of 16-gauge material, they're approximately 30% heavier than the Super Competition headers, but weld easier and are slightly more durable. Available in high heat-resistant black paint or metallic ceramic thermal barrier coating.

C980176- 64-77 (265-400) Will not work on angle plug heads

Hedman Headers

NEW!

STARTING AT **$149.95**

HEDMAN HEDDERS

Hedman is a name that is known for quality and performance at a fair price. Bolting on a set of these headers will improve both performance and engine efficiency. They are available in two different styles, full-length and shortie (provides maximum ground clearance), and three different versions of each; standard painted versions, ceramic-coated HTC for long-lasting looks and performance, and the Elite series headers with 3/8"-thick flanges, 14-gauge steel primary tubes, and HTC ceramic coating. They fit small- and big-block Chevelles with the shortie version for automatic transmissions only and the full-length fits both manual and automatic transmissions. Footnotes:

1. Without smog injection or injection heads
6. Modifications to stock exhaust required to retain catalytic convertor.
15. Shortie-style header (maximum ground clearance).
20. Not recommended for use with aluminum heads.
45. Not legal for sale or use in California on pollution-controlled motor vehicles.
49. Will not fit Saginaw 825 close ratio power steering box.
103. Will fit angle plug heads. (Chevy aluminum only)
121. Must modify radial AC compressor bracket.
208. Gen VI 502 engines with aluminum heads will have clearance problems around spark plugs, plug wires, starters and frames on some applications.

CH25669	70-77	283-400 (black) full length (1,6,45,49,103) (Hedman # 68290)	pair	**159.95**

Doug's Headers

Doug's Header
Notes:

1.) Will fit factory Bow Tie angle plug heads.
3.) Stick or automatic.
5.) Four-tube design
9.) Automatic only.
10.) Stock or Dart cast iron heads.
26.) Rear exit.
31.) Will not fit column shift.
32.) Console shift only.
35.) May require AC bracket.
39.) Shortie design for maximum ground clearance.
44.) Vehicles equipped with locking steering columns require linkage to be removed.
46.) OEM big-block frame stands and motor mounts must be used to ensure proper header fit.

STARTING AT
$399.95

What is the main thing you're looking for when shopping for a new set of headers? Performance of course! And with Doug's, you've got it. You'll also get the ease of installation and a great selection of applications for all years. And Doug's headers feature heavy wall construction with 3/8" thick mounting flanges, ensuring durability and longevity under the most demanding circumstances. All the necessary mounting hardware is included with each set: bolts, gaskets, and reducers. It's a no brainer. Look no further than Doug's for your next set of headers. Available in a high-temp protective EA310 coating or coated finish.

CH22483/CH22484 - Small-block full-length headers - 1-5/8" tubes, 3" collector, will work on angle plug, stock or Sportsman heads, automatic or manual transmission

CH22485/CH22486 - Small-block shorty headers - 1-5/8" tubes, 3" collector, will work on angle plug, stock or Sportman heads, automatics only

CH25267/CH25268 - Big-block shorty headers - 1-3/4" tubes, 3" collector, console shift only, OEM BB frame stands and motor mounts must be used to ensure proper fit.

CH22483	EA310 (1,5,9,10,35,44)(Doug's # D308N)	pair	**399.95**
CH22484	Coated (1,5,9,10,35,44)(Doug's # D308C)	pair	**519.95**
CH22485	EA310 (1,5,9,10,35,39,44)(Doug's # D304N)	pair	**399.95**
CH22486	Coated (1,5,9,10,35,39,44)(Doug's # D304C)	pair	**519.95**
CH25267	EA310 (3,5,26,31,32,39,44,46)(Doug's # D306N)	pair	**399.95**
CH25268	coated (3,5,26,31,32,39,44,46)(Doug's # D306C)	pair	**519.95**

NOTE: The nickel headers are Electroless Nickel Plated with a non-rust protective finish, which makes them impervious to rust, flaking, or bubbling.

CH22491	3"	each	**119.95**

Hooker Super Competition Exhaust Racing Cut-A-Ways

NEW!!

HOOKER HEADERS

$23.95

This is the easy way to uncork your headers without having to drop the head pipes. By welding Cut-A-Ways to the front of your head pipes at the collector, you can use a wrench one-handed to turn the acorn nuts off the machined block-off plate and free up the horsepower. Features include:

-One part can be adapted to fit 2"-3-1/2" diameter pipes
-By using one of Hooker's three different sized collector ring kits (see listing for different sizes and part numbers), the Cut-A-Ways will work on different brands of headers,
-Block-off plate and ring surface are machined so no gaskets are needed.
-Removable studs make changing damaged studs easy.
-Chrome acorn nuts and studs don't require special tools for installation and removal.
-Cut-A-Ways are coated with high heat-resistant black paint.

CH24857	2"-3-1/2" exhaust	pair	**64.95**
CH24858	collector ring (2-1/2")	KIT	**23.95**
CH24859	collector ring (3")	KIT	**23.95**
CH24860	collector ring (3-1/2")	KIT	**23.95**

Electric Exhaust Cut-Outs

$499.95

Stainless slides, Dayton gear reduction motors, harness pre-wired for easy installations, self-synchronizing motors, ceramic coated. You can be uncorked at a push of a button for race tracks that don't require mufflers. Mounts between collector & headpipes.

CH22492	2-1/2"	set	**499.95**
CH22493	3"	set	**499.95**
CH22494	3-1/2"	set	**499.95**

Big-Block Exhaust Manifolds

NEW!!

$369.95

These exhaust manifolds are manufactured to original GM specifications right down to the original GM casting numbers.

BBEM001	70-72	w/o smog	pair	**369.95**
BBEM002	70-72	w/smog	pair	**369.95**

NOTE: This item is OVERSIZED and requires an additional freight charge of $14.95 each.

Mr. Gasket Cable Operated Exhaust Cut-Outs

NEW!!

MR. GASKET CO.

$46.95

This cut-out, allows you to control the flow of your vehicle's exhaust either through the stock exhaust system or straight out of the pipe. will accept 2" O.D. exhaust pipes, and made of durable cast iron. Comes complete with a control cable and installation instructions.

Flowmaster Header Collector Ball Flange Kit

FLOWMASTER

STARTING AT

$60.95

This is a gasket-free bolt together design. These quality flange kits are intended to replace a standard 3-bolt flange on header collectors. The design relies on a tapered flare to seal the connection and never having problems with gaskets blowing out or leaking. This is a two-piece unit designed to bolt together with a slip-fit tapered ball connection. Includes all necessary bolts, nuts and washers.

CH22302	3.5" collector, 2.5" exhaust (Flowmaster # 15922)...	each	**77.95**
CH22303	3.5" collector, 3.0" exhaust (Flowmaster # 15923)...	each	**77.95**
CH22304	3.0" collector, 2.25" exhaust (Flowmaster # 15924)..	each	**60.95**
CH22305	3.0" collector, 2.5" exhaust (Flowmaster # 15925)...	each	**60.95**

NOTE: Original header collector must be removed and welding of new ball flanges in their place.

ARP Header Bolts

ARP automotive racing products

STARTING AT

$13.95

Rated at 170,000 psi, these are the best bolts made for your headers. Available in stainless or black oxide.

High-Velocity Exhaust Jackets

NEW!!

$74.95

This exhaust header wraps can reduce engine compartment exhaust heat up to 70%. Installs with headers mounted, provides maximum breathability, and can withstand heat up to 2000-degrees F, works on all headers using 2"-diameter primary tubes or smaller.

C220378	V8.....	KIT	**74.95**

NOTE: Kit includes 22" insulation for each primary tube and all necessary clips.

Cool It- Thermotec Clamp-On Heat Shield

STARTING AT

$21.95

The Cool-It composite construction clamp-on heat shields use a proprietary Thermal-Conduction-Technology developed by Thermo-Tech. They are great for blocking heat from your fuel lines and battery cables. These clamp-on heat shields reject 98% of the damaging radiant heat from the exhaust system and engine. Keeping the temperature of the fuel lines down prevents vapor lock and the cooler the fuel the more the power. Clamping the heat shields on the battery cables prevents the cables from melting on the exhaust manifolds or causing a voltage drain from overheated cables. Reject the heat!

CH25923	1 ft.....	each	**21.95**
CH25924	2 ft.....	each	**30.95**
CH25925	3 ft.....	each	**38.95**

Cragar Rod 50 FX Wheel

STARTING AT
$184.95
NEW!!

These "clean" looking wheels are manufactured from forged, not cast, 6061-T6 aluminum alloy. The wheels come standard with a fully CNC-machined center and a highly polished, smooth finish. The center caps do not come with the wheels, so you'll have to order either a polished hex nut center cap, or a 3-bar knock-off cap. They're available individually or as a 4-piece kit. The Cragar Rod 50 FX wheel has fitments for all the latest big-brake systems and tires to give your A-body the "look".

CH24686	Hex nut cap w/Crager medallion	each	**24.95**
CH24687	3-Bar "Knock-off" w/Crager medallion	each	**44.95**
CH24688	Complete hex nut kit (4) wheels	set	**89.95**
CH24689	Complete "Knock-off" kit (4) wheels	set	**179.95**

Cragar Forged Alloy S/S Wheel

STARTING AT
$214.95
NEW!!

