

Welcome To Original Parts Group

We've Expanded (Again) Into A New 2-Acre Facility To Better Serve You!

Largest Inventory Anywhere

The first home of the Original Parts Group was located in Anaheim, California and was approximately 1200 square feet. That was over 19 years ago and since then we have moved six times, always going to larger and larger facilities to expand our product line and improve our customer service. Our newest facility is located on over 2 acres (90,000 square feet), making it the largest operation in the United States devoted exclusively to GM A-body parts and accessories. There is over 50,000 square feet under roof, with a further 4,000 square feet under construction. We are located on Bolsa Ave., a main thoroughfare in Huntington Beach, California, directly across the street from the southern California headquarters facility of the Boeing Corporation. With the operational capabilities we have in this enormous new building, we are able to pull, pack, and fill orders for shipping with unparalleled accuracy and speed. We would like to thank you, our loyal customers, for this explosive growth and support through the years. Be assured that we will continue to uphold Original Parts Group's company mission: To offer the finest reproduction and aftermarket parts and accessories for GM A-bodies at the very best prices anywhere. So, we would like to say.... *Thank you very much for shopping at Original Parts Group.*

- OM = Original Equipment Manufacturer (usually General Motors)
- PG = Powerglide
- PS = Power steering
- REPRO = Aftermarket reproduction designed to original GM part specification
- RR = Rear
- SB = Small-block engine
- STD = Standard (non-SS or non-high performance)
- TH = Turbo Hydramatic shift transmissions
- 4-SPD = 4-speed transmission
- Left (or LH) = Driver side of vehicle
- Right (or RH) = Passenger side of vehicle

SHOWROOM HOURS:

Monday through Friday 8:00AM to 5:00PM
Saturday 10:00AM to 3:00PM
We're closed on Sunday and Major U.S. Holidays

Restoration and Performance Catalog

Quality Reproductions

At Original Parts Group, we pride ourselves on offering only the highest quality restoration parts and accessories. Our full-time research department ensures that all of our parts meet or exceed original factory specifications for quality and durability. Our company philosophy enables us to offer a "100% SATISFACTION GUARANTEE" policy on all parts.

Telephone Sales & Customer Service Hours

Order desk hours are (Pacific Daylight Time) 7:30AM to 5:00PM Monday through Friday, and on Saturday from 10:00AM to 3:00PM. Our showroom opens daily at 8:00AM and on Saturday at 10:00AM.

We're closed on Sunday and major U.S. Holidays. FAX 24 HOURS A DAY
You can FAX your order to us 24 hours a day, 7 days a week and always get the fast service you've come to expect at (714) 230-6050

Methods Of Payment

All major credit cards, money orders, and cashier's checks are accepted. We also accept any first party, preprinted personal checks. U.S Funds only, please. C.O.D. (Cash On Delivery) orders are also accepted to anywhere in the continental U.S.

Customer Service Representatives

Original Parts Group's customer service representatives are available to answer all your restoration questions and to take orders for merchandise six days a week. Please have your customer number ready (on your catalog above your name) when you call in. Find out how many frequent buyer points you have, what they're worth, and if you have any credit to use. You can easily check on whether your parts and accessories were shipped, the date they were shipped, and an estimate of the date of delivery to your door.

IMPORTANT DISCOUNT QUALIFICATIONS:

To qualify for discount you must absolutely order all parts at one time (no exceptions). Sorry, personal checks do not qualify for discount (certified funds only). C.O.D. orders are not eligible for discounts either.

Special Note:

Volume Discount pricing cannot be used in conjunction with any other special promotions, sales, or discounts! **TRUCK FREIGHT AND OVERSIZED FedEx GROUND ITEMS NOT FREIGHT FREE.**

General Information

Credit Cards

You may place your order using VISA, MASTERCARD, AMERICAN EXPRESS, or DISCOVER. When placing your credit card order, be sure to include your name as it appears on the card, the entire card number, the date of expiration, and the security code located on the back of VISA, MasterCard, Discover and the front of American Express. **IMPORTANT:** We must be able to verify the shipping address as the credit card holder's. Minimum credit card purchase is \$20.00.

Money Orders & Cashier's Check

Money orders, cashier's check and certified checks are accepted. On pre-paid mail orders, this is the fastest method of insuring that your order is processed as quickly as possible, usually within 24 hours.