The new forged alloy Cragar S/S wheel retains the timeless styling of the original S/S wheel, but utilizes the most up-to-date manufacturing techniques. Because Cragar uses a 6061-T6 forged, one-piece aluminum center, the S/S is incredibly strong, yet lightweight; approximately half the weight of the original steel rim/die-cast center S/S wheel. Using forged centers combined with modern machining, the S/S clears most large-diameter disc brake systems. The forged alloy S/S wheel comes with a brilliant polished finished that shines like a mirror. With the multitude of diameters and widths available, from 15-inchers up to 18s', from 6-8" wide, the new forged alloy Cragar S/S wheel will give your A-body timeless styling with the modern look.

CH24729	15" x 6" (3 1/2" B.S)	each	**214.95**
CH24730	15" x 7" (3 1/2" B.S)	each	**224.95**

Note: The Cragar Forged Alloy S/S wheel must use 60-degree, conical seat OEM-type lug nuts.

Cragar Superlite FX

STARTING AT
$189.95
NEW!!

The Cragar Superlite FX wheel has a classic look with high strength. Using 6061-T6 aluminum alloy forgings and CNC-machining, these wheels are some of the toughest, yet lightweight, wheels made today. Giving the Superlite FX a custom-made appearance is the beautiful rolled lip on the rim edge and the highly polished finish with its brilliant shine. Available in 15-18" diameters and 6-8.5" widths, these wheels will work with most of the high-performance tires and brake systems available today, giving your A-body that "just right" look. The wheels come with push-through center caps, but lug nuts must be purchased separately. Get a set of Cragar Superlite FX wheels today!

CH24705	15" x 6" (3 1/2" B.S)	each	**189.95**

CH24693	(4) 7/16" open end nuts w/washer	set	**14.95**
CH24691	(1) aluminum replacement push through cap	each	**9.95**
CH24692	(4) Chrome sleeve pull-thru valve stem	set	**5.95**
CH25794	Chrome bolt-in valve stem (4 pack)	set	**7.95**

Note: The Superlite FX wheel must use a 1.75" long shank x 0.745" diameter duplex lug nut with a 1.27" O.D. x 0.165" thick washer.

Cragar Superlite II

STARTING AT $144.95 NEW!!

With its leading-edge manufacturing processes and great looks, the Cragar Superlite II is intended for street and drag racing use only. Made from cold forged aluminum alloy, these tough, high-strength wheels come with a brilliant, fully polished finish for terrific looks. There are 8 vent/lightening holes to keep your brakes cool and the wheels lightweight. They come in a 15-inch diameter and 6-8" rim widths. The Cragar Superlite II wheel has just the right look for your A-body street/strip machine. Push-through center caps come with the wheels, while lug nuts have to be purchased separately.

CH24715	15" x 4" (2-1/4" B.S)	each	144.95
CH24716	15" x 5" (3-1/2" B.S)	each	159.95

CH24719	15" x 7" (4-1/2" B.S)	each	164.95
CH24720	15" x 8" (4-1/2" B.S)	each	169.95
CH24684	(4) 7/16" x 20 closed end w/washer	set	10.95
CH24685	(4) 7/16" x 20 open end w/washer	set	10.95
CH24691	(1) aluminum replacement push through cap	each	9.95
CH24692	(4) Chrome sleeve pull-thru valve stem	set	5.95
CH25794	Chrome bolt-in valve stem (4 pack)	set	7.95

Note 1: The Superlite II wheel must use a 1.310" long shank x 0.687" diameter mag-style lug nut with a 1.27" O.D. x 0.165" thick washer.

Note 2: The Superlite II wheels are engineered and intended for normal street use and drag racing as specified. The factory warranty will become void if used on any type of sports racing, road race, solo, 4-wheel drive, off-road, tow applications and/or on vehicles exceeding 4800 lbs. GVW or the use of 31" or taller tires.

Cragar Drag Star FX

STARTING AT $189.95 NEW!!

Using a 6061-T6 aluminum forging as a basis for this wheel, Cragar has CNC-machined the ultimate drag racing-look wheel for the street with the Drag Star FX. Because this wheel uses the best in materials, it's high in strength and is light in weight and comes in a variety of widths (6-8.5") and diameters (15-18") for all the latest tires. Utilizing the latest manufacturing techniques, the Drag Star FX will clear most all of the large-diameter brake systems available, and with the open spokes of the Drag Star FX, will show off those brakes nicely. The wheels come with a brightly polished finish and a push-through center cap, but lug nuts must be purchased separately. For the ultimate in a street/drag race wheel, get the Cragar Drag Star FX.

Mcgard Lug Nuts

CH25936

NEW!!

$7.95

McGard lug nuts have superior features compared to others available on the market today. Some of these superior features include the following: Core integrity and precision machining to provide the highest strength lug nuts in the industry. All McGard lug nuts meet or exceed the hightest OEM proof load standards, 135,00 to 160,00 PSI. Every lug nut is through-hardened and tempered for maximum strength and durability. The lug nut seat, or bearing surface, has 30% more precise tolerances than OEM, which ensures a more even clamping and load distribution when a wheel is tightened up, whether it's steel or aluminum. A McGard-specific steel is used in the U.S.A.-manufacture of all McGard lug nuts. With a triple-layer nickle chrome plating process, McGard lug nuts are guaranteed for life against rusting. These are some of the reasons McGard Lug Nuts are considered the best in the world. And they're available for a variety of applications, including OE, street, and racing.

McGard Wheel Lock Sets

K24003
Pictured

STARTING AT
$4.95

McGard wheel locks are far superior compared to other wheel locks available on the market today. Some of these superior features include the following:
Core integrity and precision machining to provide the highest strength lug nuts in the industry. All McGard wheel locks meet or exceed the highest OEM proof load standards, 135,00 to 160,00 PSI.
Every wheel lock is through-hardened and tempered for maximum strength and durability.
The wheel lock seat, or bearing surface, has 30% more precise tolerances than OEM, which insures a more even clamping and load distribution when a wheel is tightened up, whether it's steel or aluminum.
A McGard-specific steel is used in the U.S.A. -manufacture of all McGard wheel locks. With a triple-layer nickel chrome plating process, McGard wheel locks are guaranteed for life against rusting.
The steel collar guides the key on to the lock and holds it in place, making it much easier to install and remove the lock.
The computer-generated lock key designs allow for an infinite number of lock key patterns, and the narrow key pattern groove resists tampering with the lock.
These are some of the reasons McGard Wheel Locks are the Original Equipment wheel locks for over 30 different car lines and are considered the best wheel locks in the world. And they're available for a variety of applications, including OE, street, or racing.

Disc Brake Caliper Wrench

$3.95

This 3/8" hex-head Allen wrench makes it easy to remove brake calipers on all GM cars.

CVT0703 ..... each **3.95**

Bleeder Screw Wrench

$7.95

This bleeder screw wrench has two ends with two different sizes! 3/8" and 5/16" will work with all GM models that have front ball joint suspension (also works on any rear suspension). Both ends have a special vent hole for fluid seepage. Designed with required length and angle for easy use.

CVT0276 ..... each **7.95**

Disc Brake Caliper Socket

STARTING AT

$3.95

If you want to use your socket wrench to break your disc brake calipers loose then here's what you need, a special hex Allen socket designed to easily remove GM caliper bolts.

CVT0706 5/16"(8mm) hex..... each **4.95**
CVT0704 3/8" hex..... each **3.95**

Drum Brake Adjuster Spoons

$6.95

The 7" spoon is for use on cars with narrow brake drum slots (found on most late model cars 1978 and newer).

CVT0272 7" spoon..... each **6.95**

Drum Brake Spring Plier

$19.95

This plier designed by and for professional brake mechanics has many special features. Thin, narrow points help to "pull-on" springs while the other spoon-shaped end can be use to remove or install difficult springs. This is one tool that no home mechanic should be without.

CVT0267 ..... each **19.95**

Hub Cap Tool

Avoid costly damages, use the correct tool!!

$24.95

With this hubcap tool you can avoid costly damage to original and aftermarket hubcaps and trim rings. The tip is designed to get behind the edge of the cover more easily for removal while the other side has a rubber head that is backed up by just the right amount of weight for replacing caps and rings.

CVT0127 ..... each **24.95**

Wedges & Separators

$19.95

These powerful tools are manufactured from a single piece of drop-forged, alloy, heat-treated steel. All of these tools are designed to separate stubborn parts with ease. For use on ball joints, tie rod ends, pitman arms and idler assemblies.

CVT0022 tie rod end..... each **19.95**
CVT0190 ball joint..... each **19.95**
CVT0191 pitman arm..... each **19.95**

Radiator Hose Tool

$11.95

This tool is designed for easy radiator and heater hose removal. Inserting the pointed tip between the hose and the outlet allows the hose to be "broken loose" for removal.

CVT0736 ..... each **11.95**

Door Panel Remover

$9.95

This perfectly balanced, alloy forged tool is a must for every GM car. Attached to a comfortable plastic handle, this instrument removes door panel clips in just a few seconds without damaging panels.

CVT0053 ..... each **9.95**

Lock Plate Remover

$20.95

This tool simplifies the removal and installation of the round wire snap ring which retains the steeringwheel lock plate. Use with either standard or tilt type wheels. A great time saver.

CVT0745 ..... each **20.95**

Harmonic Balancer Puller

$24.95

This puller is designed to remove balancers, vibration dampers, pulleys and gears with tapped holes. The four slots in the yoke allow use of this tool in either two- or three-hole applications. The removable floating swivel prevents damage to shaft ends. Included are the necessary size screws with washers; three 3/8"-24x2", three 5/16"-18x2", two3/8"-16x4", three m8x1.25x80mm. Forged from alloy steel and packaged in a plastic pouch.

CVT0189 ..... each **24.95**

Harmonic Balancer Installer

$39.95

A must to properly install balancers or drive pulleys that are pressed onto the crankshaft. Includes instruction for use.

NOTE: Use with Pt# CVT0189 remover for best results.

CVT0388 ..... each **39.95**

Molding Clip Remover

$9.95

Used to remove molding clips on all American cars. Tool lays flat on glass and slides under moldings to find clips and release their grip. A must for saving hard to find or sometimes non-replaceable moldings.

CVT0039 ..... each **9.95**

Flange Type Axle Puller

$89.95

This axle puller helps removes stubborn axles and hubs on most domestic cars. Features a 5-1/4 lb. slide hammer that helps make the job easier. When working on rear axles, make sure to remove your C-clips first.

CVT0498 ..... each **89.95**

Pulley Puller

$54.95

This tool is designed to give you positive pulling power to remove pressed on, one or two groove pulleys from alternators and power steering pumps (will also remove alternator bearings). No loose parts on this tool to get lost or misplaced. The jaws fit over any edge & are locked into position by thumb screws. The center pressure screw produces a powerful, equally distributed pulling force.

CVT0192 ..... each **54.95**

Door Handle Clip Removers

STARTING AT

$4.95

Two to choose from, one is economical and will make handle removal easy without damaging upholstery. The other has longer, thinner, stronger jaws that make it the most efficient door handletool on the market.

CVT0035 ..... each **7.95**

GTW0016 ..... each **4.95**

Tailpipe Expanders

STARTING AT
$39.95

These work great to straighten out clamp dents or to install your new OPG or Flowmaster exhaust system. Two sizes to choose from, part# CVT0257 fits 1-1/2" to 2-7/16" or part# CVT0258 fits 2-1/8"

CVT0257 ..... each **39.95**
CVT0258 ..... each **64.95**

Pitman Arm/Tie Rod Puller

$39.95

Leave your hammer in the tool box when using this pitman arm/tie rod puller. Just slip it over the knuckle and crank down the heavy center screw to remove a stubborn tie rod end.

CVT0194 ..... each **39.95**

Brake Spring Compressor

$9.95

This tool is used for compressing brake shoe retainers and springs. Will work on most domestic drum brake cars.

CVT0269 ..... each **9.95**

Power Steering Pump & Alternator Pulley Remover/Installer

$99.95

A two-in-one tool to remove and install both power steering and alternator pulleys. Works on most domestic automobiles.

CVT0195 ..... each **99.95**

Front Coil Spring Compressor

$99.95

This tool is perfect for installing new front coils. This tool fits inside the spring, then drops through the lower shock mount after tension is released.

CVT0510 ..... each **99.95**

Dust Cap Removers

$24.95

These dust cap pliers feature wedge shaped jaws for a powerful grip. Makes removing dust caps a snap.

CVT0282 ..... each **24.95**

Pitman Arm Puller

$39.95

This is a heavy-duty design that does not require the use of a hammer when working on your suspension. Fast and easy, works great in tight fitting areas.

CVT0186 ..... each **39.95**

Rear Coil Spring Compressor

$79.95

This is the safest way to compress rear coil springs. The outside clamp design works well in the limited space near the rear axle.

CVT0512 ..... each **79.95**

Disc Brake Pad Spreader

$12.95

The disc brake pad spreader makes changing brake pads quick and easy. The spreader compresses inner pad, resetting piston into caliper.

CVT0702 ..... each **12.95**

Nut Splitting Tool

$34.95

Do you have rusted or corroded hardware? This nut splitting tool will save you a lot of time while working on your classic. Will fit up to 1/2" automotive grade or 7/8" hardware grade nuts.

CVT0183 ..... each **34.95**

Pick-Up Installation Tool

$39.95

The pick-up install tool is the only way to properly press in the oil pump pick-up. This tool will install up to 3/8"-diameter tubes safely.

CVT0359 ..... each **39.95**

Stud Remover/Installer

$34.95

This 1/2"-drive stud remover and installer works on studs ranging from 1/4" to 3/4". Roller assembly grips like a pipe wrench.

CVT0019 ..... each **34.95**

Pro Crankshaft Turning Sockets

STARTING AT

$34.95

When slipped on the end of a crankshaft, these specially designed sockets let you use a 1/2" drive ratchet or breaker bar to rotate the engine assembly. Our sockets also have the unique feature of a provision to hold our degree wheels or any wheel with a 1" or larger center hole. The knurled retaining nut actually sandwiches the degree wheel and holds it in place. This can then be loosened while on the crank snout so that you can turn the degree wheel independent of the engine which is really handy when finding the TDC.

CH25813 ..... each **34.95**
CH25814 ..... each **36.95**

NOTE: CH25813 (SB & V6 Chevy 1.255" ID w/ 3/16" keyway). CH25814 (BB Chevy 1.610 ID w 3/16"keyway

Seal Puller

$9.95

Save your screw drivers for driving screws! This seal puller easily removes many sizes of seals by use of two different tips.

CVT0490 ..... each **9.95**

Crankshaft Socket

STARTING AT

$24.95

These 1/2"-drive crankshaft rotating socket makes turning the rotating assembly a quick an easy project.

CVT4086 SB..... each **24.95**
CVT4087 BB..... each **26.95**

Camshaft Installation Handle

$34.95

Our unique camshaft installation handle makes easy work of installing or removing your camshaft. It's hex design handle provides good leverage as well as a firm non-slip and stores all necessary hardware inside. This tool will save you time, pinched fingers and nicked cam bearing.

CH25817 ..... each **34.95**

NOTE: CH25817 V6 & V8 (except hydaulic roller)

Pilot Bearing Puller

$44.95

This puller works great for pilot bearing, starter and generator bushings or any other small bushings and bearings. The jaws on the bearing puller have a range of 1/2" to 1-1/4", to help assist all of your light-duty pulling needs.

CVT0031 ..... each **44.95**

Universal Cam Bearing Installation Kit

$299.95

Our Universal Cam Bearing Installation Kit is the best available to cleanly and accurately install or remove cam bearings from any engine block. With a range of 1.125" to 2.690", this tool should handle any size or make of engine you encounter. The kit's five expanding mandrel's are neoprene covered to protect the inner surface of the bearings. A centering cone and extension rod are also included in the fitted plastic case.

CH25820 ..... each **299.95**

Bearing Greaser

$12.95

This cone-shaped greaser packs up to 11"-dia. bearings and will work with all GM front wheel bearings. Includes zerk fitting attachment.

CVT0853 ..... each **12.95**

Valve Spring Compressor

$54.95

This heavy-duty, but compact design, allows for access in confined areas. Spring compressor can be used with hand knob or by 5/8" wrench or socket.

CVT0573 ..... each **54.95**

Oil Pump Primer

STARTING AT

$19.95

When priming the oil pump on a new or rebuilt engine will help prevent premature wear. Simply attach a drill motor to this tool and spin to prevent a dry-start on your new high-dollar mill.The Pro models have a top alignment collar. Also includes a bushing to pressurize the upper valve train.

CVT0996 Oil Pump Primer..... each **19.95**
CH25821 Oil Pump Primer w/ bushings each **32.95**

Note 1: CVT0996 will fit all GM V8's.
CH25821 fits all Chevy V8's, and 90-degree V6's.

Hand Bearing Packer

$44.95

There is no need for a grease gun using this bearing packer. Simply place a bearing into packer (fits up to 2"-diameter bearings), push the lid on and out comes a freshly packed bearing.

CVT0852 ..... each **44.95**

Rocker Arm Oil Deflectors

$11.95

Keep that oil where it belongs when adjusting your rocker arms with this set of 16 stamped steel oil deflectors. This set includes convenient metal plate that attaches all 16 clips for better storage.

CVT0018 ..... set **11.95**

B&B Crank Turning Wrench

$39.95

For the novice or pro engine builder, this crank turning wrench will make the job of rotating the engine assembly easier due to its long length, therefore greater leverage. Made from aluminum and hard anodized, this tool works with the B&B crank turning nuts, having a 1-3/4" or 2" hex.

CH24373 2" hex..... each **39.95**

Piston Ring Install Pliers

$13.95

Using the proper tool to install piston rings will help reduce breakage while increasing safety. Pliers feature adjustable slide to prevent over expanding.

CVT0564 ..... each **13.95**

$15.95

These washers are made from copper and allow any plug to be indexed for a particular cylinder to gain piston dome clearance or align plug gap for maximum flame travel and power. Produced in 0.010-, 0.021-, and 0.032-inch thickness for 14mm tapered seat plugs, and 0.043-, 0.054-, and 0.064-inch versions for 14mm flat plugs. Each set comes with 30 washers.

CH24352	tapered seat - 5/8" hex.....	set	**15.95**
CH24353	standard flat seat.....	set	**16.95**

B&B Engine Covers/Bags

$2.95

These 4-mil-thick plastic bags will protect any engine against dirt and moisture. Large enough to accomodate an assembled big-block motor, even with headers mounted. These sturdy covers are ideal for storing or transporting motors.

CH24410 engine cover..... each **2.95**
CH24411 storage bag for heads/crank..... each **2.95**

B&B Crank Turning Nuts

$14.95

A handy tool for racers and engine builders alike during engine assembly or anytime crank assembly rotation is necessary. Slip on crank snout before installing a degree wheel and you have a hex surface for an open end wrench or our crank turning wrench.Available for small- and big-blocks.

CH24371 V8 or V6..... each **14.95**

B&B Blow-By Gauge

$119.95

The blow-by meter is the only effective way to measure piston ring sealing with the engine running. This gauge measures the escaped combustion gases that have passed by the rings and results in a pressure build up in the valve covers. This easy-to-read meter can be used to check the blow-by while the engine is in the car or mounted directly to a dyno.