Personal Checks

To use a personal check or business check on pre-paid orders, the name, address, and check number must be pre-printed on the check. Only first party checks will be accepted. All orders paid by personal check are held 20 business days pending check clearance. If you are mailing your order and need the parts in a hurry, we recommend sending a money order, cashier's check, or paying by any of the major credit cards that we accept.

Prices

The prices in this catalog were in effect at the time of printing, and supersede all prices in any previous OPG publication. OPG reserves the right to change prices without notice. Availability of all parts and accessories in this catalog subject to change without notice. OPG reserves the right to discontinue products, services, and accessories without notice.

Back Orders

Many items in our giant inventory move quickly, and rarely are we out of stock on any items for any length of time. Over 90% of all items that are out of stock at the time you place your original order are in within 5 days. We maintain a sophisticated back order tracking system in our computer that automatically ships any items due to you when they become available. Normally, back orders take as little as 5 days to receive, but can take as much as 30 days. For an estimated time of arrival, call our customer service department at 1-800-243-8355.

Sales Tax Information

Orders outside California are exempt from California State Sales Tax at the time of this printing. California residents are required to add sales tax. Due to the periodic unforeseen changes in the California Sales Tax and Federal Interstate Tax System, rates are subject to change. The current California State Sales Tax at the time of this printing is 7-3/4 %.

*See our Ordering and Shipping Information page in the back of this catalog for shipping information, merchandise return policy, and important additional Original Parts Group policies.

Cragar Rod 50 FX Wheel

STARTING AT

\$184.95

These "clean" looking wheels are manufactured from forged, not cast, 6061-T6 aluminum alloy. The wheels come standard with a fully CNC-machined center and a highly polished, smooth finish. The center caps do not come with the wheels, so you'll have to order either a polished hex nut center cap, or a 3-bar knock-off cap. They're available individually or as a 4-piece kit. The Cragar Rod 50 FX wheel has fitments for all the latest big-brake systems and tires to give your A-body the "look".

CH24686	Hex nut cap w/Cragar medallion.....	each	24.95
CH24687	3-Bar "Knock-off" w/Cragar medallion.....	each	44.95
CH24688	Complete hex nut kit (4) wheels.....	set	89.95
CH24689	Complete "Knock-off" kit (4) wheels.....	set	179.95

Cragar Forged Alloy S/S Wheel

STARTING AT

\$214.95

The new forged alloy Cragar S/S wheel retains the timeless styling of the original S/S wheel, but utilizes the most up-to-date manufacturing techniques. Because Cragar uses a 6061-T6 forged, one-piece aluminum center, the S/S is incredibly strong, yet lightweight; approximately half the weight of the original steel rim/die-cast center S/S wheel. Using forged centers combined with modern machining, the S/S clears most large-diameter disc brake systems. The forged alloy S/S wheel comes with a brilliant polished finish that shines like a mirror. With the multitude of diameters and widths available, from 15-inches up to 18's, from 6-8" wide, the new forged alloy Cragar S/S wheel will give your A-body timeless styling with the modern look.

CH25794	Chrome bolt-in valve stem (4 pack).....	set	7.95

Note: The Cragar Forged Alloy S/S wheel must use 60-degree, conical seat OEM-type lug nuts.

Cragar Superlite FX

STARTING AT

\$189.95

The Cragar Superlite FX wheel has a classic look with high strength. Using 6061-T6 aluminum alloy forgings and CNC-machining, these wheels are some of the toughest, yet lightweight, wheels made today. Giving the Superlite FX a custom-made appearance is the beautiful rolled lip on the rim edge and the highly polished finish with its brilliant shine. Available in 15-18" diameters and 6-8.5" widths, these wheels will work with most of the high-performance tires and brake systems available today, giving your A-body that "just right" look. The wheels come with push-through center caps, but lug nuts must be purchased separately. Get a set of Cragar Superlite FX wheels today!

Wheels

Cragar Superlite II

With its leading-edge manufacturing processes and great looks, the Cragar Superlite II is intended for street and drag racing use only. Made from cold forged aluminum alloy, these tough, high-strength wheels come with a brilliant, fully polished finish for terrific looks. There are 8 vent/lightening holes to keep your brakes cool and the wheels lightweight. They come in a 15-inch diameter and 6-8" rim widths. The Cragar Superlite II wheel has just the right look for your A-body street/strip machine. Push-through center caps come with the wheels, while lug nuts have to be purchased separately.