CH24357 1-105 CFM Air..... each **119.95**

B&B Cylinder Leakage Tester

$99.95

This tool gauges an accurate percent of leakage readings for quick cylinder and combustion chamber evaluation. It features a large 3-1/2" dial and comes complete with a 4-ft. hose, an 18" quick disconnect hose extension, and 2 chrome-plated adapters for 14mm & 18mm spark plug threads.

CH24356 ..... each **99.95**

B&B Feeler Gauge Set

$13.95

This deluxe feeler gauge is compact in design, yet it's large 3" blades allow for positive clearance measurements from 0.0015"-0.035". It also includes one 0.010" brass blade. 32 measuring blades in all.

CH24355 ..... each **13.95**

Compression Gauge

$18.95

2 1/2" color dial, 300 psi + 0-21 kg scales.

L220066 ..... each **18.95**

Miller Spectrum Thunder Plasma Cutter

With built-in compressor

$999.95

The Miller Spectrum Thunder plasma cutter includes a built-in piston-driven air compressor, making it an "out-of-the-box" plasma cutter. Capable of a maximum cut of up to 1/4" steel, yet weighs only 40 pounds. The Spectrum Thunder is an excellent plasma cutter for the home hobbyist needing to cut sheet metal and auto body parts. Other features include the Constant Pilot Arc Control to minimize tip burnout, In-Rush Current Control Circuit, ICE-12C torch, 2 electrodes, 2 tips, 15' work cable with clamp and a 10' power cord with 115V plug.

L201368 ..... each **999.95**

NOTE: This item is OVERSIZE and requires an additional freight charge of $14.95.

Millermatic 130XP Mig Welder

Weld up to 3/16"-thick

$599.95

The Millermatic 130XP is designed to maximize performance, yet stay simple to use right out of the box. The wide range of outputs range from 30-130 amps. Four taps and wire feed tracking offer control similar to infinite voltage control. Welds materials up to 3/16"-thick. The industrial-quality braking system uses 4- and 8-inch spools, and adapts for 1-lb spool. Includes 7' power cord with plug, 10' 10A Miller MIG Gun and cable assembly, 10' work cable with clamp, Factory installed gas solenoid valve, extra tips, sample spool of flux cored wire, 1-lb spool adapters and set-up/operation video tape.

L201386 ..... each **599.95**

NOTE: This item is OVERSIZE and requires an additional freight charge of $14.95.

Miller Spectrum 300 Cutmate Plasma Cutter

Versatile power source

$1299.95

The Spectrum 300 Cutmate is an economical plasma cutter for work on all conductive metals including mild steel up to 3/8", aluminum to 1/4" and stainless steel up to 5/16". At 42 pounds this plasma cutter packs a lot of performance. The versatile power source adapts to your shop by operating from either 115-or 230-volt AC power. Includes ICE-25C torch, 15' work cable with clamp, 10' power cord with 115 VAC, 20A plug and an easy-to-connect, built-in gas/air filter and regulator with extra protection.

L201369 ..... each **1299.95**

NOTE: This item is OVERSIZE and requires an additional freight charge of $14.95.

Millermatic Challenger 172 Mig Welder

$719.95

The compact, portable Millermatic Challenger 172 welder delivers a maximum output of 170 amps. Ideal for maintenance, auto body and fabrication. The 4-tap design provides easy set-up, just set the tap using the voltage switch and adjust the wire speed, the Challenger automatically sets the correct voltage. The industrial-quality braking system uses 4- and 8-inch spools and adapts for 1-lb. ncludes 6.5' power cord with plug, 10' 10A Miller MIG Gun and cable assembly, 10' work cable with clamp, factory installed gas solenoid valve, extra tips, sample spool of flux cored wire, 1-lb spool adapters and set-up/operation video.

L201387 ..... each **719.95**

NOTE: This item is OVERSIZE and requires an additional freight charge of $14.95

Millermatic Mig Welder MM-135

$629.95

Great for home or light shop use. Operates on 115V and uses .024-.035" gas wire or .030-.045" fluxcore (non-gas wire). Capable of welding 3/16", 24-gauge mild steel. Comes with: power cord/plug, 10-ft. gun and cable assembly, 10-ft. ground dual gauge regulator with hose, sample spool of.024" wire and factory installed contactor & gas solenoid.

CH22068 Millermatic 135..... each **629.95**

NOTE: This item is OVERSIZED and requires an additional freight charge of $14.95.

Lincoln SP-135T Mig Welder

Wire feed

$499.95

Designed for: .023"-.030" solid wire or .035" fluxcore. For welding 24-gauge through 1/4" steel with adjustable heat & wire speed controls. Compact, lightweight, portable 120-volt AC unit. Great for the home do-it-yourselfer. Package includes gun with 10' cable, ground clamp with 10' cable, regulator & hose, 2-lb spool .025" wire and a 3 yr. warranty on parts and labor.

C220156 ..... set **499.95**

NOTE: This item is OVERSIZED and requires an additional freight charge of $14.95 each.

Millermatic 185 Mig Welder

Welds 22-gauge to 3/8" - thick steel in a single pass

$999.95

Offering up to 185-amp output, this welder is designed for semi-industrial applications. Offering excellent arc performance on thin and medium gauge metals, with a smooth arc throughout the amperage range. This unit welds materials from 22-gauge up to 3/8"-thick in a single pass. Industrial-quality braking system accomodates wire spools up to 12" in diameter, wire sizes include solid or stainless steel .023-.035, flux cored .030-.045 and aluminum .030-.035. The optional Spoolmate 185 spool gun is rated at 150-amps, 60% duty cycle, is excellent for pushing soft aluminum wires and includes a 20' cable assembly.

L201388 230 VAC unit..... each **999.95**

NOTE: This item is OVERSIZE and requires an additional freight charge of $14.95.

Port-A-Torch Gas Welding Kit

With cylinders

$369.95

This fully portable gas welding set contains all the quality parts needed for cutting, welding and brazing in a rugged, molded plastic carrying case. This set is capable of cutting to 1", welding to 1/16".

Wheel Mist Wheel Cleaner

$6.95

Wheel Mist and Wheel Mist Multi-Purpose provide ultimate cleaning power without the need of intense scrubbing, just spray it on and hose them off. Multi-purpose mist is perfect for clear-coated, anodized or polished wheels while the regular mist is great for cleaning chrome and rough cast aluminum. Remove brake dust, road film, dirt, oxidation and more. Use Wheel Mist regular for any hard to clean metal surface.

MP05922 multi-purp 22-oz..... each **6.95**
MP05822 regular 22-oz..... each **6.95**

Upholstery & Carpet Cleaner

$7.95

The only product safe and effective on all automotive fabrics. Cleans leather, velour, carpets, cloth, vinyl and sheepskin covers. Foam spray cleans surface without soaking in. Lightly scented to leave your car smelling great and beautifully clean.

MP05400 13-oz..... each **7.95**

Chrome & Glass Cleaner

$4.95

This cleaner-protector is perfect for windows inside and out, as well as mirrors, wheels and chrome trim. Wipe it on, let it dry and wipe it off. Leaves surfaces clean and streak free. Protection agents resist smears and fingerprints. Safe for black chrome and show quality chrome plating.

MP05200 7-oz..... each **4.95**

California Gold Car Wash

STARTING AT

$4.49

This ultra-sudsing car wash is designed to wash away dirt, road film, bugs, bird droppings, and other contaminants. Detergent action easily dissolves and washes away dulling film and surface dirt. Exclusive ph balanced formula will not remove wax and resists water spotting.

MP05600 16-oz..... each **4.49**
MP05632 32-oz..... each **6.95**

Mothers Preserves Interior Protectant

$8.95

Beautifies and protects vinyl, leather, urethane, rubber and plastic. Penetrates and bonds to seal in protection and block out harmful light rays and contaminates. It does not leave a greasy film, but makes surfaces smooth, dry and supple. Lightly scented.

MP05301 16-oz..... each **8.95**

Mothers Bug, Bird & Tar Wipes

$6.95

Need a fast, easy and convenient way to clean those bug splats, bird droppings and tar spots off your vehicle? This modern formulation is paint friendly and works wonders on all types of natural and man-made splats and spots.

CH24865 30 wipes..... each **6.95**

Mothers Tire & Rubber Cleaner

$6.95

Any dirty and neglected rubber surface can benefit from a good cleaning. Modern chemistry makes it safe and effective to use on any surface. Clean your tires and rubber trim prior to applying dressings and gels for that professionally detailed look.

CH24869 22-oz..... each **6.95**

Mothers Preserves Protectant

STARTING AT

$6.95

Preserves and protects for 30 days. Available in traditional spray-on liquid or ready-to-use wipes. Constructed to recondition and maintain the original condition and appearance of dashboards, vinyl, bumpers, trim, tires and more. Ozone and smog resisting, UV shielding penetrant; a preservation agent that works on just about any uncoated plastic or rubber.

CH24866 wipes..... each **6.95**
MP05301 spray liquid..... each **8.95**

Mothers California Gold Paint Chip Repair

$13.95

Using touch-up paint alone is not enough to restore paint chips. Used in conjunction with Mothers Gold Paint Chip Repair, you can remove those blobs of touch-up paint, leaving the surface perfectly smooth and looking like new.

CH24868 ..... KIT **13.95**

Mothers Billet Metal Polish

$13.95

State-of-the-art cleaners and cutting edge formulation give your billet, forged and finely cast aluminum, brass and other polishable metals the absolute finest shine available.

CH24853 4-oz..... each **13.95**

Magic Duster

$19.95

This revolutionary product will clean your car with a simple wipe of the soft brush with special compound agents that never dry out. When there's no time for a wash or detail, this is it.

TCA5500 ..... each **19.95**

Der Wash Stuff

$9.95

Clean all vehicles, upholstery, wheels and other surfaces needing a wash with this liquid soap with it's no-streak formulas. Mix with one or two capfuls to a gallon of hot water. For fabric stains and heavy brake dust, use 50/50 mix. Wipe your vehicle dry after application to shine the surface.

C220284 ..... each **9.95**

Der Vinyl Stuff

$12.95

This scented cream cleans and protects porous surfaces. Clean all rubber moldings, emblems, plastic bumper guards, door guards, dashes, leather seats, bras, vinyl tops, mats, and other surfaces that have old wax build-up or have faded. Contains no drying agents that can crack or dry out surfaces. Saturate a small sponge, allow to dry and wipe off with a cotton towel.

C220281 ..... each **12.95**

Der Leather Stuff

$13.95

This high-tech leather conditioner is made for use on all natural leathers. Will not crack or dry out surfaces. Der Leather Stuff contains moisturizers to keep all leather looking new and smells like natural leather. Saturate a small sponge, work the product into the leather, cleaning the pores as well. Wipe dry for a natural luster.

C220283 ..... each **13.95**

Der Shiney Stuff

$17.95

This is a Super Gloss Polish for that "wet look". For properly cleaned surfaces after using either Der Tuff or Der Real Stuff. Apply to all paint, glass or chrome. May be applied to all non-porous surfaces to shine and protect. This is a milky liquid that is applied to the surface in either the sun or shade and may be simply wiped off to a smooth finish that will shine for up to 18 months.

C220280 ..... each **17.95**

Der Tire Stuff

$12.95

This is a European cream that cleans and preserves all types of tires and rubber. This special cream has no dying agents that can crack or dry the tires or rubber. Will not "fly" off your tires when you drive. Saturate a small sponge and rub into the surface. Buff to a satin finish with a cotton towel.

C220282 ..... each **12.95**

Der Real Stuff

$16.95

Der Real Stuff is a creamy, non-abrasive cleaner and polish. If the surface of your vehicle is less that one year old and has light oxidation, tar, tree sap, bird droppings, gas stains or other impurities use Der Real Stuff first. This formula is used to clean and polish the surface at the same time. May be used to protect all surfaces such as window tint, plastics, plexiglass, and all paints. May be applied with a buffer or by hand and wiped off with a cotton towel.

C220279 ..... each **16.95**

Der Tuff Stuff

$16.95

Der Tuff Stuff is a creamy, non-abrasive cleaner for badly oxidized surfaces. If the surface of your vehicle is over one year old, has oxidation or road grime and is getting dull or if you are rubbing out fresh new paint, use Der Tuff Stuff. Designed to remove heavy oxidation, paint overspray and other impurities and make your surface smooth. A coat of Der real Stuff or Der Shiney Stuff must be applied after this step. May be applied with a buffer or by hand.

C220278 ..... each **16.95**

Der Mist Stuff

$9.95

Use Der Mist Stuff for a super-gloss spray and shine. Use on properly cleaned surfaces as a final shine. Easily removes minor road film and dust, while maintaining the shine from use of Der Real Stuff and Der Shiney Stuff. Makes an excellent dusting spray. Removes dust without scratching and remains anti-static and shiny.

C220275 ..... each **9.95**

Der Lube Stuff

$9.95

This super-slippery liquid is primarily used in conjunction with Der Clay Stuff. Spray the surface, keeping it wet. At the same time use a portion of Der Clay Stuff and rub it into the surface until it becomes smooth. Together they will remove all overspray, minor scratches, oxidation, pits, and fallout.

C220276 ..... each **9.95**

Der Combo Gift Pack

$74.95

Includes the following:

(1) Der Tuff Stuff
(1) Der Real Stuff
(1) Der Shiney Stuff
(1) Der Tire Stuff
(1) Der Wash Stuff
(1) Der Vinyl Stuff

C220277 ..... KIT **74.95**

Der Clay Stuff

$14.95

This non-abrasive surface preparation bar removes paint imperfections, scratches, fallout, and rough oxidation. Spray Der Lube Stuff or Der Wash Stuff mixed with water, onto surface of area to be prepared. Using light hand pressure, rub Der Clay Stuff over area. Wipe area with dry cloth.

C220272 ..... each **14.95**

Der Microfiber Towel & Polish Mit

STARTING AT

$8.95

The Der Polishing Towel is 16" x 16" and washable. Great for use on glass, paint, marble, gold, gelcoat, household and dusting. The polishing Mitt is great for taking off wheel dust or applying Der Tire Stuff.

Por-15 Blackcote

Glossy black coating

STARTING AT
$23.95

A permanent black glossy coating designed for application over painted or unpainted metallic surfaces. Non-sensitive to UV light, highly flexible and non-porous. Extremely scratch & chip resistant & strengthened by exposure to moisture.

C220224	1-pint	each	**23.95**
C220225	1-quart	each	**39.95**

Por-15 Chassis Coat Black

Pint or quart

STARTING AT
$23.95

CHASSIS COAT BLACK is a smooth, satiny semi-gloss black finish that duplicates original frame suspension and firewall finish used by U.S.manufacturers.

C220214	1-pint	each	**23.95**
C220215	1-quart	each	**39.95**

Por-15 Metal Ready

STARTING AT
$16.95

METAL-READY provides the best adhesion on any surface, including aluminum and shiny polished metal surfaces. The simple one-step process gently etches metal, creating an ideal anchor pattern for coating such as POR-15, while simultaneously leaving a zinc phosphate film to promote chemical bonding of paint and steel. After thoroughly degreasing your work piece, apply enviromentally safe, METAL-READY to both neutralize any rust and etch clean bare metal. This will allow better adhesion of POR-15 or any other paint or coating. METAL-READY is not caustic, corrosive, toxic or flammable. **Application:** ***removes surface rust in minutes, insures perfect paint adhesion, coats metal w/zinc phosphate, provides perfect base for all paints, gives better welding conductivity without harmful residues and is reuseable.***

C220219	20 oz. spray	each	**16.95**
C220220	1 gallon	each	**28.95**

Por-15 Rust Preventative Paint

Available in pint, quart or gallon

STARTING AT
$22.95

Stop rust permanently with POR-15. Unlike ordinary paints, POR-15 is designed to be coated right onto rusty surfaces, leaving a beautiful, rock-hard finish that wont crack chip or peel. Use it to coat a rusty frame, floor and trunk pans. The secret lies in the POR-15 curing process. Unlike paint , POR-15 cures by drawing moisture from the atmosphere. Paint, on the other hand, cures through the process of solvent evaporation through pores. Those same pores allow microscopic amounts of air and moisture to gradually reach the surface of the painted metal. POR-15 doesn't have those pores, and thus moisture and oxygen cannot reach the metal surface, and therefore no rust can occur. Eliminate stone chips while your at it. POR-15 is so tough, that some folks describe it as "Powdercoat in a can". Use it on your chassis and you'll be surprised at how little effect gravel roads have on the finish. Furthermore, POR-15 is very flexible and can withstand much twisting and bending without cracking. Use POR-15 on anything you want to protect permanently from rust, stone chips, or other common paint failures.
Available in: Black, gray, and silver.

C225800	1-pint	each	**22.95**
C225900	1-quart	each	**31.95**

C220222	1-quart (semi-gloss)	each	**31.95**
C220223	1-gallon (semi-gloss)	each	**95.95**

Por-15 Marine Clean

Quart or gallon

STARTING AT
$6.95

MARINE CLEAN degreases in one application without leaving residues, noxious fumes or flammable solvents. No other cleaner works as fast or as well. It makes petroleum-based cleaners almost obsolete because MARINE CLEAN diluted with water 3,4,5, and even 10 times it's volume while remaining even more potent than other cleaners. MARINE CLEAN grease, oil, mildew, algae, musty odors, soap films, and wax. Before applying ANY rust preventative paint or coating, you must remove any oily film or residue. With MARINE CLEAN you can be absolutely certain of good adhesion. **Applications:** ***Engines, fuel tanks, frames, floor pans, suspension components, transmissions, rubber, nylon, vinyl, grease traps etc...***

C220216	1-gallon w/free spray bottle	each	**19.95**
C220217	1-quart	each	**6.95**

Por-15 Super Starter Kit

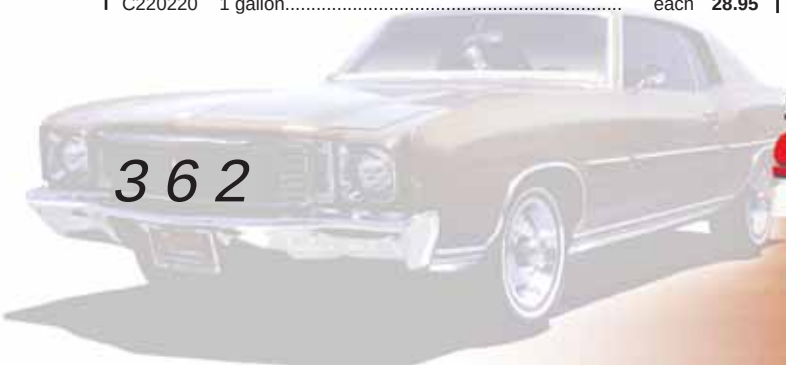

3-step rust stopping system

$17.95

You'll get a 4oz. can of POR-15 (enough to cover 12 sq. ft.), a 1/2-pint of MARINE CLEAN, a 1/2-pint of METAL-READY, two wooden handle paint brushes and a pair of special high dexterity surgical latex gloves. Available in: Black, clear, gray, semi-gloss black, and silver.