STARTING AT

\$144.95

CH24715	15" x 4" (2-1/4" B.S.).....	each	144.95
CH24716	15" x 5" (3-1/2" B.S.).....	each	159.95

CH24692	(4) Chrome sleeve pull-thru valve stem.....	set	5.95
CH25794	Chrome bolt-in valve stem (4 pack).....	set	7.95

Note 1: The Superlite II wheel must use a 1.310" long shank x 0.687" diameter mag-style lug nut with a 1.27" O.D. x 0.165" thick washer.

Note 2: The Superlite II wheels are engineered and intended for normal street use and drag racing as specified. The factory warranty will become void if used on any type of sports racing, road race, solo, 4-wheel drive, off-road, tow applications and/or on vehicles exceeding 4800 lbs. GVW or the use of 31" or taller tires.

Cragar Drag Star FX

Using a 6061-T6 aluminum forging as a basis for this wheel, Cragar has CNC-machined the ultimate drag racing-look wheel for the street with the Drag Star FX. Because this wheel uses the best in materials, it's high in strength and is light in weight and comes in a variety of widths (6-8.5") and diameters (15-18") for all the latest tires.

STARTING AT

\$189.95

Utilizing the latest manufacturing techniques, the Drag Star FX will clear most all of the large-diameter brake systems available, and with the open spokes of the Drag Star FX, will show off those brakes nicely. The wheels come with a brightly polished finish and a push-through center cap, but lug nuts must be purchased separately. For the ultimate in a street/drag race wheel, get the Cragar Drag Star FX.

Note: The Drag Star FX wheel must use a 1.75" long shank x 0.745" diameter duplex lug nut with a 1.27" O.D. x 0.165" thick washer.

Cragar Drag Star II

The Cragar Drag Star II is made from 6061-T6 cold forged aluminum alloy and is intended for street and drag racing use only. These are high-strength wheels that come with a brilliant, fully polished finish for an outstanding appearance. There are 5 spokes with big vent holes to keep your brakes cool and keep the wheels light in weight. Available in 15-inch diameter and in rim widths from 6-8", the Cragar Drag Star II is the ideal wheel for your street/strip A-body. These wheels come standard with push-through center caps, with lug nuts needing to be purchased separately.

McGard Lug Nuts

NEW!

\$7.95

CH25936

McGard lug nuts have superior features compared to others available on the market today. Some of these superior features include the following: Core integrity and precision machining to provide the highest strength lug nuts in the industry. All McGard lug nuts meet or exceed the highest OEM proof load standards, 135,00 to 160,00 PSI. Every lug nut is through-hardened and tempered for maximum strength and durability. The lug nut seat, or bearing surface, has 30% more precise tolerances than OEM, which ensures a more even clamping and load distribution when a wheel is tightened up, whether it's steel or aluminum. A McGard-specific steel is used in the U.S.A.-manufacture of all McGard lug nuts. With a triple-layer nickle chrome plating process, McGard lug nuts are guaranteed for life against rusting. These are some of the reasons McGard Lug Nuts are considered the best in the world. And they're available for a variety of applications, including OE, street, and racing.

McGard Wheel Lock Sets

K24003
Pictured

STARTING AT

\$4.95

McGard wheel locks are far superior compared to other wheel locks available on the market today. Some of these superior features include the following: Core integrity and precision machining to provide the highest strength lug nuts in the industry. All McGard wheel locks meet or exceed the highest OEM proof load standards, 135,00 to 160,00 PSI. Every wheel lock is through-hardened and tempered for maximum strength and durability. The wheel lock seat, or bearing surface, has 30% more precise tolerances than OEM, which insures a more even clamping and load distribution when a wheel is tightened up, whether it's steel or aluminum. A McGard-specific steel is used in the U.S.A. -manufacture of all McGard wheel locks. With a triple-layer nickel chrome plating process, McGard wheel locks are guaranteed for life against rusting. The steel collar guides the key on to the lock and holds it in place, making it much easier to install and remove the lock.

The computer-generated lock key designs allow for an infinite number of lock key patterns, and the narrow key pattern groove resists tampering with the lock.

These are some of the reasons McGard Wheel Locks are the Original Equipment wheel locks for over 30 different car lines and are considered the best wheel locks in the world. And they're available for a variety of applications, including OE, street, or racing.