Por-15 Tie-Coat Primer

Quart or gallon

STARTING AT
$22.95

POR-15 TIE-COAT PRIMER was created as an "interlocking"primer for painting over top of POR-15 with any type of color of paint you choose. There's no need to ruff-up or de-gloss the POR-15 surface. Tough, yet sandable single polyurethane primer component with special adhesion characteristics that make it perfect for most painted surfaces. TIE-COAT primer is highly resistant to penetrating top coats like: laquers, enamels and two-component finishes. It also sands very smooth too...

C220210	1-quart	each	**22.95**
C220211	1-gallon	each	**54.95**

Por-15 Glisten PC

Super tough NEW clearcoat

ORM-D

$44.95

Coat your wheels, bumpers, and other bright work with GLISTEN PC, the toughest new clearcoat available anywhere. This revolutionary clearcoat won't yellow or fade and resists stone chips too.

C220227	1-quart	each	**44.95**

Por-15 Hardnose Paints

6 colors available

$44.95

Use POR-15 HARDNOSE PAINTS on frames & chassis and you'll be amazed at how well HARDNOSE paints hold up under conditions that would quickly destroy ordinary finishes. HARDNOSE paints are two-component finishes with long "potlife" so they're very easy and convenient to use. You'll have a beautiful finish that will never chip, crack or peel.
Available in: ***Blue, gray, green, orange, red and yellow.***

C225600	1-quart	each	**44.95**

Por-15 Stirling Silver

Pint or quart

STARTING AT
$24.95

STIRLING SILVER is a medium gloss silver that is used in same application as BLACKCOTE & CHASSIS COAT BLACK.

C220212	1-pint	each	**24.95**

Por-15 AP-120 Metal Prep

$10.95

Now achieve the ultimate clear finish on brightly polished metal. Designed exclusively for use with our super-tough, super-clear GLISTEN PC coating. AP-120 eliminates impurities and films that may be present, especially on chrome or polished aluminum finishes. Get the toughest, most beautiful clear coat available with AP-120 & GLISTEN PC.

C220107	20-oz.	each	**10.95**

Por-15 Steering Wheel Resto Kit

$89.95

This kit will enable anyone to restore a steering wheel to show-quality condition. Our step-by-step instructions were written by leading experts in steering wheel repair. You'll find the techniques you learn here useful in restoring other hard-to-repair items as well. Restore dash knobs, gear shift knobs, radio buttons, and other hard rubber, bakelite or plastic interior parts. Kit contains: ***POR EPOXY PUTTY, MARINE CLEAN spray cleaner, contoured sanding block, steering wheel sanding board, Red (360-400 grade) scuff pad, Gray (600-800) scuff pad, sandpaper, surgical gloves, tack cloth, Polyester Primer and surfacer w/hardener, spray bottle/cartridge for primer & enamel, high-gloss polishing compound, saw, file, drill bit and a detailed illustrated instruction book.***

C220233 ..... KIT **89.95**

Por-15 Floor Pan & Trunk Restoration Kit

$124.95

You can maintain the integrity of the structure with no ugly welded seams. Our easy step-by-step instructions make it simple to restore floor pans, trunk pans etc... You'll be amazed at how complete the kit is... Everything is at your fingertips. Kit contains: ***Metal Cleaner - METAL READY, POWER MESH - Reinforcing fabric, POR-15 (silver & black), POR EPOXY PUTTY, CHASSIS COAT BLACK, POR-15 SOLVENT, all brushes needed (4), safety face mask, latex gloves and dispensing scoop.***

C220232 ..... KIT **124.95**

Por-15 Engine Painting Kit

STARTING AT

$19.95

Buy this terrific kit and your shopping is done. It has everything you need to do a superior job. Included is step-by-step instructions needed to make sure you do it right. First the special engine cleaner gets rid of all dirt, grease and oil. Next, use the METAL-READY to dissolve rust and prep the metal. Now prime and rustproof your engine with regular POR-15. Lastly, topcoat with the POR-15 extra pigment engine enamel of choice all in one convenient kit. You won't believe the job you've done...permanently!

C225300 paint kit..... KIT **44.95**
C220206 1 pint black..... each **19.95**
C220207 1 pint aluminum..... each **19.95**

Por-15 Epoxy Putty

$23.95

It's so strong you can drill and tap it, yet gentle enough that you can apply it with your bare fingers. Since it's WATER BASED, you can simply wet your fingers and work it until it is almost perfectly smooth before it dries. Eliminating lots of sanding. But when it cures, it's ROCK HARD, making it perfect for repairing steel, plastics, concrete etc. Amazingly, it even sticks to damp surfaces and will cure underwater. Features: ***mixes like clay, hardens like steel, easy to use, cures in water, no measuring or weighing, stays in place & doesn't slump or sag, great insulator, malleable consistency, fill in anywhere, can be sanded, drilled, machined, sawed, & painted***

C220203 one-pound..... each **23.95**

Por-15 Dry-Air Spray Gun Filter

$9.95

Downstream moisture will ruin your spray job. Stop failures with our direct in-line filter at the gun. This great filter will absorb up to one (1) fluid ounce of moisture and insure a perfectly dry system from start to finish every time. It absorbs oil aerosols, condensed moisture and contaminants as small as .01 microns. It attaches directly to the air inlet of your spray gun and as air passes between the filter's compressed layers, particles and moisture are trapped. A must when spray painting POR-15.

C220201 one filter..... each **9.95**

Por-15 Power Mesh Reinforcing Fabric

$6.95

The most effective reinforcing fabric available. While most fabrics tend to bunch or bulge, POWER MESH lays flat, nicely, while you coat it with POR-15. It's perfect for repairing holes in steel, fiberglass wood or even many plastics. Use it to "bridge" holes in floors, trunk pans, or even quarter-panels. It's unbeatable when combined with POR-15 and POR Epoxy Putty.

Por-15 Auto Fuel Tank Repair Kit

STARTING AT
$16.95

FUEL TANK REPAIR is more than just pouring in a quart of sealer and sloshing it around. If gum, varnish, sludge, or fuel are inside, they must be removed first. Our U.S. STANDARD FUEL TANK SEALER, like all other sealers, will not work in a contaminated tank. Find out what the pros already know...get this FUEL TANK REPAIR KIT with everything you need to do the job right.

- TANK CLEAN to remove gum, sludge & varnish.
- METAL-READY to remove rust & prepare tank for sealer.
- U.S. STANDARD TANK SEALER to permanently seal tank.
- Fuel preservative & stabilizer to keep fuel fresh and fuel system trouble free. Detailed instructions.

C220241	.....	KIT	**54.95**

C220199	1-quart tank sealer.....	each	**24.95**

Por-15 Fuel Preservative & Stabilizer

$18.95

When fuel sits for days or weeks at a time it breaks down chemically. Bad fuel can cause problems in your fuel system When you pour FUEL PRESERVATIVE & STABILIZER in your tank, oxygen is chemically isolated (preventing oxidation) and corrosive compounds are neutralized (stopping rust formation). Our special dispenser bottle will measure exactly for you with no waste. Contains NO alcohol. Use 1oz. per 3 gallons for normal maintenance, or 1oz. per gallon to thoroughly clean your fuel system. Features: ***Keep fuel fresh for over 2 years. Cleans fuel lines in concentrated doses. Special container treats 96-gallons of fuel with no waste. Stops corrosion & prevents gum varnish formation.***

C220197	1-quart.....	each	**18.95**

Por-20

8-oz. or pint

STARTING AT
$17.95

Brilliant aluminum colored finish capable of withstanding temperatures up to 1400 degrees F, POR-20 is also extremely weather, salt and moisture resistant. Resists cracking, chipping and peeling. Brush it on or thin to spray. Application:
manifolds, headers & exhaust pipes.

Por-15 Artisan Metal Polish

$12.95

ARTISAN METAL POLISH is especially formulated for professionals and others that want a fast-acting yet gentle polish. Use it to quickly put a fabulous shine on chrome, aluminum, brass, steel, stainless, silver or any other bright metal surface. Try it on your car, truck, motorcycle, boat, brass fixtures, silverware, aluminum or chrome wheels and many other uses. You'll love the results and never use any other polish again.

C220245 4 oz. jar..... each **12.95**

Por-15 Por-Strip

Gallon & spray bottle

$31.95 ORM-D

POR-STRIP paint remover/stripper is a clear spray-on remover with the consistency of water. In sample testing POR-STRIP was the choice of professional auto strippers. A special chemical-resistant spray bottle allows you to use less and finish faster than brushing. Remove any coating from any surface without damaging window, glass, chrome or weatherstrip. POR-STRIP is non-acidic and will not harm aluminum or factory fiberglass.

C220244 1 gallon + spray bottle..... each **31.95**

Por Patch

Black or pearl (white)

$10.95

POR PATCH is quite literally POR-15 in a tube. Like POR-15 it dries as hard as a rock, remains flexible, and once dry it is totally impervious to fuels and solvents. It's so tough it may actually add strength to weakened metal. It won't absorb moisture and swell like conventional body fillers. Try it, it's incredible. Use it to:

Permanently seal seams, patch holes in steel, wood or plastic. Fix holes in fuel tanks.

C220242 black..... each **10.95**
C220243 pearl (white)..... each **10.95**

Por-15 Boss Gloss

Lasts for months, not days!

$10.95

BOSS GLOSS was created as the demand for a longer lasting vinyl and rubber protectant became apparent. What's the secret? Simple. Other companies put fewer solids in their products, which saves them costs and forces you to use more of their product more often. BOSS GLOSS took a different approach... putting more solids in our formula to provide you with a better product that works better and lasts longer. Compare for yourself.

C220246 8 oz. bottle..... each **10.95**

Por-15 Fire Seal 2000

Repairs and seals cast iron & steel parts

$10.95

Repairs and seals cast iron and steel parts. Withstands temperatures to 2000 degrees F. Repair cracks, pits or holes in exhaust manifolds, tailpipes, mufflers or other components subjected to high temps. while in use.

C220108 tube w/(2) 1 oz. pck..... each **10.95**

Por-15 Por Glo

8 oz. can

$10.95

POR-GLO is a brilliant clear coating that lasts up to one year. For exterior use only. Applications:

Vinyl Landau tops, bumpers, tires, vinyl & rubber trim.

C220247 8 oz. can..... each **10.95**

NOTE: Not intended for use inside of vehicle.

Ordering & Shipping Information

How To Order

Call Toll Free 1-(800)-243-8355
(Includes Alaska, Hawaii , Puerto Rico & Canada)
Our phone sales representatives are available to answer your questions regarding restoration and to take orders for merchandise six days a week. We accept VISA, MASTERCARD, AMERICAN EXPRESS and DISCOVER. You may also arrange to have your order shipped C.O.D. (See "Cash on Delivery" on this page for details). International Customers
Please Dial 1-(714)-230-6000 or Order By FAX 1-(714)-230-6050
Original Parts Group offers a convenient fax line for customers who have access to a fax machine. Our fax machine is available 24 hours a day, 7 days a week.
Using Order Blanks
Simply fill in the order form(s) provided in the back of this catalog. Money Orders, certified checks and charge cards are accepted. We recommend that you FAX your order blank for faster service when using a credit card, however all mail orders are processed the same day that they are received.
Http://www.gmrestoparts.com or simply **www.originalpartsgroup.com**
Check out our new world wide web page and virtual catalog. Order parts and accessories 24 hours a day on our secure server that utilizes the latest encryption technology.

Shipping Information

Air Express Next Day/2 Day/3 Day Select Delivery

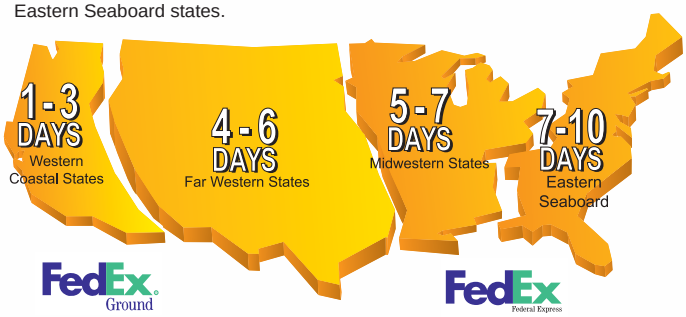

FedEx OVERNIGHT FedEx 2 DAY FedEx EXPRESS SAVER

You have **3 Options** of express delivery - "FedEx Overnight" delivers your merchandise the following business day. An average order shipping "FedEx Overnight" can be shipped for approximately an additional $24.95. "2 Day FedEx Express" on the average is an additional $12.95. "3 Day FedEx Express Saver" guarantees your merchandise delivered in 3 business days, and an average order is an additional $9.95. OPG also arranges for Guaranteed Saturday Delivery if so desired. A few exclusions apply: only available for in stock merchandise ordered before 11 AM. Items that need to be shipped by truck freight do not qualify. Shipment must be pre-paid on a credit card or certified funds prior to the order being shipped. **IMPORTANT NOTE: Due to weight, shipment freight pricing and freight lines may vary. Please phone our customer service desk for an accurate quote.**

Shipments Throughout The Continental U.S.

All Orders Processed Within 24 Hours

Most of our merchandise is shipped throughout North America via FedEx Ground, but we utilize a variety of convenient and cost effective shipping services. Typical ground service to all parts of the continental USA is between 1 and 3 days in the Western Coastal states, 4 to 6 days to the far Western states, 5 to 7 days to the Midwestern states, 7 to 10 days to the Eastern Seaboard states.

Oversized Box Shipment

Merchandise that can be shipped FedEx Ground but exceeds normal size standards is considered "OS" or "oversized". FedEx charges an additional fee for such oversized items. Therefore, it is necessary to pay an additional amount when purchasing parts that require oversized boxes. Some items in this catalog are considered "OS2" or "double oversized". These are items that must ship in boxes that exceed 108" inches in diameter. Special rates will apply for this type of shipment. Rates are listed on the enclosed order blank. FedEx Ground rates are subject to change without notice. Original Parts Group will ship your "OS" parts the most efficient way possible.

© Copyright 2003, ORIGINAL PARTS GROUP INCORPORATED, ALL RIGHTS RESERVED

Items Require Truck Freight Delivery

Products that require truck motor freight shipping are too large to be shipped by FedEx Ground. (Typically items such as Fenders, Hoods, Quarter Panels, etc) All orders requiring Truck Freight must be pre-paid. Rates begin at $150 minimum depending upon weight. Please contact your sales representative for freight charges to your area. NOTE: Freight carriers in use by OPG subject to change.

Foreign (International) Shipments

All international shipments including APO and FPO must be pre-paid in US funds by Bank Check or Credit Card. OPG regularly ships to other countries such as the UK, France, Australia, Switzerland, etc. Federal Express is used whenever possible. Shipping rates vary due to size and weight. Please call, write or fax for rates to your area. A $12.50 special handling fee will be added to all foreign orders. NOTE: International order sales are final.

Merchandise Return Policy

All merchandise that we offer is guaranteed against defects in workmanship and materials for 30 days from the date you receive it. Liability of OPG is limited to the replacement of defective parts. If you are unsatisfied with a product or purchase and would like an exchange, refund or credit, we ask that you do so within 30 days of receipt. Returns or exchanges not accepted after 30 days. All returns are subject to a 20% restocking fee. Each returned product must be in its original, unused condition. Customer pays freight on all returned orders. OPG will refund return shipping charges if at fault. Original GM products must be in their original packaging. Certain products are not returnable under any circumstances: Instruction and Informative Books, Special Orders, Odd Color Requests, Truck Freight Items (Fenders, etc.) Wiring Harnesses, All Electrical Parts, Engines, and Moving Internal Engine Parts. Also Interior Components that have been installed incorrectly are not returnable. Merchandise that has been altered or painted not returnable. Every return must be accompanied by the original invoice, and our "in-house" authorization. All returns must be pre-authorized, or OPG cannot accept the package. All returns are subject to damage inspection.

Shortage In Shipments

Always check the contents of your delivery thoroughly to assure all parts ordered were received. If you are missing any items(s) first check your invoice to be sure that the parts were not back ordered. (This could be why the product(s) are missing). If a shortage has occurred, then you must contact our customer service department within 3 days of receipt of shipment to insure a prompt replacement. Each shipment is measured by weight, so that we are able to pinpoint the missing merchandise by checking the weight of the shipment.

Cash On Delivery Policy

Your COD order must be shipped to a residential or business street address (not a Post Office box or APO-FPO). Someone must be present during normal business hours to accept the COD package and pay CASH. If no one is there to accept the order, we will be obligated to pay FedEx Ground for the freight charge both ways. We will no longer be able to accept a COD order from you until you reimburse OPG for the freight and a 20% restocking fee. We only accept COD orders by phone, so please call in your order using our TOLL FREE number. Sorry, COD orders do not qualify for free freight over $1000.00. Original Parts Group accepts COD orders up to $999.00 only. A FedEx Ground COD Collection charge of $9.95 will be added to all COD Shipment.

Damage Claims

Please inspect the merchandise in the presence of the carrier at the time of delivery. It is the responsibility of the delivering service (FedEx Ground, etc.) to deliver the merchandise in good condition. In the unlikely event that you receive a package that has been opened or damaged, it is imperative that the driver make a proper notation to that effect on their delivery sheet. You must report any and all damaged goods in shipments within 3 days of delivery. OPG cannot be responsible for damaged or missing parts unless you have made such a notation on the delivery sheet and contacted the delivering company personally. Please promptly phone our customer service office so we may assist you.

Insurance & Handling

IMPORTANT: This fee insures that the entire order (and any back ordered shipments associated with that invoice) will be covered with handling & packaging insurance in case of damage or loss during transit. A single charge of $4.75 will be added to your invoice. Insuring every order guarantees prompt, professional service if you need replacement of any damaged or lost parts.

Points For Parts Frequent Buyer Points

It Couldn't Be Any Easier!

IT'S EASY! No long forms to fill out, no statistical information to send in. If you have ever made a purchase or requested a catalog in your name, you are already enrolled into our Frequent Buyer Program. By placing orders for parts, you will be well on your way to collecting future discounts! It's our way of saying "Thanks" for shopping with Original Parts Group, the industry leader and your direct source for over 18 years.

We Appreciate Your Repeat Business

Members will be awarded one point for each dollar spent on the purchase of all merchandise, regardless of whether that merchandise is on sale or discounted. The frequent buyer number (customer number) must be provided by the customer at the time of purchase.

How Does It Work?

Purchase values will be rounded to the nearest whole dollar amount for the purpose of calculating points. Calculation will exclude freight/shipping charges, insurance and tax.

How Do I Use My Points?

It's simple! When you place an order, whether by phone, mail or fax, simply ask or specify that you would like to use your points. Your customer number (account) will be reduced by the amount of points required to obtain the desired discount. Remaining points will still be valid.

When Can I Begin Using My Earned Points?

Points can be redeemed 72 hours after invoiced points earnings for merchandise simply by requesting their usage upon any new purchase. Points will be added to your account immediately after your merchandise is purchased and accepted whether purchased in person or by mail order. It couldn't be easier!

Can I Get Cash Back?

Sorry, Frequent Buyer Points awarded have no cash value and are not redeemable for cash. Frequent buyer points are void if sold or exchanged for cash or other consideration.

What About Refunds?

In the event of refunds, checks returned for insufficient funds or disputed credit card charges, any points awarded will be deducted at a rate equal to those awarded in the original transaction. Points will be awarded for all purchases of parts or gift certificates.

We Keep Track (So You Don't Have To)

Our sophisticated computer system keeps continual track of your points and an entire history of your account. Just call one of our customer service representatives, they're available to answer your questions six days a week regarding how many frequent buyer points you have and what they are worth.

Original Parts Group reserves the right to cancel, modify or restrict the Frequent Buyer Program or any aspects of the program at any time with or without notice. Frequent Buyer Program available only to our retail mail order and showroom customers.

Points may be revoked at any time: any abuse of the program, failure to follow any terms of the program or any misrepresentation may cause a revocation of Frequent Buyer Points.

Frequent buyer points shall be recorded by OPG and be deemed correct as reflected in OPG's computerized records.

IMPORTANT: The purpose of the Frequent Buyer program is to reward Original Parts Group's loyal customers. This program was created as simply another way to show our appreciation for your business. Any Frequent Buyer Account number that has no purchase for a period longer than one year will be considered an inactive customer, and all Frequent Buyer Points accumulated on that Account will be terminated. Accounts cannot be combined.

50% FREIGHT DISCOUNT!

Size of order unlimited to qualify
Excludes oversized & truck freight items

DISCOUNT POINTS

100 Points	CATALOG SUBSCRIPTION/1 Yr. FREE
250 Points	Free OPGI T-Shirt

Ordering & Shipping Information

How To Order

Call Toll Free 1-(800)-243-8355
(Includes Alaska, Hawaii , Puerto Rico & Canada)
Our phone sales representatives are available to answer your questions regarding restoration and to take orders for merchandise six days a week. We accept VISA, MASTERCARD, AMERICAN EXPRESS and DISCOVER. You may also arrange to have your order shipped C.O.D. (See "Cash on Delivery" on this page for details). International Customers
Please Dial 1-(714)-230-6000 or Order By FAX 1-(714)-230-6050
Original Parts Group offers a convenient fax line for customers who have access to a fax machine. Our fax machine is available 24 hours a day, 7 days a week.
Using Order Blanks
Simply fill in the order form(s) provided in the back of this catalog. Money Orders, certified checks and charge cards are accepted. We recommend that you FAX your order blank for faster service when using a credit card, however all mail orders are processed the same day that they are received.
Http://www.gmrestoparts.com or simply **www.originalpartsgroup.com**
Check out our new world wide web page and virtual catalog. Order parts and accessories 24 hours a day on our secure server that utilizes the latest encryption technology.

Shipping Information

Air Express Next Day/2 Day/3 Day Select Delivery

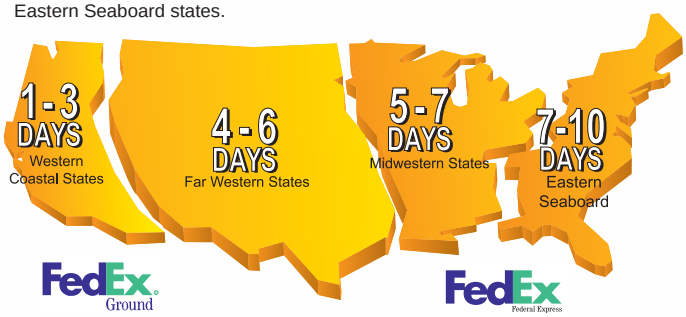

FedEx OVERNIGHT FedEx 2 DAY FedEx EXPRESS SAVER

You have **3 Options** of express delivery - "FedEx Overnight" delivers your merchandise the following business day. An average order shipping "FedEx Overnight" can be shipped for approximately an additional $24.95. "2 Day FedEx Express" on the average is an additional $12.95. "3 Day FedEx Express Saver" guarantees your merchandise delivered in 3 business days, and an average order is an additional $9.95. OPG also arranges for Guaranteed Saturday Delivery if so desired. A few exclusions apply: only available for in stock merchandise ordered before 11 AM. Items that need to be shipped by truck freight do not qualify. Shipment must be pre-paid on a credit card or certified funds prior to the order being shipped. **IMPORTANT NOTE: Due to weight, shipment freight pricing and freight lines may vary. Please phone our customer service desk for an accurate quote.**

Shipments Throughout The Continental U.S.

All Orders Processed Within 24 Hours

Most of our merchandise is shipped throughout North America via FedEx Ground, but we utilize a variety of convenient and cost effective shipping services. Typical ground service to all parts of the continental USA is between 1 and 3 days in the Western Coastal states, 4 to 6 days to the far Western states, 5 to 7 days to the Midwestern states, 7 to 10 days to the Eastern Seaboard states.

Oversized Box Shipment

Merchandise that can be shipped FedEx Ground but exceeds normal size standards is considered "OS" or "oversized". FedEx charges an additional fee for such oversized items. Therefore, it is necessary to pay an additional amount when purchasing parts that require oversized boxes. Some items in this catalog are considered "OS2" or "double oversized". These are items that must ship in boxes that exceed 108" inches in diameter. Special rates will apply for this type of shipment. Rates are listed on the enclosed order blank. FedEx Ground rates are subject to change without notice. Original Parts Group will ship your "OS" parts the most efficient way possible.

© Copyright 2003, ORIGINAL PARTS GROUP INCORPORATED, ALL RIGHTS RESERVED

Items Require Truck Freight Delivery

Products that require truck motor freight shipping are too large to be shipped by FedEx Ground. (Typically items such as Fenders, Hoods, Quarter Panels, etc) All orders requiring Truck Freight must be pre-paid. Rates begin at $150 minimum depending upon weight. Please contact your sales representative for freight charges to your area. NOTE: Freight carriers in use by OPG subject to change.

Foreign (International) Shipments

All international shipments including APO and FPO must be pre-paid in US funds by Bank Check or Credit Card. OPG regularly ships to other countries such as the UK, France, Australia, Switzerland, etc. Federal Express is used whenever possible. Shipping rates vary due to size and weight. Please call, write or fax for rates to your area. A $12.50 special handling fee will be added to all foreign orders. NOTE: International order sales are final.

Merchandise Return Policy

All merchandise that we offer is guaranteed against defects in workmanship and materials for 30 days from the date you receive it. Liability of OPG is limited to the replacement of defective parts. If you are unsatisfied with a product or purchase and would like an exchange, refund or credit, we ask that you do so within 30 days of receipt. Returns or exchanges not accepted after 30 days. All returns are subject to a 20% restocking fee. Each returned product must be in its original, unused condition. Customer pays freight on all returned orders. OPG will refund return shipping charges if at fault. Original GM products must be in their original packaging. Certain products are not returnable under any circumstances: Instruction and Informative Books, Special Orders, Odd Color Requests, Truck Freight Items (Fenders, etc.) Wiring Harnesses, All Electrical Parts, Engines, and Moving Internal Engine Parts. Also Interior Components that have been installed incorrectly are not returnable. Merchandise that has been altered or painted not returnable. Every return must be accompanied by the original invoice, and our "in-house" authorization. All returns must be pre-authorized, or OPG cannot accept the package. All returns are subject to damage inspection.

Shortage In Shipments

Always check the contents of your delivery thoroughly to assure all parts ordered were received. If you are missing any items(s) first check your invoice to be sure that the parts were not back ordered. (This could be why the product(s) are missing). If a shortage has occurred, then you must contact our customer service department within 3 days of receipt of shipment to insure a prompt replacement. Each shipment is measured by weight, so that we are able to pinpoint the missing merchandise by checking the weight of the shipment.

Cash On Delivery Policy

Your COD order must be shipped to a residential or business street address (not a Post Office box or APO-FPO). Someone must be present during normal business hours to accept the COD package and pay CASH. If no one is there to accept the order, we will be obligated to pay FedEx Ground for the freight charge both ways. We will no longer be able to accept a COD order from you until you reimburse OPG for the freight and a 20% restocking fee. We only accept COD orders by phone, so please call in your order using our TOLL FREE number. Sorry, COD orders do not qualify for free freight over $1000.00. Original Parts Group accepts COD orders up to $999.00 only. A FedEx Ground COD Collection charge of $9.95 will be added to all COD Shipment.

Damage Claims

Please inspect the merchandise in the presence of the carrier at the time of delivery. It is the responsibility of the delivering service (FedEx Ground, etc.) to deliver the merchandise in good condition. In the unlikely event that you receive a package that has been opened or damaged, it is imperative that the driver make a proper notation to that effect on their delivery sheet. You must report any and all damaged goods in shipments within 3 days of delivery. OPG cannot be responsible for damaged or missing parts unless you have made such a notation on the delivery sheet and contacted the delivering company personally. Please promptly phone our customer service office so we may assist you.

Insurance & Handling

IMPORTANT: This fee insures that the entire order (and any back ordered shipments associated with that invoice) will be covered with handling & packaging insurance in case of damage or loss during transit. A single charge of $4.75 will be added to your invoice. Insuring every order guarantees prompt, professional service if you need replacement of any damaged or lost parts.
